

To some of us, you have been "Dad", to others you have been the first person we saw when we woke up in our seven AM class. You have challenged us during A&P and tied our brains in knots in Chemistry. But through it all, you have done whatever you could to help us reach our goals. I must say, it wouldn't have been the same without you. Thank you for supporting us. Mr. Youngberg, we dedicate this yearbook to you.

DEDICATION

Ending the Millennia

Columbus discovered America, Edison the lightbulb, and Gates the monopoly of the computer industry. There have been many important events this millenia, man on the moon, and probably sliced bread. What will Fletcher Academy remember the most? The math teacher? The student down the hall? The graduating class of 1999?

As the new leaders of the world emerge with high expectations the infant millenia awaits their command. Whether it be to conquer new worlds, or simple the ever advancing technology of the time, these leaders stand ready. Prepared to go where none have gone before with Christ as their leader.

And hopefully in tommorows millenia we won't forget sliced bread.

Moments of the

We all will have alot of extra work to do between now and then. I hope that I will get some sleep by then because if I don't I'm going to be really cranky, as if I'm not already. If not I'll be on the high of my so called life.

If I didn't have to eat the cafe food I might have enough energy to make it to my 6:50 AM class. I think there might be something on my nose because the dork in history keeps staring at me. I wish we could just go outside and play like we did in Kindergarden. You could appreciate this if you're as busy as I am. If you're not you can finish my English report due tommorrow or fix my failing Algebra grade. Better yet you can take my classes and take half of the load of pressure off my BACK.

Registration Handshake

The news school year has arrived! Registration begins, new and old are seen, first classes begin and jobs are assigned. Once again the warm fuzzy board begins to fill. Fear and excitement are in the air as students meet their new teachers. The

Fletcher Academy campus has once again come to life.

The new faculty line up to meet their new students and the old greet them with a smile. Old friends are reunited and new ones are made and this is only the beginning!

Anything Goes is the wildest most fulfilled event of the year. As the sun sets, the fun begins. Each class is to try to prove that they are the top and that they can survive. By the end of the night many of us had our share of MUD. Spectator or participant we all come out with memories to last a life time.

Alumni Weekend was a time for laughter, memories and fun. The campus opened it's arms to recieve old friends as the honored class of 1948, as well as others, returned. Present students did their share to welcome them and on Sabbath morning a long prepared concert of band and choir

was given. Come Saturday night, however, the gloves were off. The Alumni tried their best to challenge the FA students in their respective sports, but to no avail. The weekend concluded and the campus waits for the years in which we will be the alumni.

Below: It's a good thing we're getting out of classes for this. **Right:** The FA float is well in its way.

Apple Festival

The day began excitingly for Fletcher students. They worked feverously under the supervision of Mr. Bass, preparing the float for the annual Apple Festival parade. Enthusiasm mounted as the float took shape and the steel drums were mounted. Nothing could have prepared the steel band for the excitement of the crowds along the parade route. It was a proud day for Fletcher.

Work Program

For Fletcher Academy students school isn't just a full load of classes. Their daily schedule also includes working in various jobs to help pay the high price of a good christian education. There are a number of different job openings throughout the school, from jobs found just outside our school

like Fletcher Park Inn, Park Ridge Living Center and Homestead to jobs on Campus like the print shop, cafeteria, and the all time favorite - laundry. Being in the work place not only increases their knowledge, but also prepares them for the "Real World" after academy.

Fall Picnic

On your mark, get set, GO! The Fall Picnic began and the competitors anticipated what they had been training for. The action-packed events were spread out over three days, but what seemed to last a lifetime. At least for the competitors. Even after it was over everyone went home tired, but happy.

SA CHRISTMAS PARTY

The Christmas Party was a huge success!!! The SA officers transformed the Assembly Room into a Winter Wonderland. We had scrumptious finger foods, delightful Christmas delicacies, and soothing hot chocolate. The students played exciting games such as the "Couples Game"

and a bubble-gum contest. After the games, Santa made a surprise visit, just to take pictures with all of us! Then we all settled in to watch "Annabelle's Wish," a touching movie which reminded us of the spirit of Christmas. It was an enchanting evening!

