# DEDICATION

While walking down the halls of the AD building it is not unusual to hear laughter coming from the school counselor's office. Peeking through the open door into the tiny office, you will often find several students in the room, lounging on the red couch or leaning against the door frame. Behind the desk sits Mrs. Henski, the much-loved staff member who has so often been referred to as a mother-figure on campus.

Through the past four and a half years that Mrs. Henski has been a part of the Fletcher staff family, serving as part of the Finance Office staff, the art teacher, girl's dean and school counselor, she has greatly and positively affected the lives of many students. Always complete with a smile and ready to give a hug, she never fails to brighten the day with her good humor. Ever ready with a practical joke, a teasing comment or a listening ear, she never fails to laugh with you over the little things in life, or hug you while you cry over the big ones.

We want to say thank you to Mrs. Henski for being not only a friend, but an all-around role model! Your presence on campus has changed many lives. Thank you for your dedication to Fletcher Academy!

THE

BIG

MAN

*Mr. Pottle*

**We Are** a result of the choices we make. This year you chose to spend your year here at Fletcher Academy. Because of this decision **We Are** further academically advanced from the time spent in classrooms and studying. **We Are** more socially developed from making new friends and building friendships that will last our lifetime. **We Are** closer in our spiritual walk with Christ from the countless hours spent in prayer and worshipping Him.

It has been my extreme pleasure to watch each of you as you grew spiritually, academically, and socially over this school year. It is because of students like you that Fletcher Academy exists. It is because of students like you that **We Are** a family, and because of you that **We Are** Fletcher.

Thankyou for helping to make Fletcher Academy what **We Are**,

Terry K. Pottle  
Principal

# Handshake

The Fletcher handshake is full of laughter, hugs, and obviously, handshaking. After not seeing classmates and best friends for the whole summer, it feels great to see everyone again! Anxiously we line up by grade and go around talking, hugging and handshaking. But that's not all, we also play entertaining games that help us get to know one another and grow as a school.

What did you think of handshake?

"It was funny, and everyone was nice!"

# Sabbath in the Mountains

Sabbath in the Mountains was relaxing and spiritual. Though the day was cloudy & cool, fun was had by all. It offered time to notice God's nature and realize how much He loves us; we realized how He deserves our praise. We sang songs and heard a wonderful sermon by Southern students. Also, we learned about this year's theme "Anchored".

Following a great worship time we were able to enjoy a great lunch and then head out for a nice hike!

# C L A S S S C R A M B L E

Everyone loves Class Scramble! This year Mr. Johnson did an excellent job calling out items, he especially loved to ask for some good old Duke memorabilia! During class scramble, anything can happen. Something as random as a shower cap can save your team from losing, bringing a mattress can get you points and making a paper airplane that flies the farthest could put you in the lead. All in all this years Scramble was a success!

## Boys Club Campout

Fall picnic is a once a year, week-long class-on-class event that happens around the second week of September. Preliminary games are played during the week before and all four classes compete against one another in flag football, the mile run, the 5k run, high jump, and many other events. Every year a good time is had by all, but this year was even better. Though some were injured, classes rallied together in an incredible show of support. The seniors behind their "Do Something", the juniors with "Let's Make History", the sophomores behind their "Ignite the Light", and the class of 2017 bearing their banner proudly. In the end the seniors lead the way, winning with the other three classes finishing in line behind them.

## Senior Dedication

Senior Dedication is the weekend the senior class is dedicated to God. The senior class comes together, looking forward to graduation. On Friday evening, following a powerful special music by Ana Chela, Sy Gallimore stood up and introduced the speaker, his father, Lyndon Gallimore. Mr. Gallimore spoke a very moving sermon, which encouraged the senior class to follow God, and reminded them to never give up. It was a great time for the seniors to come together and recognize that God has a purpose and plan for their lives. Seniors left feeling called for a God's purpose and united as a class.

## Alumni Weekend 2013

Alumni weekend is a time for old memories to be refreshed and new ones to be made. Fletcher graduates from years past come back "home" to Fletcher for a weekend to see and catch up with old friends and see how much Fletcher has changed in the years since they graduated. The weekend was a good mix of old friends and spirituality. There were excellent sermons from both Mr. Sam Lenore and Mr. John Neff. Also, we can't forget about the music, the academy music department provided music for Friday night vespers, Sabbath during church, and a concert in the LPC on Sabbath afternoon. All in all, it was a great weekend which was filled with good memories of the past, and experiences that became memories.

