MRS. GRANT

This yearbook is dedicated to Mrs. Grant to show our appreciation for all of her hard work and dedication. Despite the many hours she works here at Fletcher Academy preparing food, she is always seen with a smile on her face and a joyful tone in her voice. Not to mention, she is known as a caring boss to all of her workers at the cafeteria. She truly is the person who fuels our school quite literary as well as spiritually. She has worked incredibly hard this year for all of the students, staff, and visitors of Fletcher Academy. Thank you for all you do for our campus!

Our Handshake 2021

What's the best part of handshake? Is it the excitement of seeing your friends after a long summer? Or is it the opportunity to meet the new students and staff before the year officially starts? Some might think touching all those people's hands is unsanitary, but don't worry! Mrs. Rahm, with her large container of hand sanitizer, has them covered! Handshake, for everyone, is a great way to start off the year, and the first day of school nervousness we all have (yes even the staff) is a little less nerve wracking.

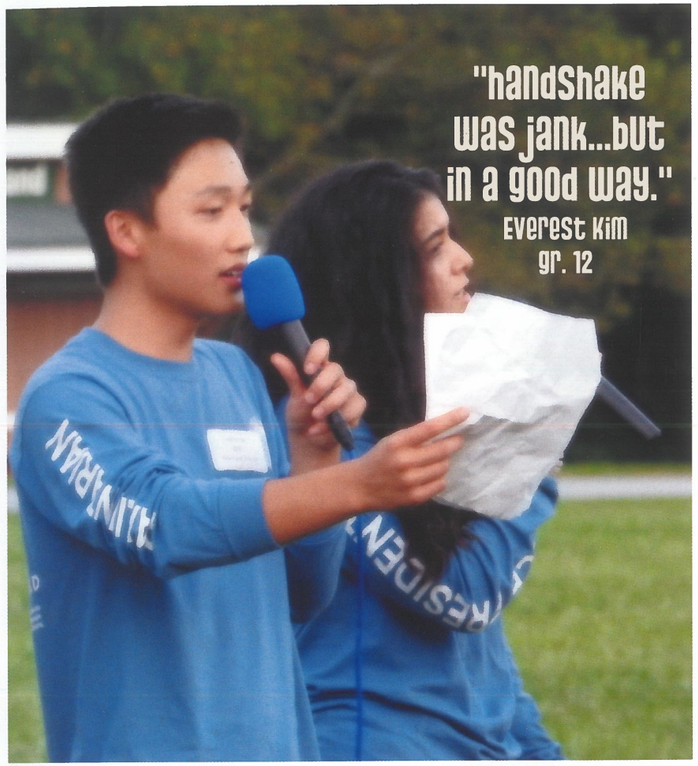

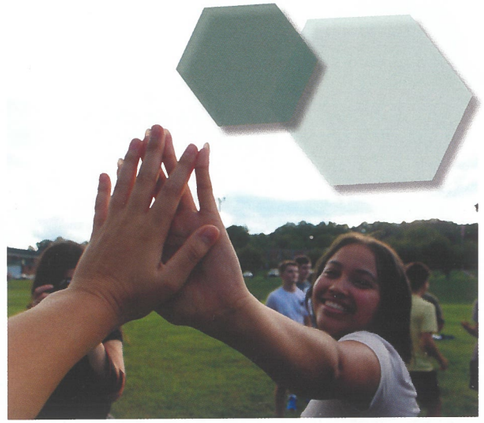

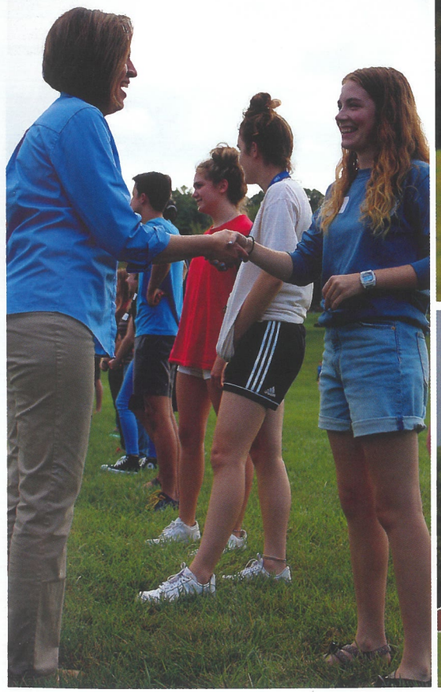

" Handshake, like most things, was chaotic. But seeing my friends for the first time in a long time was definitely the best part. " - Journee Gr. 10

MAKING

MEMORIES

Sabbath in the Mountains... A refreshing break from the chaos that a new school year can bring. Its a chance for old and new friends to spend a restful yet exciting sabbath together at Mount Pisgah. This year students broke off into groups based on the name of an animal they pulled out of a bag. Once they found all the other students with the same animal they started the day off with some icebreakers. Next was the most entertaining part, each group preformed a bible skit about the characteristics of Christ. The amazing skits were followed by Pastor Ryan Ashlocks' sermon on trusting in God. This year after the sermon, we had lunch and packed up our stuff. Instead of just going on a hike, this year students took a plunge into an unplanned swim at Lower Falls.

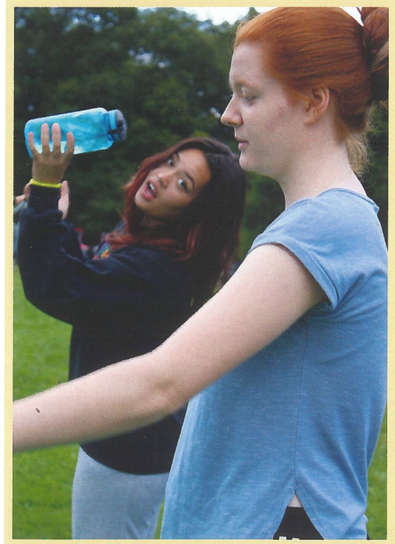

Sabbath in the Mountains

"I really loved Sabbath in the Mountains because it was a quiet break from campus and a time to catch up with friends."
CAMI RYDER, GRADE 12

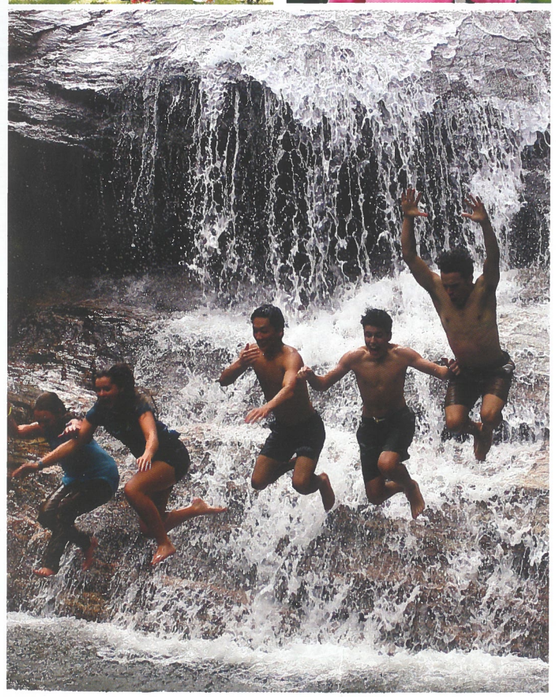

"Sabbath in the Mountains was so fun. I will always remember the memories made on the PEAK of that mountain.. The hike and the icebreakers were my favorite part."
Emily M, GRADE 10

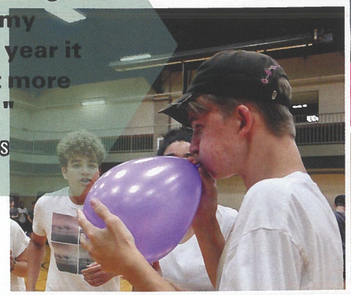

did someone SAY class scramble?

"Class Scramble is really fun and after not doing it since my freshman year it was a lot more fun."
-Keri Bates

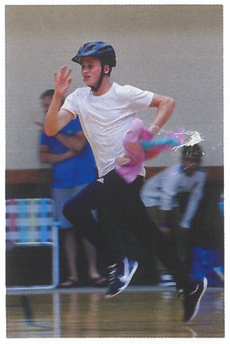

"Blowing up the balloon under pressure is harder than you think. And the concentration that was required to do this was insane.

TIP TOP TECHNIQUES

When it comes down to it, James is ready to be quick on his feet in order to score points for his class. You can see from his form, his speed was nearly unmatched.

grade 9

Aiden Wilhelm prepared to putt the golf ball as straight as possible in efforts to get the closest to the cone. And you know what they say... Slow and steady wins the race!

grade 11

Everyone in the gym held their breath as they all watched and waited. Everest Kim held, stuffed, and squeezed basketballs into every possible place on his body. And hard work always pays off! Thanks to him, the seniors won the points!

grade 12

"ARE YOU READY?" Mr. Wilhelm's voice rang over the speaker in the L.P.C. as every student and staff member anxiously waited for the next item to be called out. "An umbrella." As soon as he said those words, Sofia A. was out to the center of the court, ready with the umbrella. The seniors, in an effort to celebrate their victory, held their winning item high in the air. A chant could be heard even from the outside of the gymnasium walls that night. "SENIORS! SENIORS! SENIORS!"

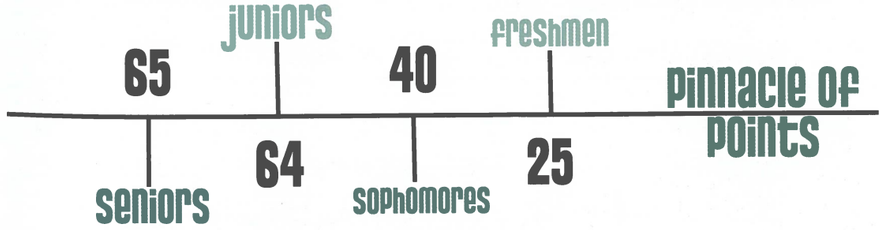

"i thought i got the highest, score, and i would have. if everest wouldn't have copied my technique, i would have won!"

BOYS CLUB CAMPOUT

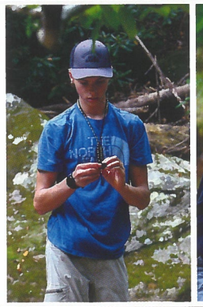

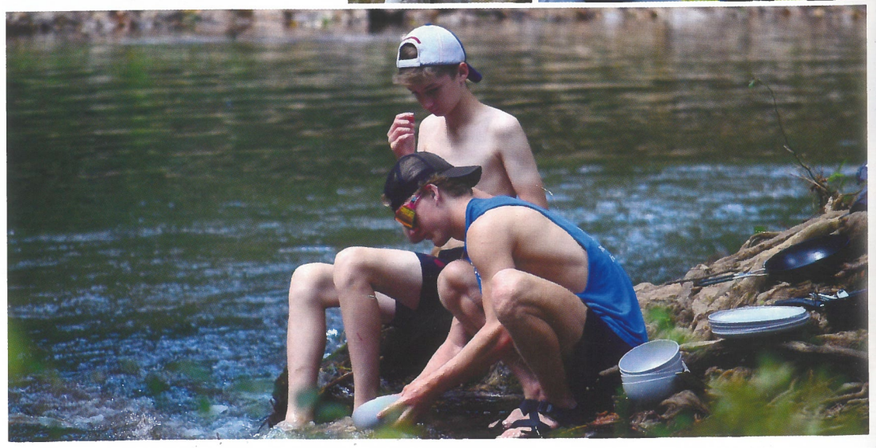

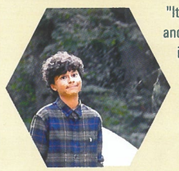

"We didn't have a fire starter, so instead we decided to use Colin's axe spray"

-JAMES HOLT , GRADE 10

"It was a great experience to be able to work together with other classmates and meet new people."

-ANDREW DEFLUITER, GRADE 10

"It was cold and wet, but it was the most fun Ive had in a while."

-ALFREDO HERNANDEZ, GRADE 9

"It was a boy."

-CHRIS HAWKINS, GRADE 12

At boys club campout it was all about roughing it this year. Dean Rahm made up boxes of food and gave them to each "clan" of guys along with some utensils and a small gas stove. The boys had to figure out how to cook their meals using the fire or the stove if they wanted to eat. They had a great time as they tried to survive.

Girls Club Campout this year had a theme of finding your joy and worth in God instead of other wordily things. Along with amazing messages from Alicia and Sophia (Seniors) we went on a hike and swimming followed by s'mores and glow in the dark capture the flag.

GIRLS CLUB CAMPOUT

Be at your highest point:

"Campout this year was wack. From wild muscadines and 3 inch spiders, to watching Brooke sleep in a trash bag, we truly channeled our inner hippie and lived our best lives as hobos."

-KYLIE ROOT, GRADE 11

"I had fun singing songs of my childhood and wearing my avocado toast hoodie."

-HABASSAH JULIEN, GRADE 10

"The best part was hiking to the waterfall, even though the water was freezing!"

-ELAINA REDDEN, GRADE 11

Humanities Trip

Never has Fletcher faced this before. History trip turned Humanities trip... along with a first time trip for this class of Juniors!

Little did they know of the adventures that awaited them while traveling through New England. Records were broken with the amount of shoes bought by one person (3 pairs), candy confiscated, gifting Mr. Wilhelm 100+ pennies to help pay for a meal; the amount of food served at the Washington, New Hampshire church which topped any fast food ever eaten, and surprise escapades both unintentional and intentional (with the help of the staff). Humanities trip will forever be known as the PEAK of some students' time at Fletcher.