The Start of the New Millenia

Hey Everybody! I just got told to write copy for this page and so I'm going to BS this just like I do every other writing assignment I ever receive. This goes out to all those teachers who thought I actually knew what I was talking about in all those essays they gave me on tests. Actually, I am just really good a picking up on one poing and expounding it until it sounds really convinc- ing and worth a good grade. However, since I am not receiving a grade on this little paragraph I don't really have any idea about how to go about BSing it. So now I'm going to resort to a few choice inside jokes from the class. Bonny... ;->

Saving the Best

Seniors! Well here we are, finally. I'm beginning to wonder how this all happened so quickly. I knew it was bound to happen someday, but I have a question. I just want to know how we got here? How each one of us has made it this far, it takes alot of hard work, determination, and trust in God, for everything to fall into place to get us to where we are today. Now that we are here what are we going to do? Many of us will go to college, some will go on a year's vacation, and others will head straight for the work place. I know that there are many things in our future, but this one year, all of us will hold special. The class of 1999, saving the best for last!!!!!!

The Faculty

As faculty of Fletcher Academy it is our goal to provide our students with a quality Christian education. Not only are we here to educate, but also to be parents, counselors, and friends. Sometimes it seems like a teacher's job is never done, but to see a young man or young lady grow and mature through four years of Academy makes it all worth while.

A Millenia of Service

There are many types of religion on the campus of Fletcher Academy. FAITH Ministries is the student run division of our campus ministries at Fletcher Academy. FAITH stands for Fletcher Academy In-progress Toward Heaven. The purpose of FAITH is to reach young people through young people and mentor students in church leadership positions. FAITH provides different avenues of spiritual involvement so as to meet the needs of Fletcher Academy's diverse student body. This is accomplished through five ministerial departments: Positive Encounters, Fletcher Youth Impact (FYI), Adventist Youth for Better Living (AYBL), Steps to Christ, and Remnant Drama Company. Positive Encounters is student-run worship services. FYI is outreach activities coordinated by students which involves activities such as visiting nursing homes, food drives, and clothing drives. AYBL promotes physical and emotional wellness through exercise of the body, mind, and soul. Steps to Christ is a small, personal, Bible study group where students can explore their spirituality in a small group setting. Remnant Drama Company is a group of young people who reflect the love of Christ through dramatic representation. There are also special events throughout the year, such as the Agape Feast, Pink Beds Outing, and Week of Prayer in which all the divisions of FAITH Ministries operate together to bring the students closer to God. FAITH Ministries encourages young people to find their own personal way to serve and witness for Jesus Christ.

REMNANT DRAMA COMPANY

This Year our theme for Drama, is "Jesus in the real world." We wanted to show through Christian Drama, that God can be real in your life. He is coming soon and we need to get ready.

This year we have learned that if you put your faith in God, He can do all things through you.

Sports are an important part of life at Fletcher. They give us opportunity to unwind after hard days at school and give us a chance to exercise in a fun, encouraging environment. Our year starts with flagball, then follows with co-ed soccer, basketball, volleyball, and ends with softball.

Clubs Bridging the

At Fletcher Academy Clubs are a major part of our classes but they are also part of our social lives. We usually join clubs because we want to. In our different clubs we take trips and enjoy the company of others who enjoy the activities that the club engages in. For instance in Band or Choir we all enjoy the music, or in annual we all want to be part of a great production. Sure the clubs we join may take a lot of time out of our day for practice or use class time, but everything is worth the glory in the end.

Valentine's Banquet

Every year the SA sponsors a Valentine's Banquet for the students. This year we went to the Olive Garden restaurant for the evening. Alden Ho took pictures of the festivities, along with all the people walking around with cameras of their own. We all had a great time and look forward to next year's Valentine's banquet.

It taught us our basic "hard-core" classes, it taught us teamwork, it taught us class spirit, but the most important thing Fletcher has taught us is the importance of a relationship with Jesus.