# SPIRIT

# WEEK

For one month, once a week every Tuesday, students have the option to dress out for a SPIRIT DAY. These fun and wacky days allow us to come dressed for whatever day it is (as long as it follows FA regulation of course :) This year featured Western Day, Pajama Day, Nerd Day, and Twin Day.

Hot apple pie, crisp fall leaves, warm hot chocolate, yes, fall has arrived! Every year, with the turning of the leaves the Fletcher family celebrates their annual Fall festival. Fall Festival is a time to come together, eat great food and share in some great laughs. This year there were great opportunities to pie a teacher, smash a car, get your face painted, and even throw someone in jail.

## Girls Club Banquet 2013

1920s  
Party

For this banquet, girls club officers worked hard and chose the theme "The Great Gatsby." Upon arrival, everyone showed up in their best twenties attire. From feathered headbands, bow ties, hats and the occasional cane, every student and faculty member looked absolutely stunning and fit the part. Students could partake in a photo booth, where their aged look was captured perfectly, giving them a memory to last a life time. The smell of Italian food filled the entire building as we lined up to get our dinner. This delicious meal was topped off richly with savory cheesecake. After that, the activities began! We played bingo, which triggered everyone to have a irreplaceable smile plastered on their faces, especially the winners! Following bingo, the lights were dimmed and we were entertained with five hilarious Pixar Short Films to conclude the night. Thank you Girls Club for giving us a banquet we will never forget.

# Campus Life

## What did you think?

I enjoy being able to swim, play games, and work out in our LPC.  
~Lauren Powell~

I enjoy playing sports on the field. I like the friendly competition our campus has.  
~Elijah Gallent~

I like hanging out in the student center, playing ping pong, pool, and just hanging out with my friends.  
~Richard Thomas~

Campus life is always fun when you have your friends around. We strive for our campus life to be very spiritual and influential for everyone. We have nice grounds that are maintained by our very own G-Crew. There are always a lot of activities and there is always time to make a good amount of memories on campus!

Even though some of our classes are long and the work is difficult, we endure them for our education. And even though we students are very hard to deal with at times, the teachers still put 110% into helping us with our education.

We, as students, are not just a part of Fletcher Academy. We belong to and are surrounded by a great community. So it is only fair that we take the time to get out there and give back. This year students went to various organizations to volunteer their time and talents to show the love of God. Some went to the Salvation Army, others to collect cans for Manna food Bank, and build for Habitat for Humanity. Our goal is always to show Jesus Christ through our actions!

# S.A. Christmas Party

'Twas three weeks 'fore Christmas and all through the school,  
 not a creature was still, not even the "cool"  
 The cookies were placed on the tables with care,  
 in hopes that the students soon would be there.  
 Soon they arrived, all ready to play,  
 the visions of cookies had plagued them all day.  
 Then out on the stairs there arose such a clatter,  
 We sprang from our classes to see what was the matter.  
 Away to the hallways we flew like a flash,  
 throwing open the doors and running so fast.  
 When what to our wondering eyes did appear?  
 But a mattress to slide down the stairs oh so near!  
 We slid down the stairs, we opened some presents,  
 We putted the golf balls and moved all the noodles.  
 We watched the old Grinch late into the night  
 'Til soon it was time to say *Merry Christmas to all, and to all a good night!*

What Was Your  
 Favorite Thing  
 About S.A.  
 Christmas Party?

"My favorite part was mattress sliding" -Jade Romelus

"I liked decorating the cookies" -Khan Pham

"I enjoyed playing the game pass the gift

# Christmas Performances

## Drama

Every year around Christmas time the school puts on a christmas performance that includes a play for friday night vespers put on by the Acts II team and concert featuring band, bells, and choir groups.

This years performances were no disappointment! Acts II staged a great play on Friday evening while Bells, Band, Choir, & 11th hour held their concert Saturday night.

What was your favorite song by choir?

The song was called "Sing," Tyler Hodges sang really bad, but made it really funny.