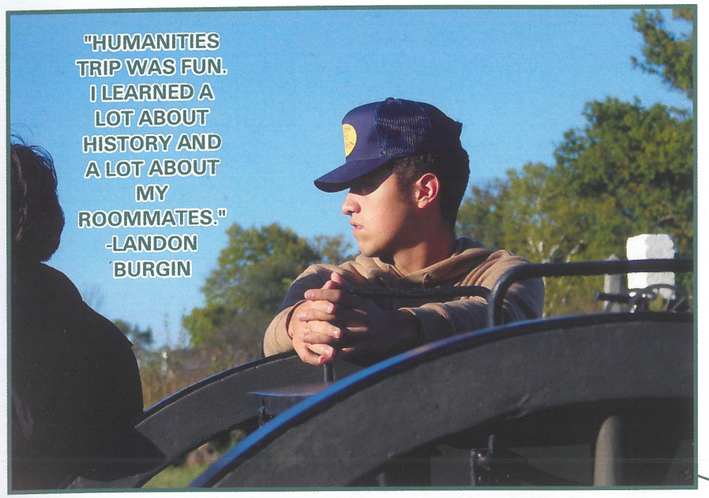

Operation Discover America

"I really enjoyed the whole trip, especially the big cities like Philly, Boston, and New York City. The pizza in Times Square was superb! I also died laughing when Thomas put laxatives in a gallon of water. Overall, I enjoyed finally getting to bond with our class especially with my close friends."

-Harley Herman

THE apex

Boom! Boom! Yet no one stirs. The sound echoes through the hall, but still no one hears. Jaymie has been in this predicament for the last half hour and nothing has helped. When Jaymie left her room, she had misread the clock and did not realize this until the door clicked behind her. The time was really 2:10 a.m. and her roommates were sleeping soundly, too soundly. Despite her constant knocking they would not come to her aid. Would Jaymie ever be in the safety of her hotel room again? Fortunately, Mrs. Stout rescued the abandoned Jaymie and she lived to tell the tale to her well-rested and unsympathetic roommates.

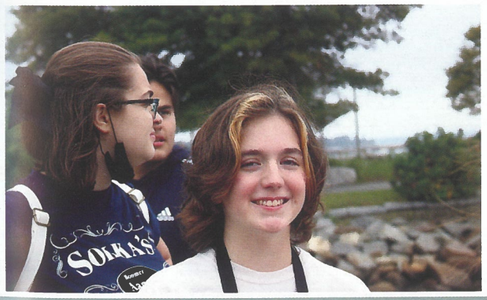

-Rachel Gibbs

"Some of my favorite memories from the trip were: eating at bus boys and poets, going to Plymouth and listening to that guy basically just insult our group for the entire time, and just talking with people and getting to know them better on the long bus rides. I had an amazing time, and it was definitely a trip of a lifetime!!"

-Elaina Redden

Fall Picnic

PEAK PERFORMANCE:

The sound of the starter pistol rang through the air. A rush of excitement mixed with anticipation fill the runners as they are being cheered on by the roar of their excited classmates. "Class on Class competition can be quite intense here at Fletcher Academy. But at the end of the day we can all cheer for one another, despite everyone wanting their class to win."
-Larissa D.

q&a: Favorite moment at fall picnic

"My favorite part of fall picnic was when the seniors lost."
-Johnny Alvarez
Grade 12

"Writing on everyones shirts was the best part of fall picnic, but football was super fun too."
-Nicole Dey
Grade 9

"High-Jump was my favorite part because I proved short people can jump too. "
-Ivan Wilkie
Grade 10

"The football games and the seniors losing."
-David Green
Grade 12

"My favorite part of fall picnic was watching people play Tug-of-War."
-Belinda Perez-Lopez
Grade 9

"I enjoyed the competition and working together with my class for a common goal."
-Mark Mapes

SCOREBOARD

Juniors	222
Seniors	210
Sophomores	176
Freshman	90

The entire student body sat eagerly waiting on the bleachers for the high point of the entire weekend. All wanting to hear which class had won first place. The words projected out of the speakers, "1st place, the Junior Class!" Almost instantaneously, the junior class leap from the bleachers to celebrate their win!

Walmart Trip

For many dorm students, Walmart trip is the highlight of their weekend. It's when students are able to replenish many items, such as their supply of ramen noodles and many other necessities. While some might think a Walmart trip sounds like a weekly grocery run, at Fletcher that is far from the case. It is a trip full of crazy moments and lots of laughing.

"I started my year off hopping around on crutches, and it wasn't too fun, but then I realized I could make it fun."

-Nathan Thompson, Grade 9

Alicia G.

Sofia A.

Michael S.

Dylan S.

Walmart trip is where many of Fletcher Academy's trends have started. First, the upperclassmen started the fake pink Birkenstock's craze. The next fad from Walmart happened to be right before biology trip. The sophomores decided to all get matching fake Crocs, sparking yet another Walmart trend.

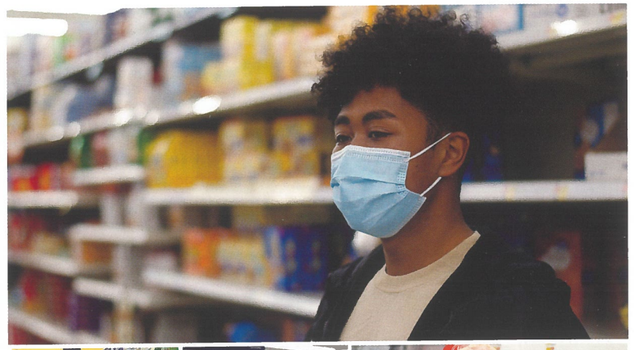

"Students will usually go on Walmart trips with a group of friends to support their hopefully wise purchases"

-Hellen O, Jasseni R, Dailen H, Benji W, & Keara H.

"Whenever Walmart trip comes around we get a group of us to go and just have fun!"

-Dailen Haney, Grade 10

"I had a lot of fun at my first Walmart trip because I got muffins and ran around looking at stuff I didn't need. It was fun going off campus, and I never thought I'd have that much fun going to Walmart. Since it was me and my friends just messing around it was a blast!"

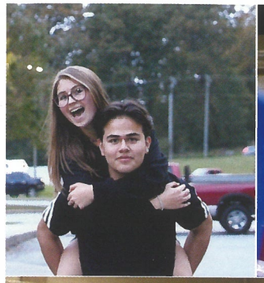

Benji

Q What was the top entertainment at fall festival?

A "Puppies. Hands down. It was probably the best fundraiser SA has ever done for Fall Fest proven with how long both the wait list and the line was at all times. It appealed to all ages and was the perfect distraction."
-Jaymie States, Grade 11

"Even though I won the dinosaur dual, Kevin was the real champ!"
-John Brass (9th)

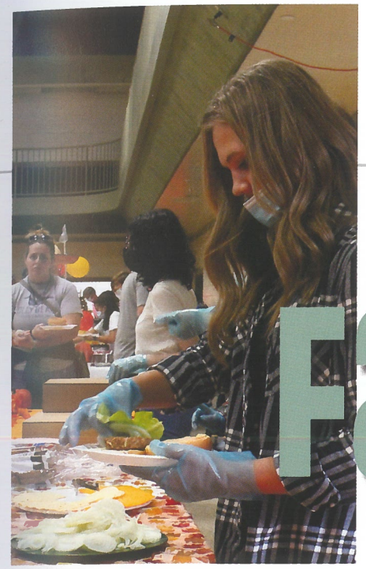

FESTIVAL FOOD

"Fall festival is a constant reminder to me that humans are just another species of animal." -Seth Gibbs (9th)

Harley Herman, Grade 11
"I HAD FUN PLAYING CUP PONG AND MAKING MONEY FOR MY CLASS."

Aubrey Witt, Grade 9
"I JUST LOVE HOW BRITTANY AND JEFFREY MISS THEIR GLORY DAYS AT FA AND JUST KEEP COMIN' BACK!"

Staff and Students
"CLASSES WORKED TIRELESSLY MAKING FOOD FOR EVERYONE TO ENJOY!"

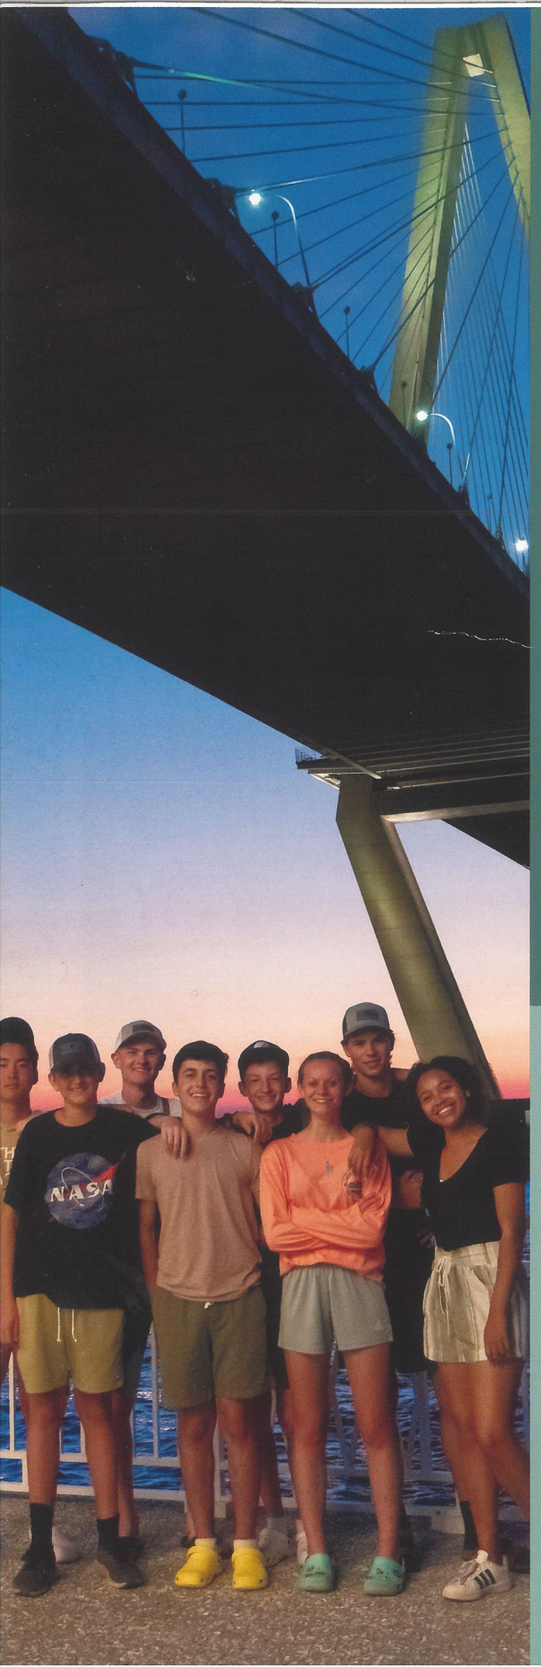

FALL FESTIVAL

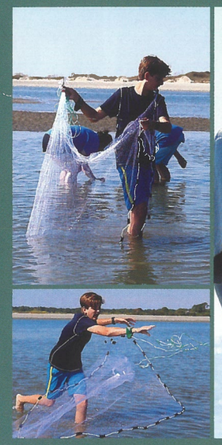

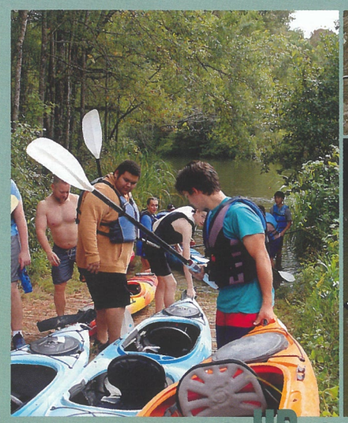

BIOLOGY TRIP

Biology Trip was a fun, tiring, mosquito infested, school trip for the Sophomore class. Their theme for the week was " His Evolution with You", along with the theme song, " Draw Me Close To You", of which only a handful of them knew for worship in the evenings. As fun as it may have seemed with visiting an aquarium to see a turtle hospital, hard work was definitely incorporated in the overall itinerary. However, every bus ride was ringing with voices and ukuleles and they even made a theme song for Sophomore sponsor, Mrs. Henski. No matter where they went they were loud and optimistic....and burnt, well besides Hellen O. She doesn't get sun burnt.

PADDLING UP STREAM

Separated into two groups, one stayed in the bus for two hours while the other enjoyed their time on the water... canoing! These Sophomores were the first class to jump off the bridge at the canoing site into the freezing cold water below. Kinsley never imagined she would become thoroughly drenched after her canoe was tipped by Spencer! A few people went too far ahead that it took them more then an hour to get back, and once they did, their arms felt like noodles.

a top-tier experience

During the trip, the Sophomores had two malfunctions with the bus. However, one occurred after a group of them were stung by jelly fish after taking a dip in the ocean. The bus was stuck in sticks and palm leaves and wouldn't budge. On a whim, George Meyers decided the boys would have to muster up their strength and push the bus out. The girls feel as if they could've done better, but it is what it is...

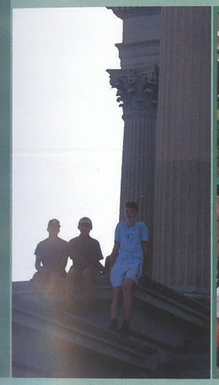

"Biology trip was the perfect combination of fun and school"
-Caleb Kim, Grade 10

a day in CHARLESTON

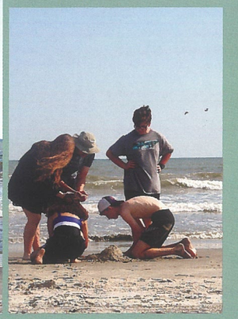

We went to Charleston and had an unexpected visit from Matthew's sister, Larissa. She showed a bunch of us a nice tea place that has caramel, strawberry, and mango flavors, so of course I was happy!" -Keena Ahearn

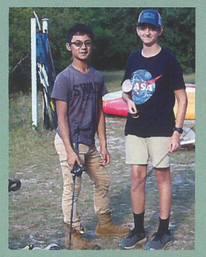

beach bonding

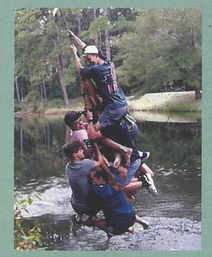

...Beach bonding was filled with frustration and laughter. We made sand castles, had to stop water from coming out of tubes the size of Sarah N. although they had holes in them, and the pipe replay game....

favorite ACTIVITY

Nick Turner

"I made daily trips to go fishing, and I was surprised when I actually caught something!"