# Winter Olympics

Winter Olympics was an absolute hit this year. Every student participated in a friendly competition to see who could get the greatest combined score and win the title of "Winter Olympics Champions!" It was amazing to see every class unite together in order to be successful. Throughout the Olympics, everyone kept God as their main focus which made it the best Winter Olympics yet. Classes battled it out in the pool, on the basketball court, and in a myriad of strength and fitness tests. This year's basketball games were especially tight. The Sophomore girls put up a fierce fight, losing to the seniors by a mere point, while only a few days later the senior girls succumbed to the Juniors by a single point as well. The Freshman brought home prizes in jump-rope, while the sophomore's earned several ribbons in swimming events. In the end it was the Senior boys who walked away as basketball champions. All in all it was a fantastic time of friendship, competition, and overall fun.

# Winter Sports

Once the weather turns cold Fletcher students continue their intramural program in the LPC. From December to March students participate in volleyball and basketball intramurals. Each night two games are played as students as staff cheer from the sidelines.

Those who aren't interested in these sports have no shortage of options. With all the LPC has to offer, there is always fun to be had in the winter months!

# S.A Banquet

After much hard work and dedication, this years S.A. Banquet blew all the other banquets out of the water- literally! The theme for this banquet was a formal cruise ship "ball." Everyone got together their best outfits and met at the school to load the buses and start our journey down a long curvy road to our destination. The venue sat right on the water, offering an outstanding view of Lake Lure. After many pictures were taken in front of the beautiful scenery, it was time to eat! There was a huge variety of appetizers, main courses, and dessert and everything was delicious! Thanks to Gideon and Julio, some awesome games were played shortly after that left smiles on everyone's faces. Entertainment was presented to us by a magician named Hayden, who left us all in awe due to the mind blowing magic tricks he performed.

Without a doubt, this banquet was one of the best yet, and it would not have been possible without S.A. Thank you so much S.A for giving us a banquet we never will forget!

# Survival...

Senior Survival is definitely a trip to be both looked forward to and remembered. This year, Mr. Bass (with the assistance of Mr. and Mrs. Sigsworth and Mr. Carvill) drug 51 of the 52 seniors out into the "wilderness" at the base of Mount Mitchell in the North Carolina mountains. The campsite was nice, but no tents were allowed. Each senior was given a tarp and as much twine as they needed to build a shelter. Many seniors brough hammocks, but some of the girls chose to build makeshift tents out of tarps. While John Clayton slept in a rock in the river, and quite a few of the boys multiple times a day, in "camp".

# Senior Class Mission Trip 2014

This year for the senior class trip, the class of 2014 took off in an airplane at the end of January to their sunny destination of Belmopon, Belize. For 12 days and nights the whole class stayed at The Kings Children's Home, a local orphanage. Here they built a fence, a volleyball court, lead out in Teen Meetings, and put on a vacation bible school for the children there at the orphanage. There is no questioning that God wanted the Seniors in Belize, because He Himself preformed countless miracles to get them there, and while they were actually on the trip.

God blessed everyone involved with this mission trip. With the help of God, many of our seniors were able to come out of their comfort zones and do things that they are not usually comfortable in doing. For example, many students got up in front of the locals and told their testimonies, which would not have been successful if it was not for God.

One miracle of the trip that stood out the most was when Ethan Park lost his glasses in a swimming hole. After over an hour of Joel swimming to find them in the dark rushing water, God made the impossible, possible.

Without a doubt this trip changed many lives for the better. Although it was sad for us seniors to leave all of the new friends we made in Belize, we find happiness in knowing we will all reunite in Heaven one day very soon. Thank you to everyone who made it possible for this trip to happen!

# BIOLOGY TRIP

Biology Trip was both educational and an adventure. It took place during our September homelove, and though we didn't get to go home, we enjoyed spending time with our Fletcher family. We all learned alot about new and interesting things and had a great time making discoveries. Mr. Carvill had it all well planned out and we enjoyed going to the beach, kayaking in a lagoon, and hiking. All in all it was a great time in the wilderness!

"The trip was a fantastic time of learning, developing friendships and team building for the class. Although exhausting for all, the memories made will last a lifetime...even the hot, smelly bus on the way home. A highlight for me was seeing the students initiate and complete the entire Friday night vespers, themselves, in a public venue and witness to some bystanders afterward, whom had stopped to listen to the singing and testimonials and thoughts given by the students. A huge thank you to the staff and parent who came and the mysterious 'Bill Jarvis' for their help in making the trip successful."