Matthew DeOliveria

"The rope swing has become a tradition on Biology trips, and this year we officially broke the record of ten people with eleven on the rope. Our class counted us down: "3, 2, 1!" as they ran behind us pushing us off over the pond."

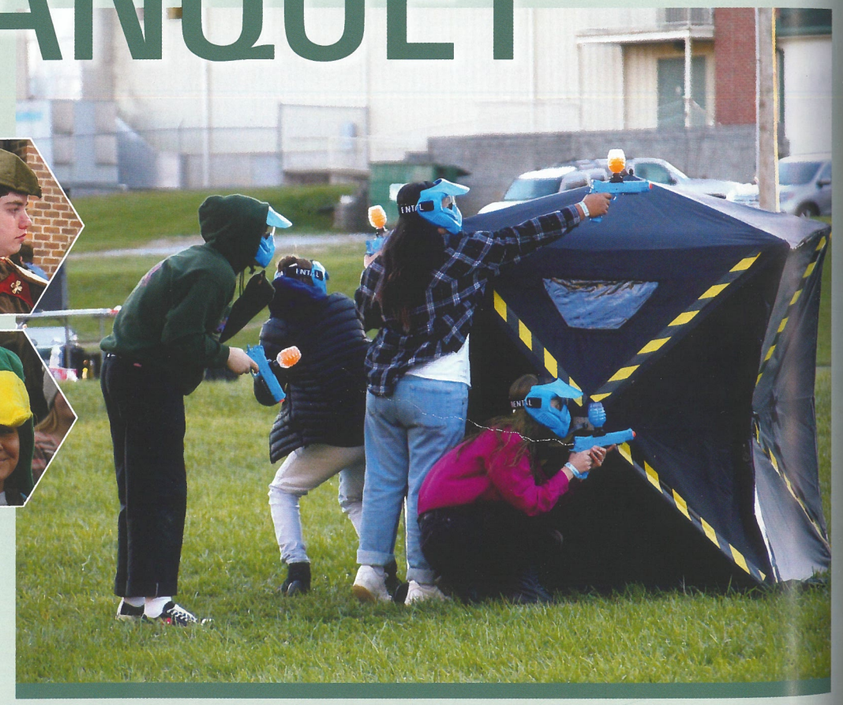

girls club BANQUET

"I loved going with my group as duck dynasty and I can honestly say I never imagined myself going to banquet as a duck...but here we are!"
-Brooke Witt
(11th)

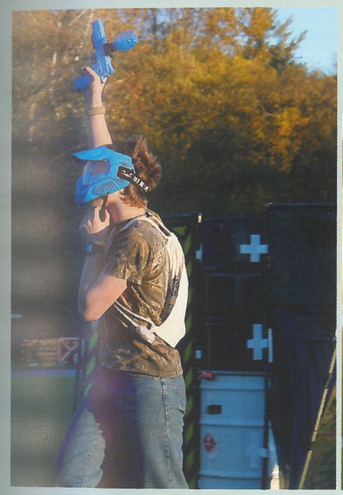

This years girls club banquet was nothing short of iconic. Groups and dates dressed up as the most iconic duos. The costumes were unforgettable, unique, and hilarious. Although the costumes were key, the entertainment this year was the **height** of the event. The field was transformed into a gellyball battlefield where groups battled it out in an array of gellyball games!

WEEK OF PRAYER

Week of Prayer has always been a highlight of the school ear, partially due to the significantly shorter class periods. However, the chance to be able to hear someone who has repared sermons specifically for the students is a blessing n and of itself. With our theme as "Tell the World", Pastor Shane Anderson shared stories, both personal and straight rom the Bible, that were able to help guide us on the path towards reaching out to more people. Our theme song, Send Me Out" perfectly correlated with the intention to tell the world the message about Jesus.

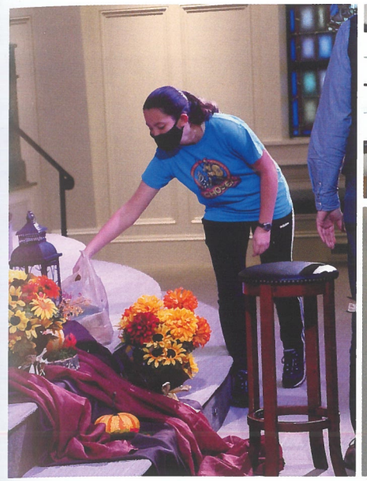

BRADEN SCOGGINS (9th)

"I really enjoyed the shorter class periods as we didn't really have homework that week. All the sermons were really good too and his stories were interesting and kept my attention."

HIS WORD WILL BE HEARD

So many good copies
Eyewitness stories,
Treasures dug up in the sand

Predictions fulfilled,
Lives that are changed -

That's why the Bible will stand!

For God has breathed this book
by His Spirit
No human inspired its words

We can love it or hate it
Or choose to ignore it

But God in The End will be heard.

takeaways

"Pastor Shane put messages from the Bible into a new perspective for me."
Nicole Dey (9th)

"The meetings were really cool."
Ruvim Konko (9th)

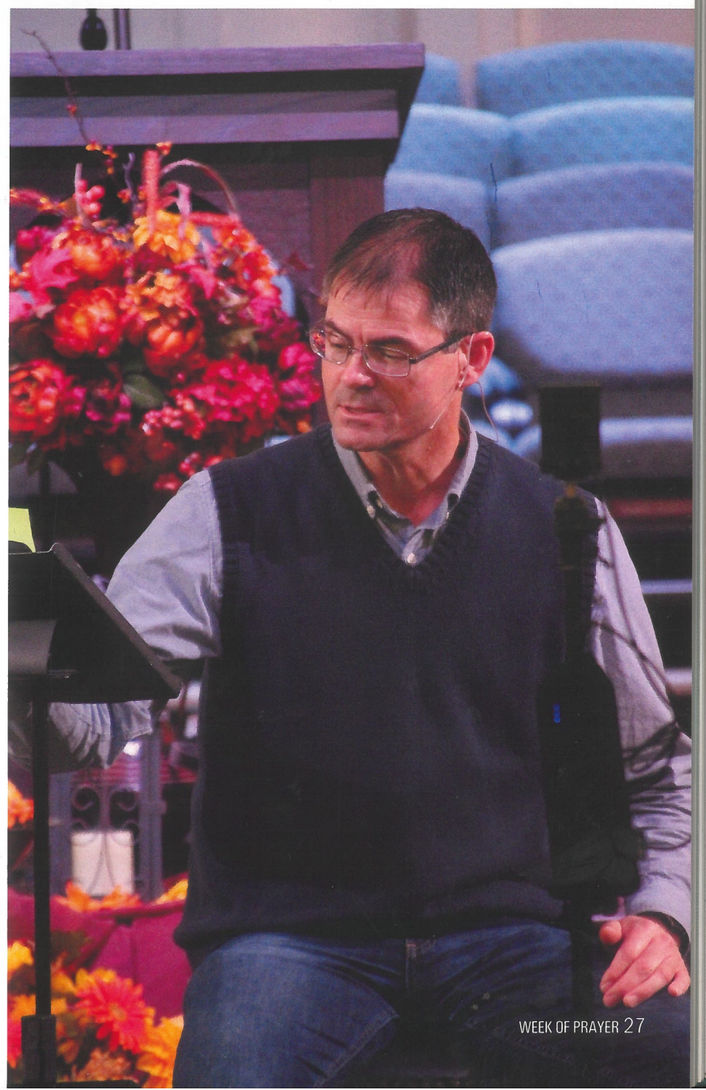

"The messages were relatable and down to Earth, and I left feeling inspired to show Jesus' love to those who might need to see it".
-Jolie Gallinger (9th)

"I loved that we were challenged to memorize and present the quote Pastor Shane wrote."
Nathan Thompson (9th)

"If you feel that God is calling you to do something for Him don't be afraid to do it. He will lead and guide you every step of the way"
Caleb Kim (10th)

alumni weekend

On the court or off the court, the Hawkins brothers always have a healthy rivalry going on. Whether it be Fall Picnic or the Alumni games, you will be almost certain to see one of the brothers participating in competition. The Hawkins have never failed in appealing to the crowd when it comes to their skills on the court or field, and Chris (Senior) has certainly lived up to the name as well!

"Oh to be..." TOP TIER

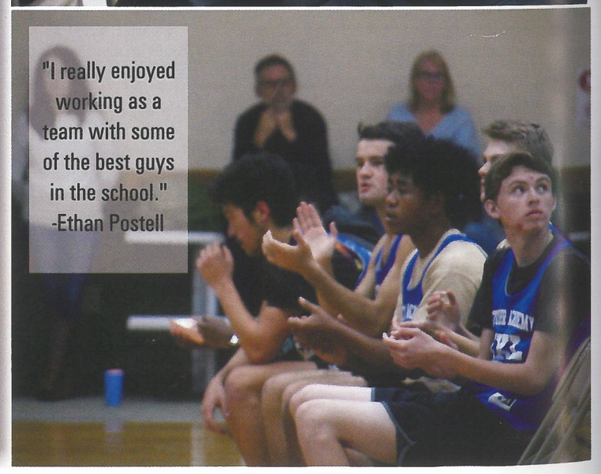

ALUMNI GAMES

Alumni weekend has always included football and basketball in the games for the students to play against the alumni. And although the alumni took the win for football, the students pulled through bringing a win in for basketball.

THE PINNACLE FOR THE NIGHT

-THE SIDELINES-

"The Alumni basketball games were really fun, especially because I got to spend time with friends and old friends while I watched. The game was really competitive and the score was pretty close most of the game, which made it even better. It kept me on my toes."
Sofia Acevedo *(Grade 12)*

CONNECTING

Nathan and Caleb (Seniors) help in writing name tags for the alumni that choose to come see what their high school used to look like.

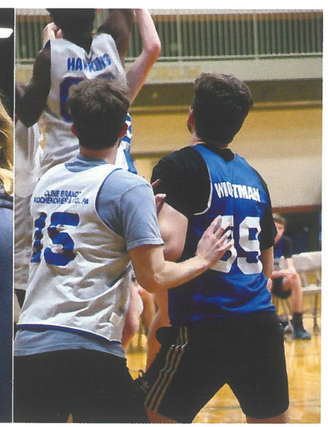

PREPARING

Kylie and Anna (Juniors) work on prepping a meal for the alumni to enjoy as they, as upperclassmen, take their shift in the kitchen.

REUNITING

Avary (Sophomore) seems to be excited as she reunites with Lilly (alumnist as of 2020) before the concert begins.

PLAYING

Rece Wightman (Senior) uses his height to his advantage in order to play against the alumni in a fairly evenly matched game of basketball.

SPIRIT WEEK

While walking into Fletcher Academy on Monday morning, students suddenly notice everyone in their class has aged at least 30 years! Peers begin to ask each other what happened to one another, and then they remember... IT"S SPIRIT WEEK! And Monday is Senior Citizen Day!

Spirit week for Fletcher students and yes, the staff, is one of the funnest times. Why? Well obviously because they get to dress up right? And while dressing up may be fun, dressing down from their usual uniforms is what makes Spirit Week!

"This day was fun even though we still had to wear our chapel uniform."
-Emily, Gr. 12

REFUSE TO LOSE

FA WINTER OLYMPICS

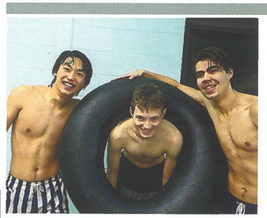

Winter Olympics is considered a TOP event on Fletcher's calender. Despite the change of schedule this year brought, the same amount of enthusiasm and teamwork remained.

THE LINE UP

Anticipation builds as the swimming events roll around. Winter Olympics is almost over and yet this could be the event that makes all the difference in the end. Although the classes aren't able to watch in person, each swimmer knows their class is cheering them on no matter what!

FOR THE RECORD

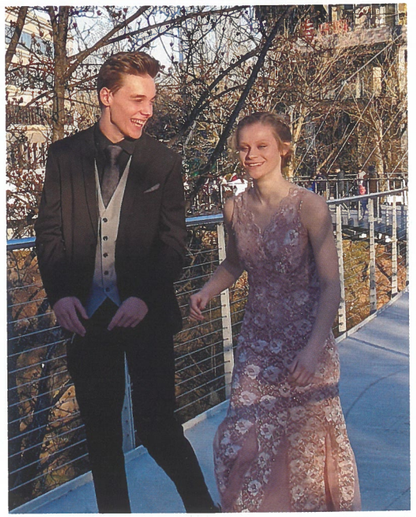

SA BANQUET

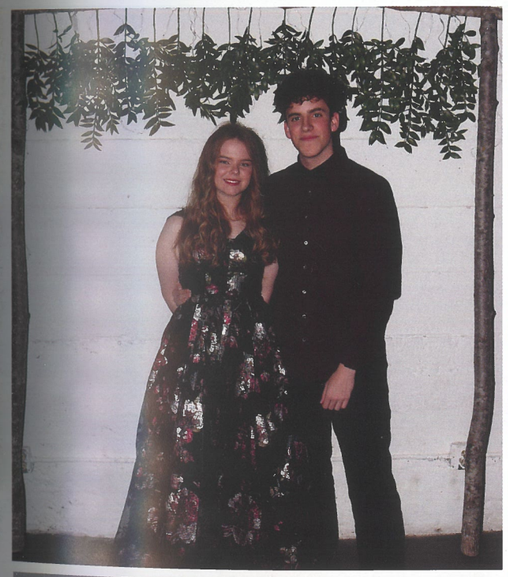

WINTER IN THE WOODS

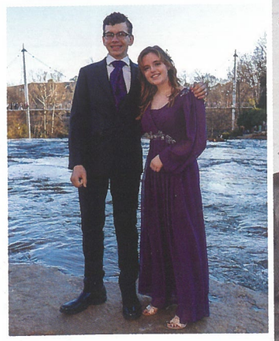

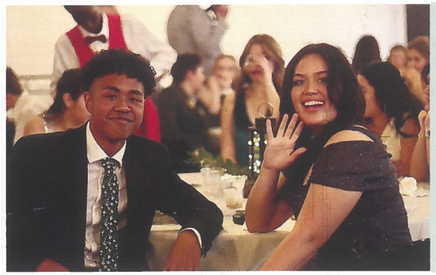

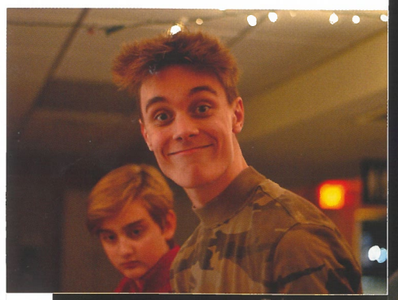

Banquet became risky as couples participated in "Who's Your Girlfriend" where boyfriends had to guess their girl based off of vague yet telling questions. Let's hope no one guesses wrong!

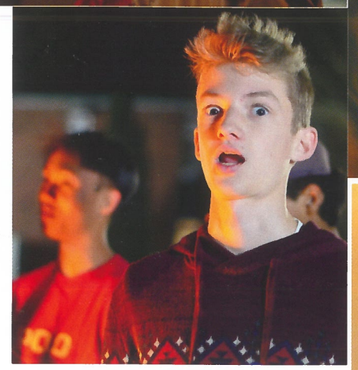

Everyone's favorite show host, Luke Wightman, managed to highlight the assistant deans' most interesting experiences at Fletcher in an intense game of "Hot Ones."

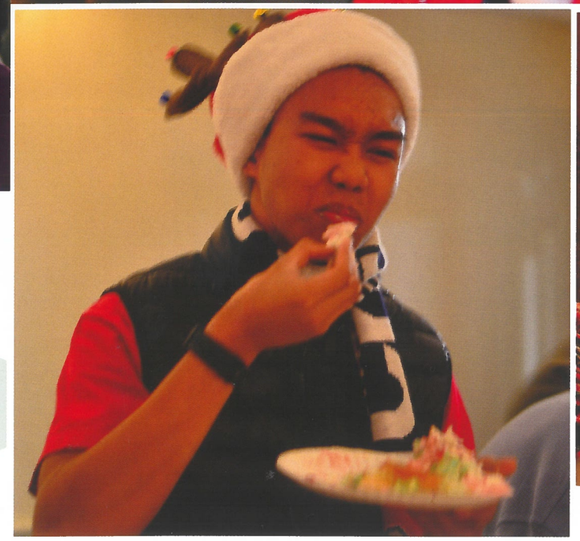

David and Kat brought the night to an end with a captivating duet that wowed the crowd and brought banquet to a close with a standing ovation.

"I lost about ten pounds running around."
- Eric Wetmore, Gr. 10

"This year's Christmas party was a change from last years Christmas party, but I think it was just as good."

Matthew Hong

"I would say the variety of the stations made this a good Christmas party."

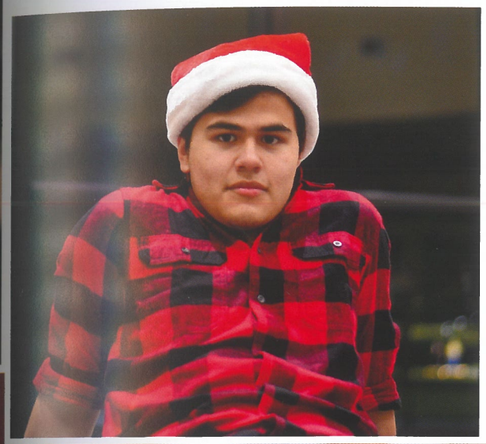

Mathew Cheloni

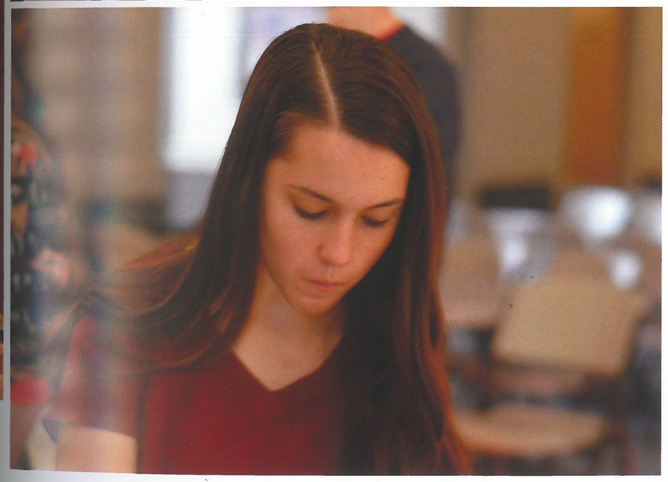

"Designing cupcakes as a team was my favorite part because I got to eat sugar. And I ate the icing too."

Alfredo Hernandez

SA Christmas Party

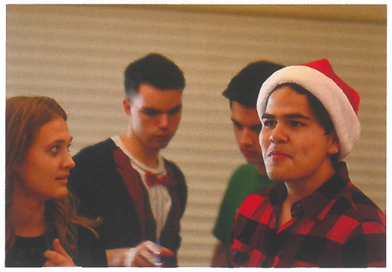

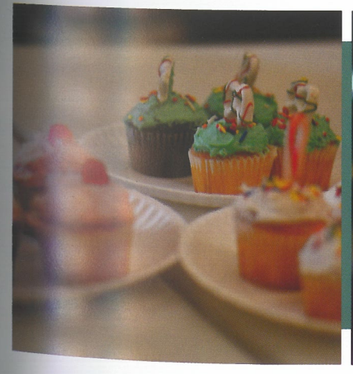

Christmas Party was a night to remember! SA put a lot of hard work and effort to make a fun night for the students. We had marshmallow fights, cupcake decorating competitions, gift stacking, and other fun stations. Awards were given for first, second, third, and fourth place groups. Then Christmas short films were played that taught us all the true meaning of Christmas.

"Christmas Party was definitely a mix of emotions, the main one being stress because SA had to set up and get things running smoothly. But at the end of the day it was worth it because we got to see everyone smiling and having fun, plus I got to eat cupcakes."
-Sofia Acevedo, SA President

Captains Corner

Micah States & Everest Kim

From the guys captains: Acro is a great place to unwind and release toxic stress from school into the atmosphere and enhance our bodies with strengthened muscles for the better good of Fletcher Academy.

Alicia Garver & Larissa DeOliveria

From the girls captains: Acro is like a family. When on the mats we encourage each other to grow in both physical and spiritual. It really does create lasting friendships!

acro knights

Teamwork. Trust. Skill. Risk. Cooperation.
These are only a few concepts that make up the meaning of an ACROKNIGHT.
Gymnastics may seem like an overwhelming time-wasted sport. But those that have dedicated themselves to this team have excelled far beyond what they would've imagined. Whether it be building a move, perfecting a skill, or teaching a tumbling pass, each individual is working towards a goal they have set for themselves. Although this year may have been different, the goal is still the same. Form a foundation with God as well as the team both on and off the mats.

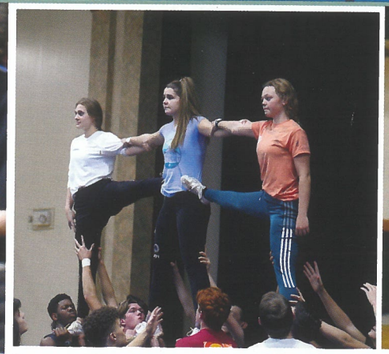

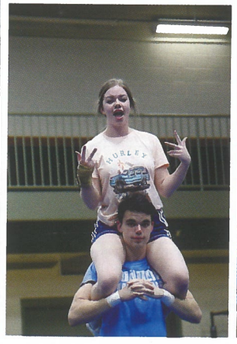

"Elevator groups are my favorite parts of acro, all the group work that goes into it makes it hard at times but fun. Except tossing. I hate tossing."
-Sarah Nunez

FLYing high... A TOPS PERSPECTIVE

"As a top, it's so cool to see the things you are capable of! You are a part of a team effort to display a pretty cool stunt! You are known to try new things whether it's dangerous or risky, but this drives tops to become better at what they try to accomplish! It's exciting being a top and pushing yourself to learn new, cool things."
-Larissa DeOliveira

"The key to PEAK performance is trusting in your team, keeping a clear mind, and realizing there is always room for improvement."

Kylie Root

2021 Christmas concert was a rousing success for those in band! They gave a stunning performance after hours of diligent practice and astute dedication. It was an unforgettable performance.

Mr. Cruz is undoubtedly proud of his students and the performances that have taken place. Practice makes perfect they say!

UPLIFTING BRASS

Bells is a time to spend with friends, to laugh, and most importantly, to learn something in the process. As a member of exaltation, Rachel Whalley said, "It is not just a learning experience it's a bonding experience. Yes, we learn how to play amazing wonderful songs but we also learn things about each other and grow closer as friends."

Redemption and Exaltation

"It's been so much fun to learn new music and have fun with the other members. Also, Mrs. Baker is the best!!"
-Hannah Truckenbrodt

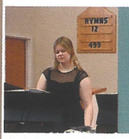

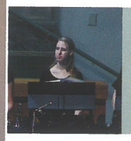

Q: HIGHLIGHT OF BEING IN BELLS

"I love how bells puts the emphasis on enjoyment and bonding instead of perfection!"

Sara Howland, Grade 12

"The groups that we all have, they are the best."

Keri Bates, Grade 11

"In the midst of rushed Fletcher Academy, bells is a sort of therapy session. Because what gets said at bells, stays at bells."

Seth Gibbs, Grade 9

FLETCHER ACADEMY CHOIR

Being the biggest musical group on campus, choir brings an opportunity for everyone to learn music, theory, and the joy and pleasure of bringing glory to God through music.

"One of the most amazing sounds in the world for me is hearing my choirs sing! I've stated time and time again that this is not a job for me but a privilege, an opportunity, and such a wonderful blessing. Music is the ointment to the soul and with 77 members this year, there's an incredible sound created and lifted to the heavenly throne of God. I pray these beautiful voices will never stop singing praises to our Creator, here on earth, and throughout eternity spent with Him."
- Mrs. Pettit. Choir and 11th Hour Director

TIME TO RELAX

11th HOUR Retreat gives the team an opportunity to create connections with one another and learn to connect with the music. It's an experience that makes memories that bonds the group for the rest of the year.

"11th hour is the only class when a teacher encourages you to be louder inside."

- Kylie Root, Grade 11

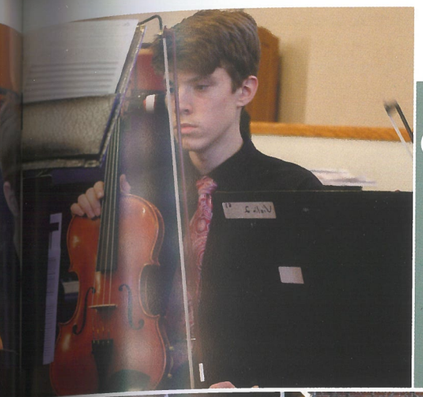

11TH HOUR

11th hour, the select choir at Fletcher Academy, gives students with a passion for music an opportunity to be a part of a group who share the same goal in putting in the extra time and effort to bring Jesus to all who hear.

The strings program at Fletcher allows for students to challenge themselves with difficult pieces of music each week. Although the group practices in the life skills room, their music flows throughout the ad building, blessing all who hear it.

Strings

Crescendoing for Christ

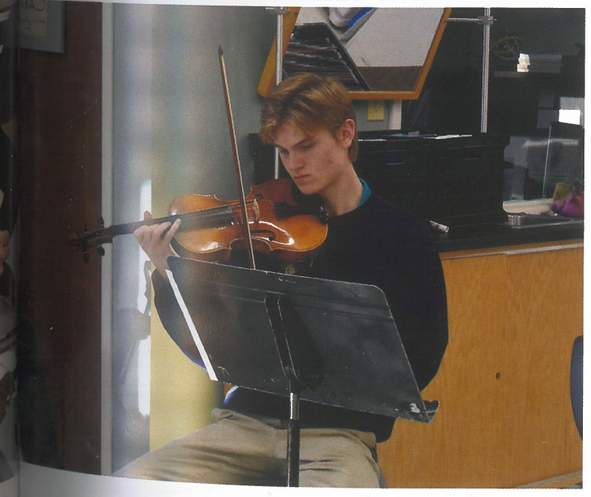

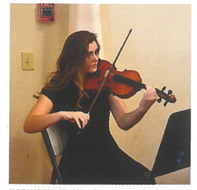

Highlight of the Year

"This has been a good year for strings. We've gotten to tour a lot, our new hoodies came in, and we've majorly expanded in numbers and repertoire. We've all worked really hard and that comes out both on our faces and in our playing. I'm really going to miss this once I graduate. It's been a blast."
- Channah Liles (12) .

String Theory

"Even though I joined second semester, it feels like I never left."
-Brooke Witt

"Playing without music is the way to go."
-Spencer Zinke

"I may look like I'm studying..but I'm probably trying to find the best way to procrastinate" Sofia Acevedo (Grade 12).

BOYS DORM

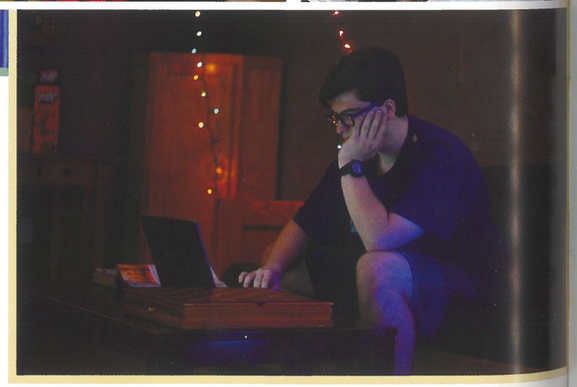

In the Boys dorm there is always some sort of action to be found. The guys in the dorm are all brothers, and whether it's a board game, a foosball tournament, or a friendly game for worship, they'll always find any excuse to cheer each other on. The Dorm is a place where the guys can be themselves, and grow to be more comfortable with the other guys. We bond from spending Saturday nights in rooms with da boyz, playing each other in foosball, or singing in the showers together. We grow closer and closer to each other, forming some of the best friendships we'll ever come to know.