# Band

The Fletcher Academy band is made up of a group of extremely devoted individuals. Getting up early enough to be in class and ready to play at 7:00 AM requires a lot of commitment! In addition, students are there for all the weekend concerts, like at alumni weekend, Christmas Concert, and church performances. Band requires a lot of time, but all the hard work pays off when we have an amazing performance and are greeted with the smiles and congratulations of those who enjoyed our music. Led by Mr. Green, who can be tough, but always pushes us to do and sound our best, Fletcher's band is very rewarding and a ton of fun!

# EXALTATION

Here at Fletcher Academy, students are always looking for ways to use their talents for Jesus. One option for students is our bell chior, Exaltation, led by Mrs. Betchley. Thirteen of Fletcher's finest musicians learn, practice, and perform a variety of songs. It is always a treat to hear them play for performances or church services. They produce beautiful music for the glory of God.

"Let us sing to the Lord;  
let us make a joyful noise  
to the rock of our salvation!"  
Psalm 95:1

Fletcher Academy's Choir provides an opportunity for students with god-given musical talents to join others who have the same gifts. Led by Mrs. Pettit, this year's choir has reached sensational heights--with some very powerful low basses too! They have performed at a variety of locations, from the nearby Hendersonville Church to touring North Carolina and even performing for our Senior Dedication and Christmas Program.

This year's choir will not be soon forgotten.

# AcTs II

Just as any other type of extra-irricular activity at Fletcher Academy, Drama, also known as AcTs II, takes a lot of hard work and commitment. Daily practices and rehearsals are a part of the work, but these members also have to devote hours of their time to memorize scripts. Once the rehearsals are finished and all the lines have been mastered they get a chance to stand on stage and perform in front of a live crowd. As any member will tell you, the thrill of a performance makes all the hard work worthwhile!

This year AcTs II performed two short skits during alumni weekend and then finished the semester with their Christmas play "Between the Giants," which reminded us all to apply Jesus to our lives not just at the giants of Christmas and Easter, but throughout the entire year.

# Leadership Conference

# Prayer Conference

This year Leadership Conference was held at Cohutta Springs Campground in Cohutta Springs, Georgia. Fifteen of our amazing leaders here on campus boarded the bus in September and began their way to leadership conference. While there, students were able to partake in many breakout sessions that taught them more about their specific field.

Twice a day they were enlightened by the speaking Steve Arrington, a former criminal. He taught them just what being a leader means to him through his life story. It truly was a blessing for everyone. All of the Fletcher leaders could not wait to come back to campus and share all of the things they learned while on leadership conference. It truly was one they will never forget.

This years Prayer Conference was held in High Springs, Florida at camp Kulaqua. There were about 20 Fletcher students who attended, along with hundreds of others from surrounding schools. We were able to learn about the wonderful gift of prayer, as well as being able to meet new people and make new friendships. Everyone who went can agree that it was a great experience and was very spiritually enriching. It was the revival that our spiritual lives all desperately needed and longed for. The theme that was presented to us was to "Keep Calm & Pray" because no matter what is going on in your life, it all can be solved through the power of prayer.

# Student Week Of Prayer

Student Week of Prayer was an absolutely amazing and spiritual event that happened on campus this year. Due to the snow storm not all the speakers got to speak in the same week; nevertheless, every student that spoke was a blessing straight from God. The theme this year was based on the fact that without God we are weak, but with Him we can overcome anything because of His power. We truly are weak and if it wasn't for His presence in our everyday lives we would not be able to even make it through the day. Our strength is found in God and because of Him, everything is possible.

"My grace is sufficient for you. My power is made perfect in weakness"  
2 Corinthians 12:9

# We Are...

This year at Fletcher, we had 17 faculty families that met regularly on Mondays, Wednesdays, and Fridays for a time of prayer and friendship. As the school year progressed, each faculty family began to develop a special bond with each of their members. In hopes to make this bond grow and last forever, yearbook put on its first ever Faculty Family Photo Contest! Each faculty family was to take one creative group photo and enter it in the contest. After a lot of hard decision making, the family that won the contest was Miss. Iuliano's family! They received a pizza party and the amazing honor of victory. Thank you to everyone who participated in this contest.