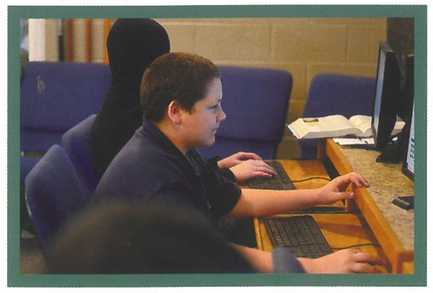

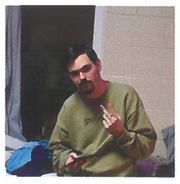

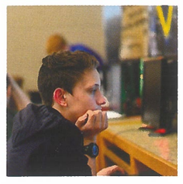

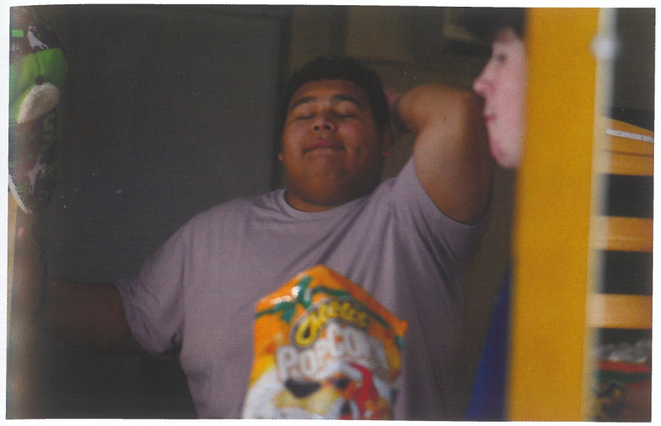

George, simply put, is a great guy. This man can make you smile anytime and if you've got anything on your back, George has got you covered. No one can take him down, and no one would wanna ever attempt to.

Deans on Duty, Rahm & Joel

Debatably two of the best deans ever, Rahm and Joel do a great job at making sure the guys in the dorm stay sane. When it comes to looking after 40ish guys it takes a special person willing to put time and effort in to handle that, and both of these deans make it look easy. The guys in the dorm love them. From Joel's "Bible Game Night" worships to Rahm's vast array of stories, these two never leave space for a dull moment. All of this is accomplished whilst maintaining God at the center of all we do.

The Dorm didn't make me sus, but I think I made the dorm a little more sus.

The Farm

This year a new workplace at Fletcher Academy opened up, the Farm. Its main mission is to help students gain knowledge on caring for different crops, and the skills needed to successfully grow some veggies. Most of the produce grown is taken to a farm stand at the Lelia Patterson Center. The Fletcher Farm is completely organic and is a great environment for the students to learn new skills and have fun eating watermelon, picking carrots, or watching the resident groundhogs scurry around. This year we've had a bumper crop of green beans, an enormous field of beautiful tomatoes thanks to Sigs, and many little seedlings started for the next season!

Cultivating CULMination

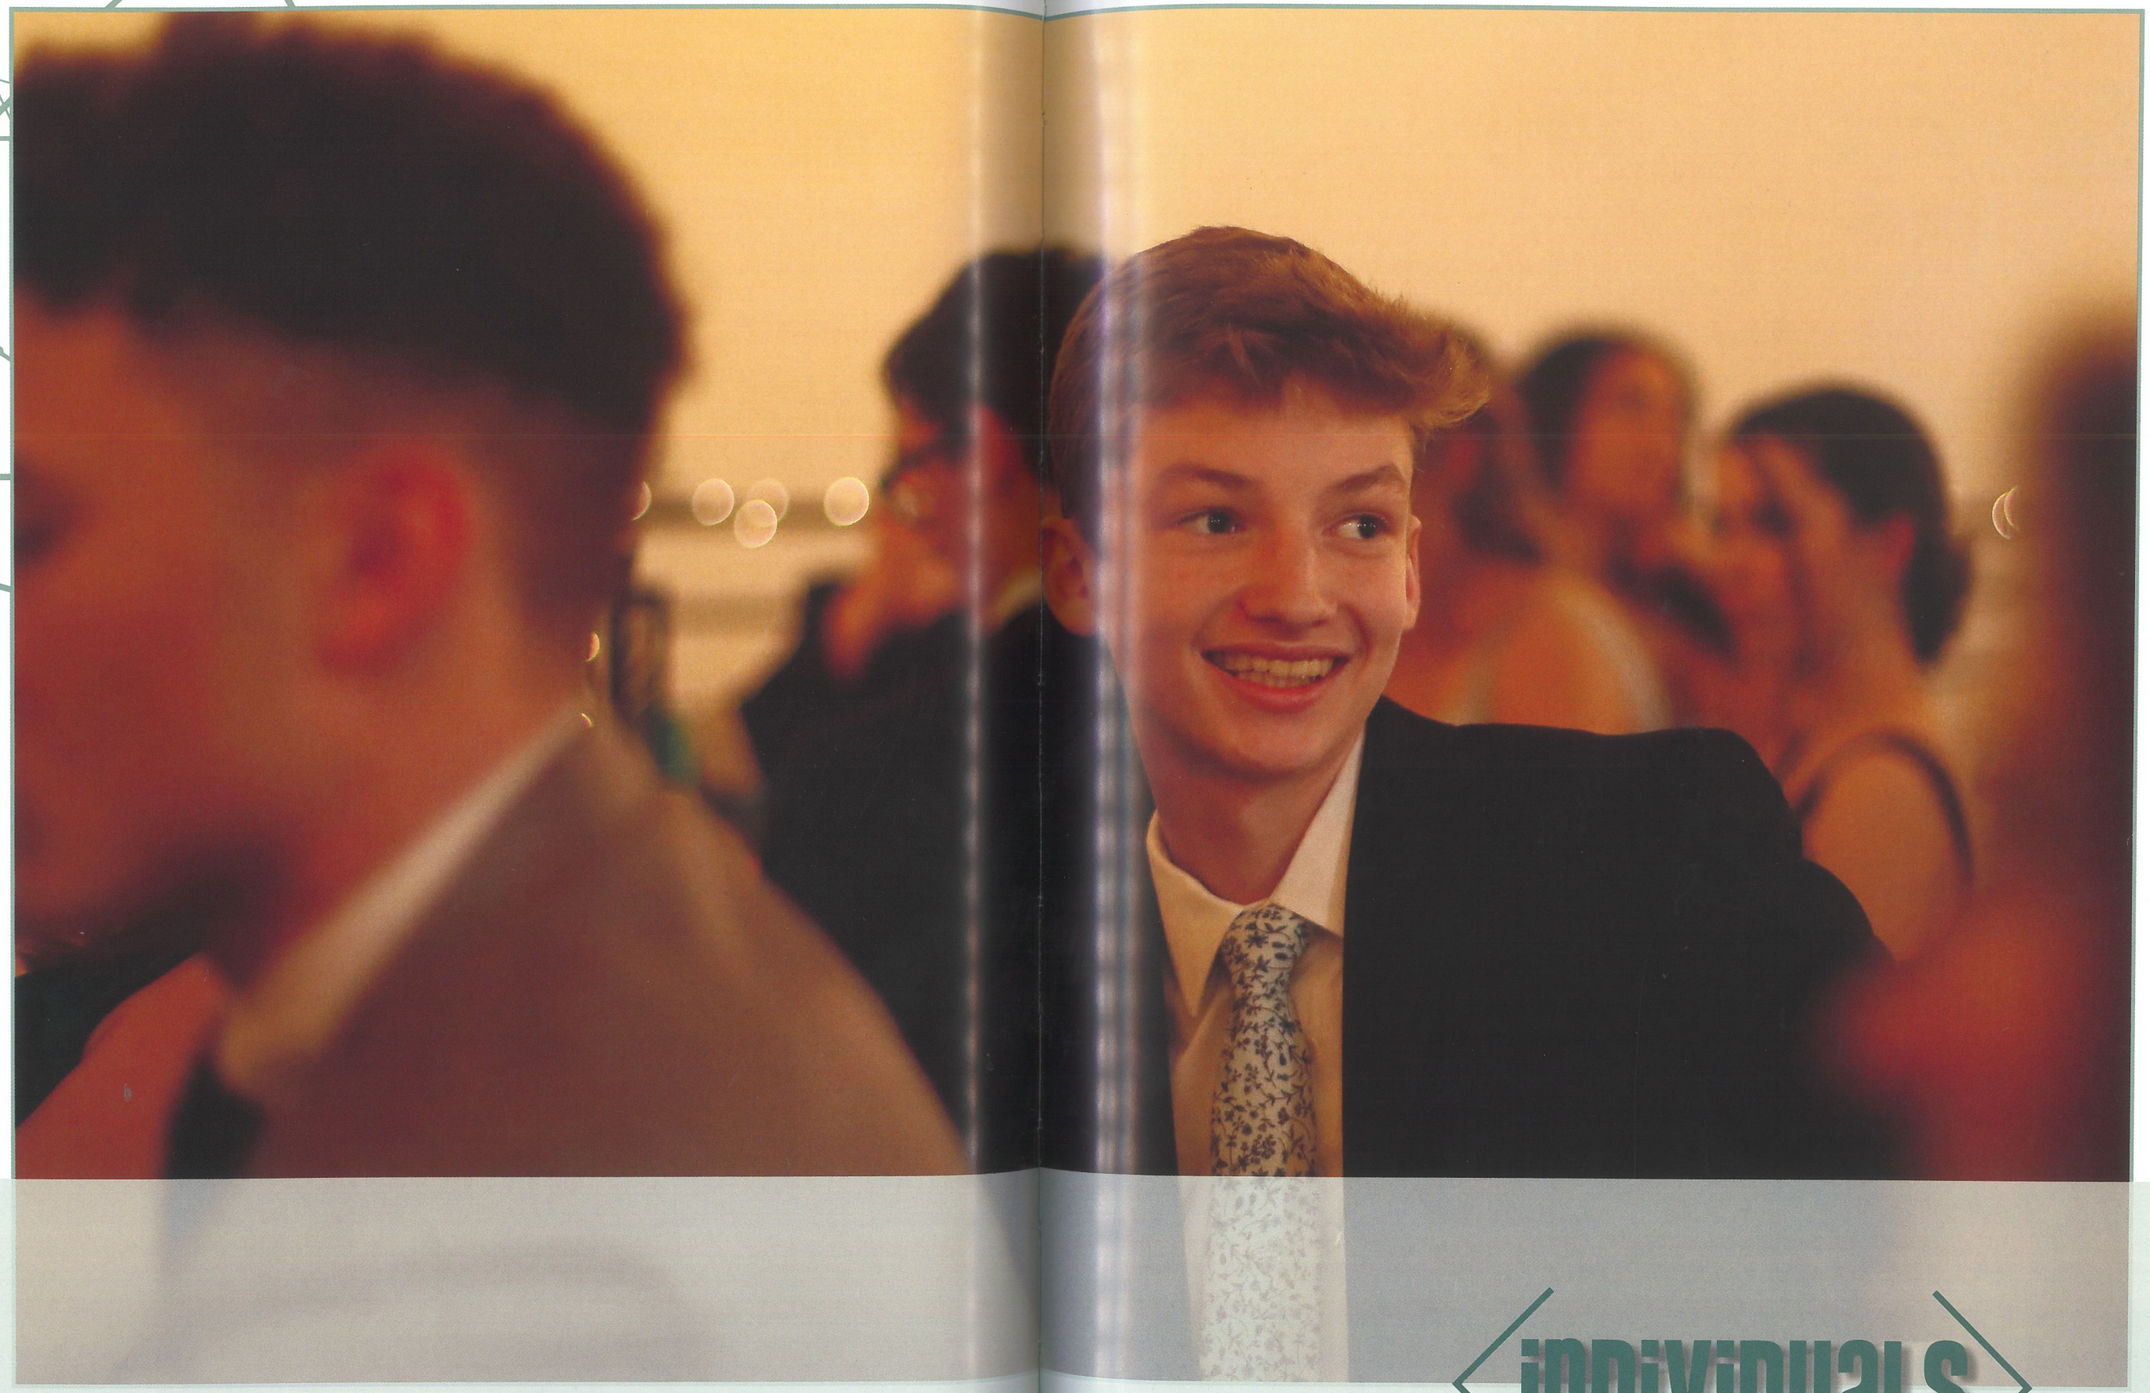

Mikayla Carvill
"My job is working at the farm. I love being part of a group and working outside."

Aubrey Witt
"Working in the garden was a great experience for my first job on campus!"

Abigail Morales-Hipolito
"Always do your best because without hard work nothing grows but weeds."

INDIVIDUALS

Freshman Class OF 2025

presidents perspective

"When most look at the class of 2025 they see an unruly bunch of Freshmen, and as that might be true I see much more. I see friendship bonds slowly growing that will last a lifetime, I see inside jokes in the making, and above all I see great talent that when put together with practice will turn Fletcher into a better place. No one can judge how beautiful a flower will be by looking at the bud, but our class has all the makings of a gorgeous bloom."

-Seth Gibbs

Freshman q&a

Q: If your school life was a song, what would it be?

A: "The Pirates Who Don't Do Anything" -Veggie Tales

Q: Why do you deserve to have a greater share of space in the yearbook?

A: "Because like....why not??? I'm the #1 person here. I'm the best one. I am Chanel #1" -Danx Rivera De-Dios

Q: Which event did you most look forward to this year? Did it live up to its expectations?

A: Sports, but I couldn't play them because I had a broken leg all year.

"If I were to describe our class in one word, it would be: indispensable."
-Casimir Wolski

Freshman Candids

Freshman year, the entrance into the unknown of high school. This years 2025 Freshman class has come together to form yet another one-of-a-kind group here at Fletcher Academy. Though this class is just scratching the surface of their high school years, they are already headed for the top. With endless memories to create and bright futures ahead, this class cannot be represented in only a few candids, though they did produce some pretty personality-defining moments caught on camera.

"The fact that we came together this year all in the same position, knowing we were new... I think it just bonded us together more than we would have thought."
-Micah Burgin

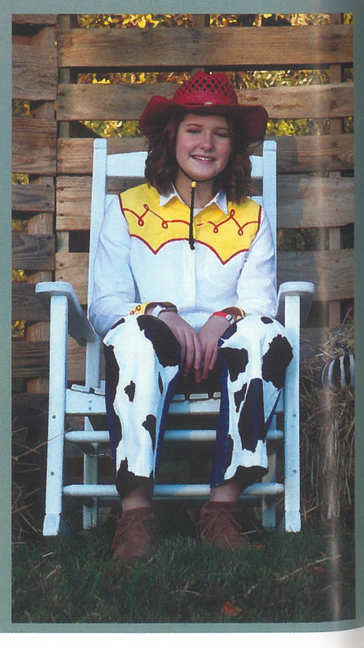

"A rambunctious group of baby high schoolers on a mission to claim the world as their own."
-Seth Gibbs

"Walking into class every morning you never know what to expect. There is always something new and different to make you laugh and just make your day."
-Rachel Whalley

"They're chaotic, immature, and slightly clinically insane, but they're also brotherly, kind hearted, and compassionate and you won't regret meeting them."
-Elijah Small

Sophomore Class OF 2024

presidents perspective

We are loud, we are strong, we've got variety, we are big, and we are a lively group with plenty of energy. I think these are attributes that describe us and the things that will carry us through these next two years and even keep us together beyond that. We as classmates/friends have formed closer bonds on trips and other events. As we have grown closer our class spirit has grown stronger, and I believe in the saying, where there is a will there is a way, and since our class has a will there's no stopping us.

-Matthew D.

SOPHOMORE Q&A:

Q: If your school life was a song, what would it be?

A: "Help"- The Beatles

Q: What was the most embarrassing experience you've had this year?

A: Asking the person I asked to banquet when we were signing class shirts. I wrote "Banquet?" on his shirt, but I was so nervous that my hands were shaky, and he couldn't even read it.

Q: If I gave you $50,000 to start your own business, which business would you start?

A: I would co invest into a property with my dad and rent it out so I could have a guaranteed payment each month to so I could put my focus into becoming an anesthesiologist.

Sophomore Candids

Sophomore year, one year of high school has already been marked off your to-do list. The excitement of another year filled with friends, laughter, and trips is happening right now! Although the 2024 sophomore class has not quite reached the upperclassmen status, they are quickly approaching. This class is known for its spunky personalities and close-knit friendships.

Over the past two years, I've realized that our class is loud, fun, and unique. Life is far from boring from when they are around.
- Keena Ahearn & Dailen Haney

Top-Notch Descriptions

"Our class is full of life, laughs and creativity. This year by far has been the most eventful and I deeply appreciate it."
-Hadassah Julien

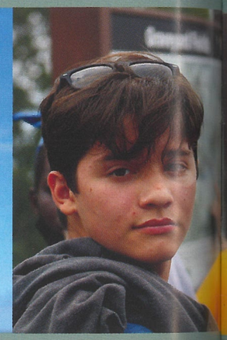

"Though we may have many ups and downs with each other, remember, You can count on me cause I can count on you. "
-Dara Zavaleta-Zeledon

"I don't really hang out with my class much, but they seem pretty chill I guess."
- Jasseni Reyes

"There's never a dull moment when I'm around."
-Spencer Zinke

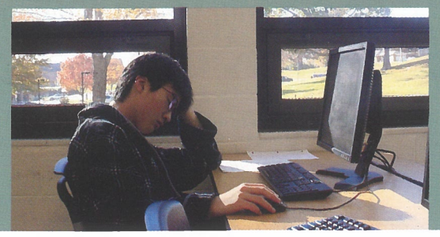

"The guys in our class have your back and in general, are all around great people. And the girls, well... they're okay."
-George Meyers

" My class is a big conglomerate of personality, character, and music. I couldn't ask for a better class! "
-Abbi Sutton

Junior Class OF 2023

president's perspective

"The class of 2023 may be fewer in number by the day, but we make up for it in personality. With no lack of diversity, our class soars in sports and in the classroom. Over all of our unique skill sets, I would say one of our coolest is our ability to connect with the teachers, unlike other classes, and uncover their different personalities which makes classes more enjoyable."

-Morgan Miller

junior q&a:

Q: How have you changed since your Freshman year?

A: I'm not afraid of Mr. Carvill anymore.

Q: I will always remember...

A: The time Peyton told Mrs. Stout to shut up and he had to do twenty burpees/pushups, while Mrs. Stout was criticizing him.

Q: What is your favorite Gabb app and why?

A: The calling app, because it never shows caller ID when I get missed calls. It's like gambling but with friendships.

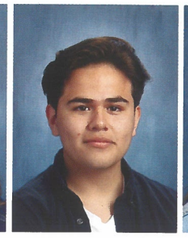

A: It sounds lame, but it's probably the "Clock" app. When I have absolutely nothing else to do, I just click start and stop on the stopwatch as fast as I can.

Junior Candids

Junior year, you are officially considered upperclassmen! Though this title might not seem like a lot, it comes with a large role in Fletcher Academy's leadership. As this class prepares to be at the top next year, they have left plenty of time to create lifelong memories. With their first "normal" school year underway, they have lived every moment to its fullest. Though these candids only capture a glimpse into their crazy lives, they will certainly give a feel for the unique personalities that make up this 2023 Junior Class.

"Our class is better."
-Harley Herman

Top-Notch Descriptions

"The most passion came with the least people."
-Garrett Rouse

"Having a smaller class is great! I was able to bond more with people."
-Andy Cote

"Our class has changed and grown so much, and I've genuinely learned to love everything about our class.
-Jaycie States

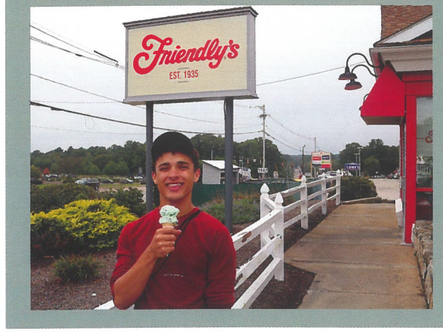

"I've lost all hope of gaining more people, but one section is kinda cool."
-Jaymie States

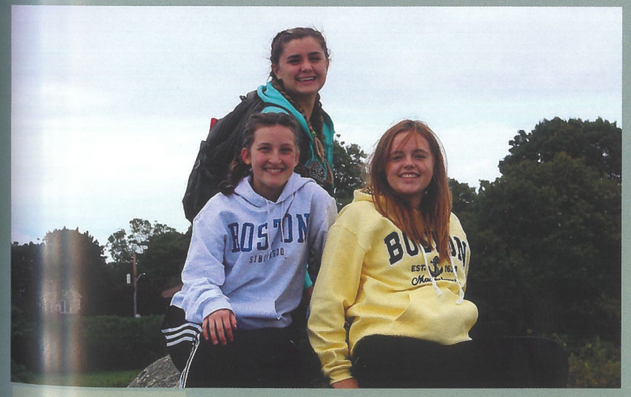

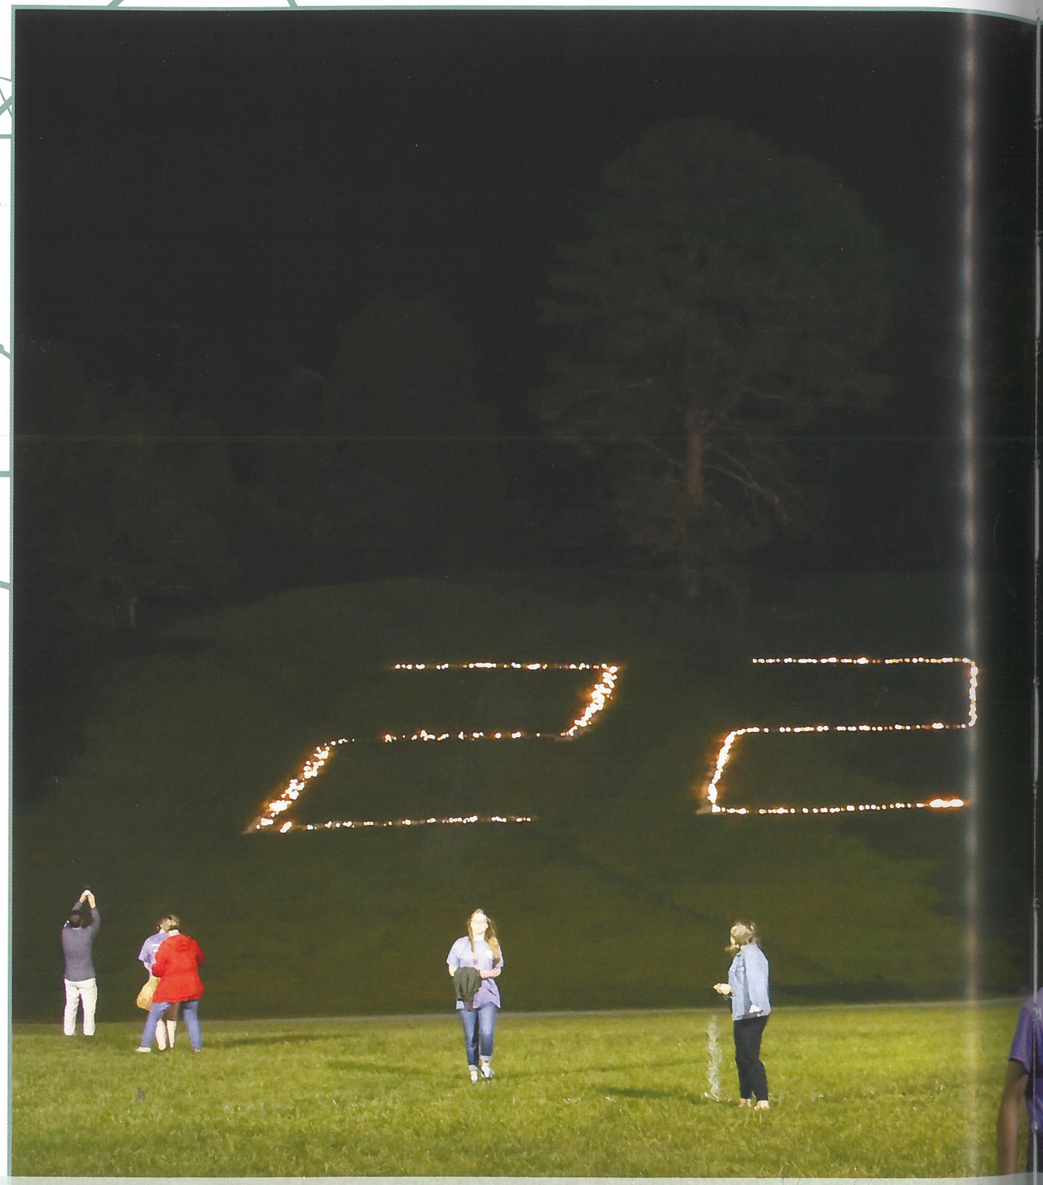

Our class started out this year as a bunch of individual people, now we are just one entity with different quirks.
-Alaina Zill

"The view from Thomas shoulders was extravagant"
-Landon Burgin

SENIOR survival

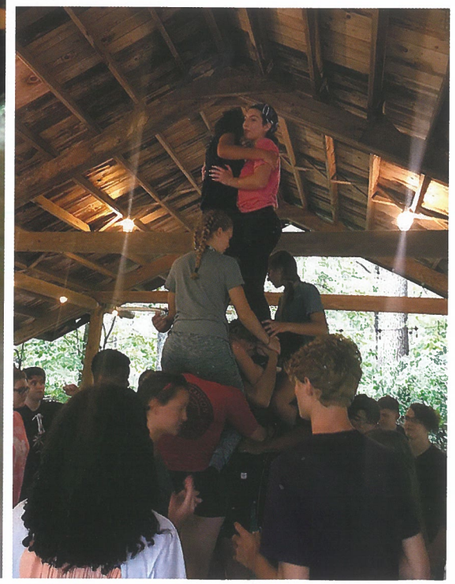

School has yet to start, but the Seniors are already well on their way into an exciting adventure. Guided by Mr. Bass, tensions run high and excitement reaches its peak as he shouts "Everybody off the bus!"

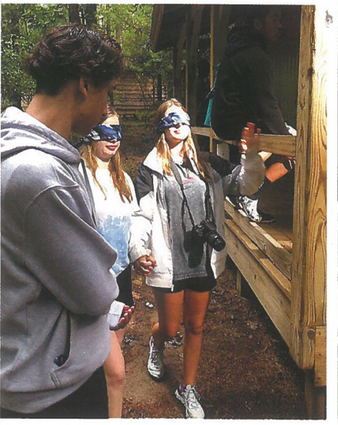

" In the sweaty cavern of a bundle of people, I stood tall and strong at the center of this great throng. Courageously I staggered upon that small wooden box. With Alicia on my shoulders and Cami's forehead smashed against my sharpened jaw line. We stood there for ten seconds and afterwards. . . I collapsed into a fit of exhaustion and slept like a baby that night." **MiCaH S, 12th gRaDE**

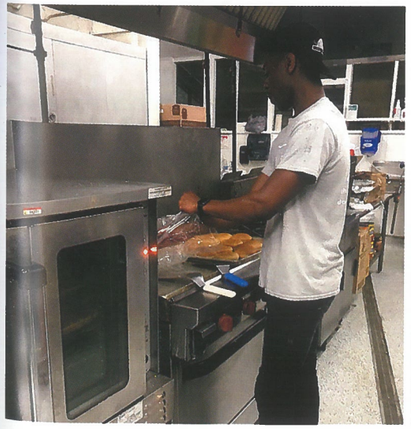

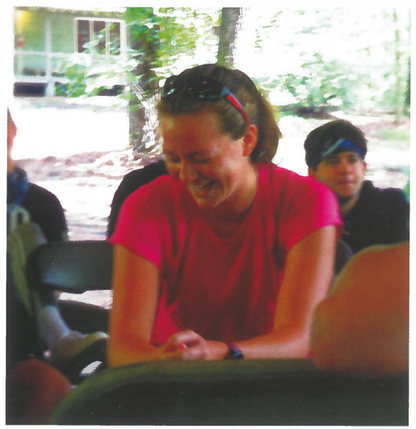

"Senior survival was a blast, I loved all the activities as well as playing competitive card games. The box activity literally made us closer as a class."