# Yearbook Staff

To the Yearbook Staff,

Thank you guys so much for being hard workers and helping to put this yearbook together. You all worked extremely hard, and I know that you spent hours outside of class taking pictures and putting together pages so that we could make this book great. I appreciate your time and dedication. Great job guys, the book looks great and I would say that it is something to be proud of!

A special thanks to Anna for all the times that you came through for me and did the things I couldn't finish for one reason or another. I know it has been somewhat stressful, but it's also been great fun working with you as my assistant editor.

Thank you Mrs. Stout for being such an awesome yearbook sponsor. Thanks for motivating us and putting up with all our craziness.

Each one of you should be proud of the work and time spent putting this book together. I hope that when you look through it, you can remember this year with a smile.

Your Editor,  
Courtney Gentry

## Congratulations, Sy!

Great job! We're celebrating your high-school graduation...and you!

Your love and cheerful spirit have blessed our family tremendously. What fun it has been to watch you grow - not only in height but in maturity, as you've developed into an awesome young man.

You have progressed from:

- Dunking a basketball atop Dad's shoulders to playing like a champ
- Our four-year-old "Xprt Yatze Playr" to one who enjoys more strategic games like Risk, Acquire, and Chess
- Matchbox cars to driving BMWs in a performance driving school and chasing a Ferrari down the street :-)
- A loyal Bucs and Magic fan to a loyal friend with a listening ear and encouraging words

You are a natural leader who draws people together and involves the whole team. You are fun, engaging, and have a good sense of humor - your dorm room often overflows with friends, food, stories and laughs. Yet, you also think deeply and have meaningful conversations with friends and people of all ages.

Your heart for and pursuit of God inspires us. With Him - and the same motivation and enthusiasm which led you to teach yourself to play the guitar and excel in academics/sports - there is no limit to what you can achieve! We watch with anticipation to see God's plans for your future unfold.

We are your family *team*...wherever God leads and whatever you tackle in life, we will be cheering you along the way!

### *We Love You!*

*Mom, Dad, Elesia, Jotham,  
Cassia & Austin*

My dearest Giselle,

I have been in love with you from the moment you lifted your head from my belly to look into my eyes minutes after you were born. Your sweet spirit and ability to connect with others was apparent even then and continues to shine through. You have brought joy and kindness to me and others your entire life through your friendly, caring, and thoughtful ways. Before you could speak you would "sing" your favorite songs with delight (and perfect pitch!) and as soon as you could formulate words you would say "Hi, what's your name?" to anyone as you hugged them or climbed into their lap. You never knew a stranger and you had a way of disarming even the most hardened heart. That is a gift from God! Your beauty is not only evident externally but is embedded deep in your heart, where it matters most. Proverbs 31:30 says "Charm is deceitful and beauty is vain but a woman who fears The Lord, she shall be praised." There is no greater joy for me as your mom than to know that you love and fear (respect) The Lord.

As you transition from high school to college, I know you will continue to grow as a mighty woman of God and you will be able to accomplish great things. I know that ALL things will work together for good in your life, even when rough times come and bad things happen, because you love God and you are called according to His purpose (Romans 8:28). I love you with all my heart, Giselle, and I'm so proud of who you are...your character, integrity, intelligence, compassion...all are reflections of the One who knit you together in my womb. You are a precious and treasured gift and I will be forever grateful that He gave you to me and our family. Now go "do something"...go change your world in ways only you can! I believe in you always and I am on your side!

Forever yours,

Mom

## CONGRATULATIONS, GISELLE!

Dear Jelly Bean,

You have always cared so much for others, and I notice the way you point toward Jesus with your actions and words. You are a blessing!!

You are well-prepared for the next step in your journey, and God will continue to bless you along the way. Never doubt that He has a plan for you, and that all the specialness he has placed inside of you is for the purpose of His glory. You are unique - fearfully and wonderfully made! I can't wait to see what He has in store for you!

I will always be here to listen, to help when I can, and to remind you how absolutely AMAZING you are! You have inspired me, and taught me so much. I am proud of you!