VIEW SOUTHERN

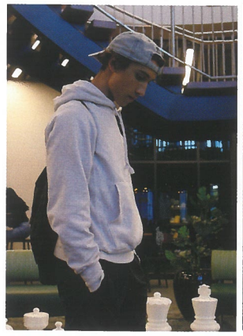

College, so many choices and decisions for the senior class to make.. Thankfully, the annual View Southern trip is a great opportunity for the students to make. A two day excursion consisting of a campus wide tour and even interviews with professors, to help students with their career choices and how to apply for scholarships. Friends were reunited, new friends were made, and scholarships were handed out. As the start of their next phase of life, one of the most important question for the class of 2022 to ask themselves is, "Where do I want to go to college"? Let's just hope they figure it out in time!

"Going to the interviews with the professors was really cool, especially seeing the SAU news set."

-Ulyssia

Harrison

"The best part about the trip was seeing my friends that I hadn't seen in a while."

SENIOR DEDICATION

What is Senior Dedication?
To begin the night, special music and prayer is provided by a few of the seniors, followed by a slide show composed of parents speeches and photos of their children's life so far. This speech allows for parents to tell their soon to be graduates how proud they are of them, and simply express their love. After the ceremony and sermon regarding the class of 2022, a special moment among the students and staff take place, and to end the night, a bible with a small letter inside written by a staff member is personally dedicated to each student. These are given to show each student just how much they are loved and valued.

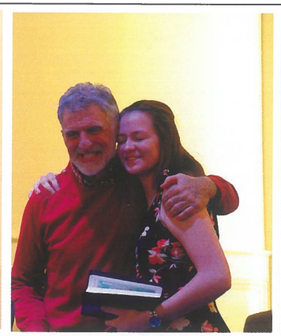

"i really enjoyed Senior Dedication. My favorite part, was seeing all my classmates as kids."

Jamie Mercer

"The ceremony was long but I guess it was cool. I'm ready to graduate."

Faculty Facts

1 Mr. Henski obviously gotten himself into a mess, how?

A. Just swam in the Jordan River
B. Just swam in a lake on top of a volcano
C. Played with wildebeest
D. Just gotten particularly muddy while swimming

B: This takes place in Colombia, though Henski says he doesn't remember which volcano

2 Which of these facts about Mr. Brownings high-school choir is true?

A. They performed for President George, H. W. Bush
B. They went on a tour of 12 countries
C. They went to school with Beyond
D. Both A. and C.

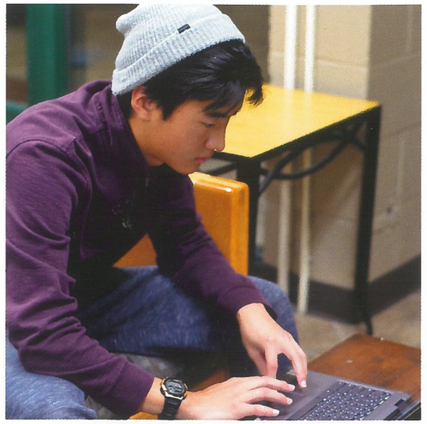

D: Beyonce went to the same high-school, and Mr. Browning(Top right of the stairs) actually fainted in front of Barbara Bush

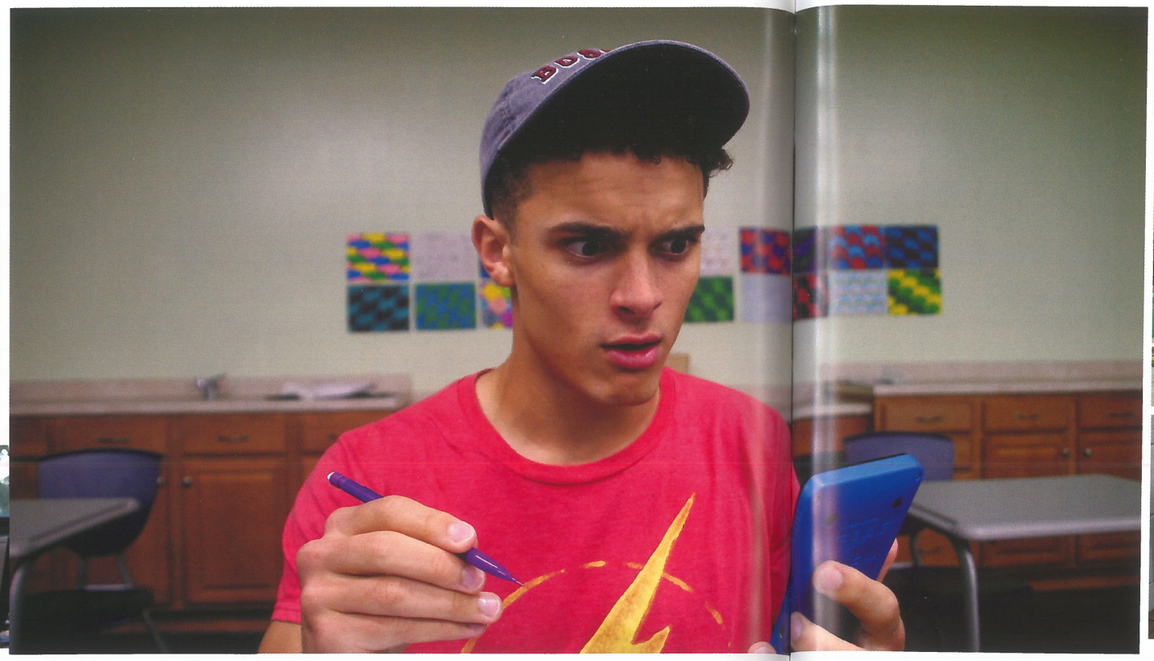

3 This is Dean Rahm Bungee Jumping, but what other crazy things has he done?

A. Gone sky diving
B. Swam with sharks
C. Helped stop a bank robber
D. All of the above

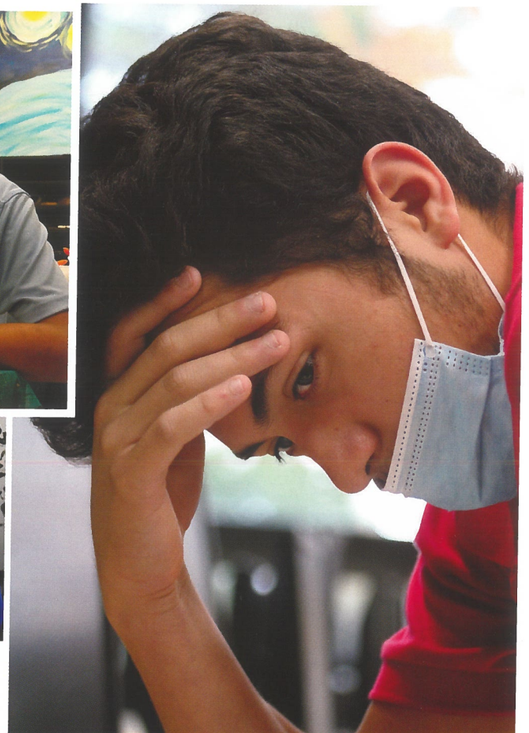

D: Dean Rahm has done a lot of interesting things in his life, and while we can't put them all in the yearbook, make sure you hit him up for the stories!

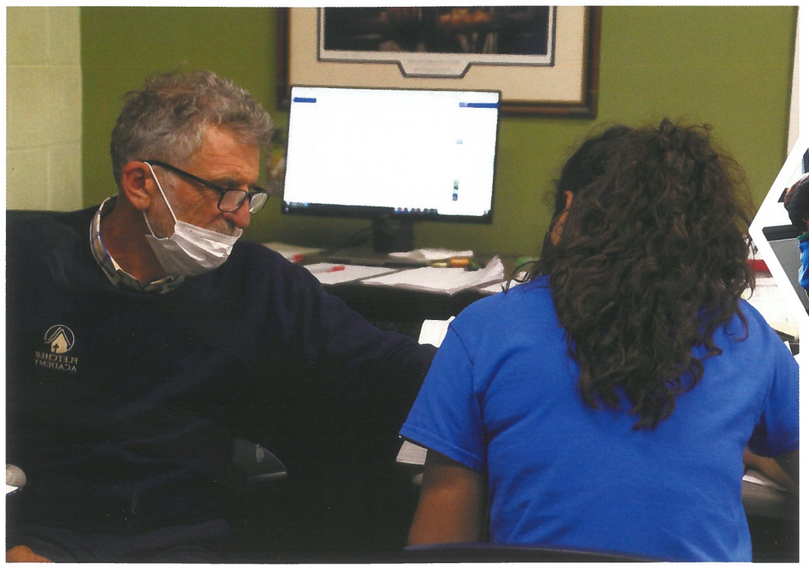

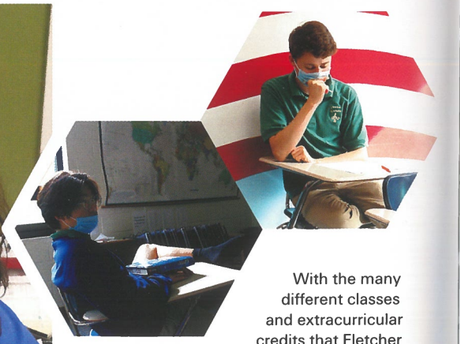

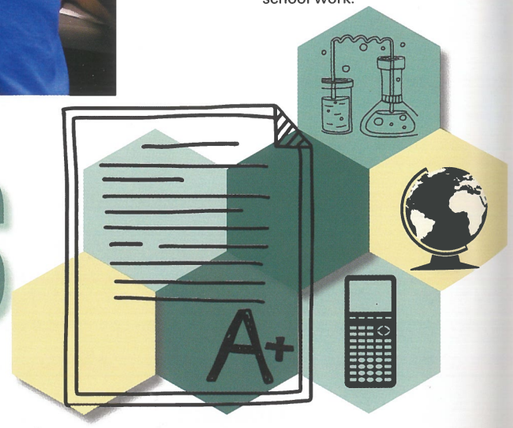

"My focus was locked on studying."
Landon Burgin

With the many different classes and extracurricular credits that Fletcher offers, the students daily homework load can get very stressful. With this, many students have learned the best ways for them to optimize the time they do have, to work on school work.

Reaching the Peak

Pre Calculus

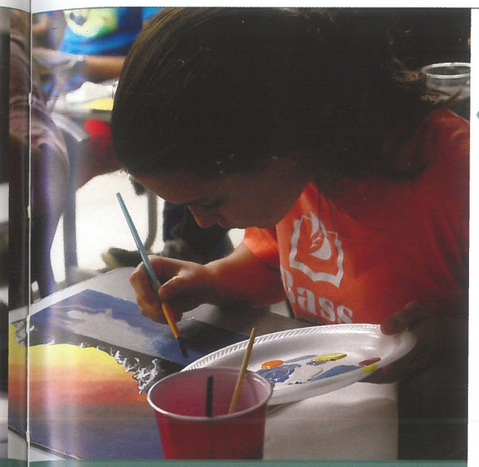

Everyday I walk into Precalc with high morale, only to get wrecked by the mathematical complexity of Sig's class. It's difficult to keep up with vertical asymptotes when I am still trying to figure out my times tables. Overall, this class serves me as a humbling experience so I enjoy it.

Larissa DeOliveira

Senior year is rough. Calculus is no slough class, and A&P has the tendency to ruin GPA's. I have had to study A TON this year, and have had to go to Sigs' tutoring so he can literally baby-step me through every problem. My motivation is that if I "just keep swimming", then hopefully I won't drown.
- Abbie D.

From chess to drama, on Wednesday nights dorm and village students are able to learn new things or participate in some of their favorite activities.

This year, for the first time ever, students were able to create/participate in Wednesday night interest groups. These groups allowed students to learn or improve on their various hobbies, hangout with their friends, and at least for volleyball, get to hit something.

TRY NEW THINGS

"It's fun to see kids walk by and start dancing with us and then of course their parents have to stay."

Cameron Zinke (12th)

"Singing at a random place in downtown Asheville was probably the most confusing, yet profound event I've ever been a part of. Not only did I have fun, I got to witness to people who were watching us."

Justin Bobo (12th)

"Singing till the time is done to share God's love with everyone."

Spencer Zinke (10th)

"There were street musicians everywhere! The entire time we sang, there were literally Congo drums in the background. But that didn't stop us from telling the World and singing about Jesus!"

ministering

THROUGH MUSIC

Downtown Asheville is a TOP destination when outreach is involved. Whether it be cooking soup to be passed out to a group of students singing on the streets, Fletcher has made it a priority to reach out in more ways than one.
The theme SA chose for this school year is "Tell the World". There is no better way than outreach to get the message out to the community and beyond.

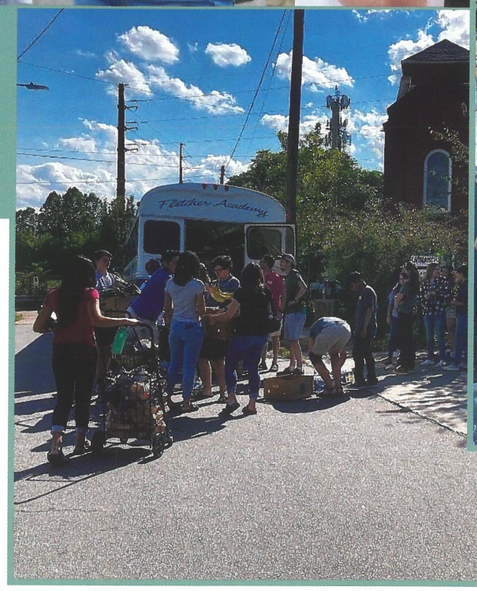

Reaching out to the Community

Towards the beginning of this year, campus ministries organized a Sabbath specifically dedicated to passing out bananas and bottles of water to the homeless. A mother of some former students coordinates where and when students are needed to help in benefiting the community.

A group of students lead out in the worship service for the Brevard SDA Church consisting of music, sermonettes, scripture and more!