Love,

Dear Scot,  
Congratulations on your graduation! God has blessed you with many, many talents...intellectually, musically, and most importantly, spiritually. You have matured into a fine young man during the last four years at Fletcher. Keep your priorities straight going forward: God first, family and self second, work third. This balance and order will lead to a successful and prosperous God filled life. Remember that all you have is a gift from God. God is with you and will never leave you. Stay close to God and He will direct your path. We are proud of you!

And Scot, one last thing,

The Lord bless you and keep you Scot. The Lord make His face to shine upon you, to shine upon you and be gracious, and be gracious unto you. The Lord lift up His countenance upon you, and give you peace, and give you peace. Amen. In the name of the Father, and the Son, and the Holy Spirit. That's your blessing.

Mama loves you, Jesus loves you and Daddy loves you too!

Dear Courtney,  
Congratulations on reaching this milestone in your life. We never doubted that you could do it. We are so excited to see what the future holds for you. We know that you will do great things, but we will sure miss having you around next year. Always remember we will love you no matter what, and that with God, all things are possible.  
Love Mom and Dad

Dear Courtney,  
I couldn't ever wish for a better sister. No matter what decisions you make in your life, I will always be there for you., and I will never stop loving you.  
~Lydia

Querido Mirko,  
You have been the joy of our lives from the day you were born. God gave us His own Son, and then He gave us a son of our own. What an incredible gift! We treasure you above everything we have or have ever hoped to have on this earth. You have such an ability to see, understand, and do. We know you will be able to succeed and achieve all your heart desires, all you give yourself to do.

In all your doing we urge you to do what is right. We urge you to read the Bible daily, to seek and to know your Creator and Savior. Seek to know and do His will. Seek to follow Him and to serve Him and Him alone. In the end NOTHING else will matter. We love you and will love you always, No Matter What!! And will keep you before the Lord in our prayers daily, as long as we live.

Love,  
Mom and Dad.

Dearest Nathan,

We are so proud of the young man you are becoming. As you continue on with your life, our prayer is you will continue to seek Jesus through it all. Put Him first and you will never be without His peace. We love you so very much.

Mom & Dad

Zach,

Congratulations on this chapter in your life. May the Lord guide your future as you go out into the world!

Love,

Dad, Mom, and Amber

Our sweet Ashley

From the day you were born you have brought joy and happiness to our family. Since you were small you have been inquisitive, enthusiastic, kind, considerate of others, playful, motivated, and a hard worker. Just to name a few traits God has blessed you with. We are proud of you and especially are thankful that you have chosen to put Jesus first in your life.

We will love you always.

Dad, Mom, and Brittany

Dear Maleah,

We have so enjoyed watching you grow up and now you are about to graduate. You have blessed us with your quick intelligence and annoyed us with your unique stubbornness. We look forward to watching you mature and continue your education and hope you will achieve the goals you have set before you. Make God first in your life and He will bless you beyond all that you could hope for.

Love,

Dad And Mom

Dear Tyler,

We are so proud of you and all that you have accomplished. It is hard to believe that you have reached this milestone in your life. We know that God has specific plans for you and we pray you will continue to follow his leading. May God bless you and keep you as you begin this new chapter. Remember Jeremiah 29:11.

We love you always,  
Mom and Dad

Will,  
You have grown from an adorable little boy into an amazing young man. It has been a joy to have you in our lives these last 17 years. You have a quiet confidence and wisdom about you that will allow you to pursue any dream and accomplish great things. Your dad and I are your greatest fans and we are very proud of you and all you have become. We look forward to all that we know you will be. Look to God for strength and guidance, pursue your dreams, and never forget that we love you.

Love,

Dad, Mom, & Gayle

Dear Son:

This is an important year for you in which you will finish your classes and graduate from high school. It leads to a new stage in your life, for it will be the beginning of studies related to what you have chosen to dedicate your life to.

We thank God for what you have learned, but remember that true knowledge and wisdom is the fear of God. From Him stems the real purpose of life, and what should be the goal of any study in this world: love God above all and your neighbor as yourself. If this principle becomes part of your life and your career, you will have achieved the ultimate goal of this life and eternity.

May God grant you wisdom to use the powers He has given to you to serve and to bless others. May He guide you in all the decisions you must later take, and above all, remember to always give Him the first place in your life.