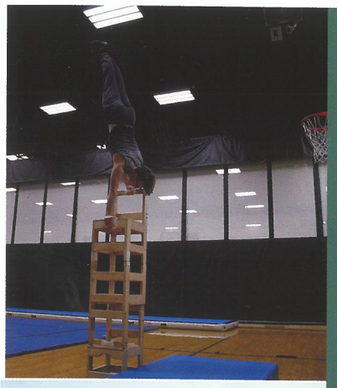

CAMPUS MINISTRY

iF YOU KNEW ME, YOU'D KNOW THaT...

Students at Fletcher Academy all have talents, but there are a lot not many people may know about. Here are just a few...

HOLD IT STEADY. . .

Aaron, although he is retired from acro knights, still possesses his intriguing ability to do a handstand on all these chairs!

I BET YOU DIDN'T KNOW IT!

"My superpower is that I can fly a plane! Do I have a license? That's besides the point..."

- Alicia Garver

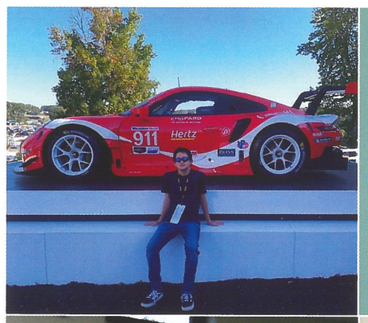

BORDERLINE DANGEROUS ?

Micah States has a very fun but quite possibly dangerous talent of slack lining!

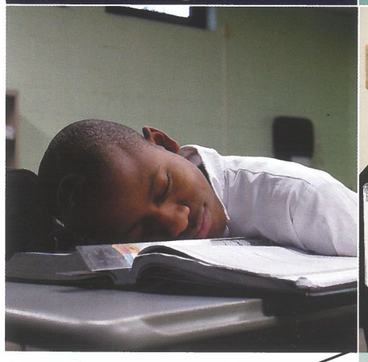

KAYITAH LOVES LONG BOARDING AND PRACTICES WHENEVER HE HAS A CHANCE.

Harrison Jackson- Secret Talent

Harry, a fairly popular student around campus, has a very unique talent. What is it you may ask? Well, we are here to inform you that Harrison can drive a race car! YES an actual race car!

Savannah is Fletcher's modern day Picasso

Kevin has a not so secret talent of being able to sleep anywhere at any time.

YOU WOULD NEVER GUESS.... Although he might not let everyone know, Rowen Kirwan can sing! If you need an extra voice for anything, be sure to ask him.

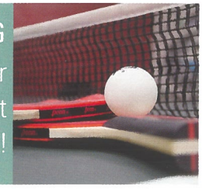

"If it was allowed you'd see me skateboarding. And yes, I can actually skateboard."

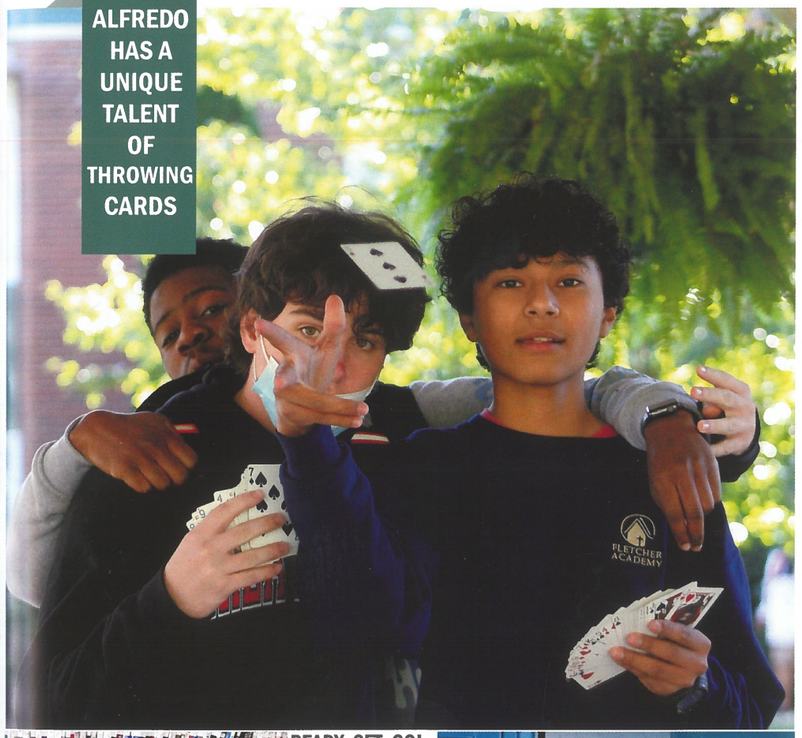

- Dylan Small

PING-PONG

Garrett is one of our school's best ping-pong players!

ALFREDO HAS A UNIQUE TALENT OF THROWING CARDS

READY, SET, GO!

Annie can read exceptionally fast compared to the average individual. But, reading isn't the only thing she does faster than others. If you've ever had a conversation with her, you know she talks at 1,000 miles per hour!

WHO SAID ADVERTISING ISN'T A TALENT?

It takes charisma, stamina, and excellent people skills in order to start and run a small business. Luke checks all of the requirement boxes! If you have access to something other than a Gabb phone, follow @sick_kicks_nc to check out Luke's page.

JUST WAIT... THERE'S MORE

DID YOU HEAR THAT?

Kat Green has a very interesting talent of being able to do bird calls!

SPORTS WHO?

Make sure to save room on your team for John Brass! Put him in any sport and he will undoubtedly become MVP in a short amount of time.

LINGUIST ?

Alicia can read AND speak the dead language of Latin! Isn't that amazing?

alfredo , grade 9

"Freshman class party was really fun. I got to talk to people and play fun games. The only bad part was that we didn't have Chick-fil-a."

sam morales, grade 11

"Kevin, don't jump!"

CLASS PARTIES

...the perfect time to reunite with your classmates after a long summer break. Each class plans an amazing afternoon filled with bonding, laughter, and some delicious snacks.

Q & A

"WHAT WAS THE HIGHLIGHT OF YOUR CLASS PARTY?"

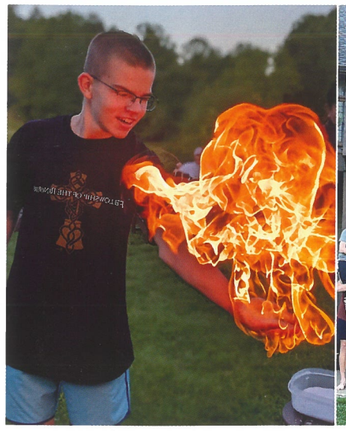

KEVIN MARTIN
GRADE 11

"Everything about the junior class party was purrr-fect."

JAYMIE STATES
GRADE 11

"Junior class party went better than I expected. Some officers from Sophomore year made homemade ice cream for hours beforehand and it seemed to be a big hit amongst our class."

ELIJAH SMALL, GRADE 9

"Getting to know all of my new classmates was so exciting! Our class trip was a great!"

JOHN BRASS, GRADE 9

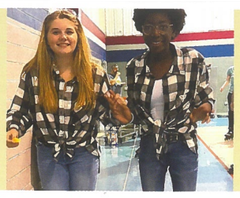

"Volleyball, swimming, and pizza = fun."

JAMES HOLT, GRADE 10

"Spending time with my class after the summer made the sophomore class party really fun."

jaycie states, grade 11

"It was the beginning of a bonding year."

Braden scoggins, grade 9

"The good was great and watching people jump into the pool was fun too!"

"The pizza had jalapeños."
-Xaris R.
Grade 9

"It was fun trying not to fall on my face while roller blading at the sophomore class party."
-EMILY MOFFIT, GRADE 10

class quotes

"Don't give Kevin sugar!"
-THOMAS BARRETO, GRADE 11

"I really liked reconnecting with old friends and meeting new class mates... the food was super good too."

ASHLEY AUSTIN Grade 11

Sam Myers
"My favorite part about work is definitely the people!"

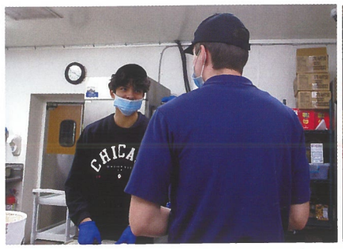

Andrew DeFluiter
"I really enjoy working in IT."

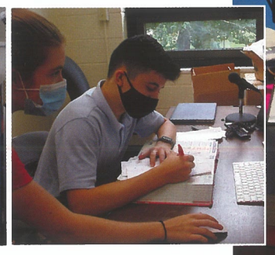

Avary Hodges
"Working in the Academy office is very interesting, but I enjoy it!"

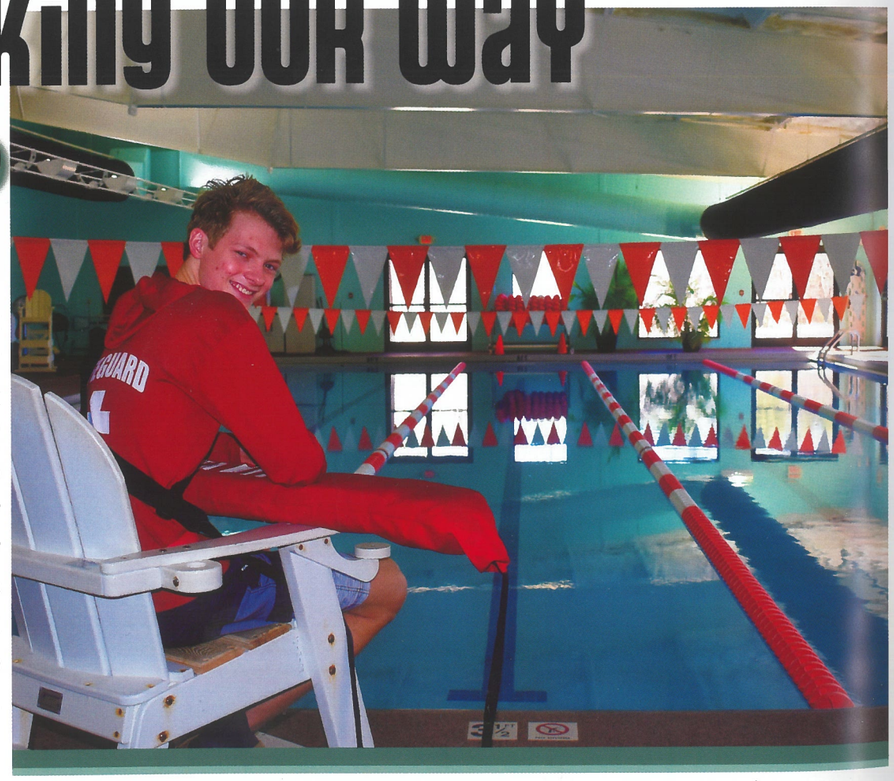

"Working at FPI has been an experience . Both good and bad . Mostly bad."
aiden gr. 12

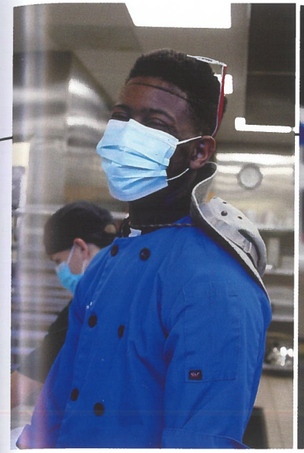

Working our way UP

In the words of Mr. Petty, "We couldn't function without our student workers, it just wouldn't happen." Work is something we all share, no matter your class, no matter your age. Everyone has a job. And together, we all try to achieve peak performance.

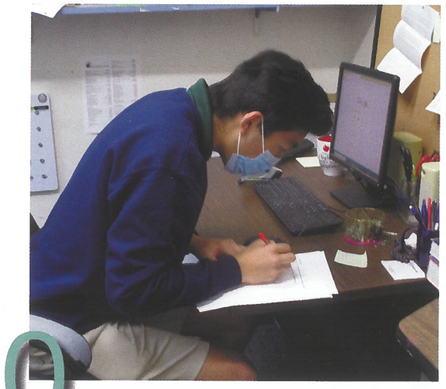

Let's face it... Without our café workers, we wouldn't survive.

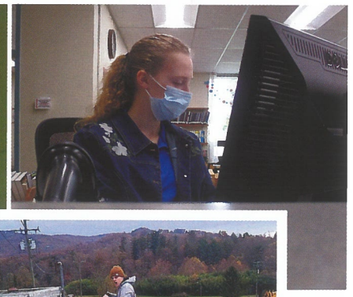

work, work, and more work

Conrad, who works for Mr. Bass, spends a lot of his time working on keeping Fletcher's buses nice and clean!

Q WHY DO YOU LIKE YOUR JOB?

A "I love my job because not only am I helping the teacher out, but after I finish I can study. I love grading because it's relaxing and a lot more laid back than previous jobs. 10/10 recommend grading for McQuistan."
nathan gr. 12

"I love teaching students skills that will benefit them and those around them. An important part of my job is to show them that work can be enjoyable. I love teaching children it's not broken, it's a creative opportunity to fix."
Tisha Kirwan with Plant Services

DO COOL STUFF

Before this year, I'd picked up a camera once. I now accredit my love for this inanimate object to being in yearbook.

Jaymie States

I enjoy spending more time in the student center and bonding with kids in my class and upperclassmen.

Hadassah Julien

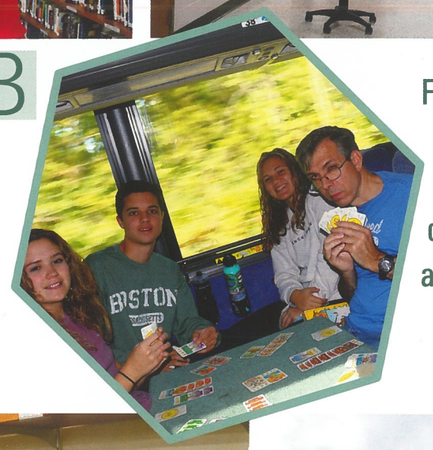

GABB LIFE

From capturing innocent animals to reading books upside down, campus became livelier and finding a quiet place to use slader impossible.

While the new phone policy took some adjusting, Fletcher students turned to new, creative ways to cure their boredom and abundant energy.

Sitting in a chair is where I find my happy place.

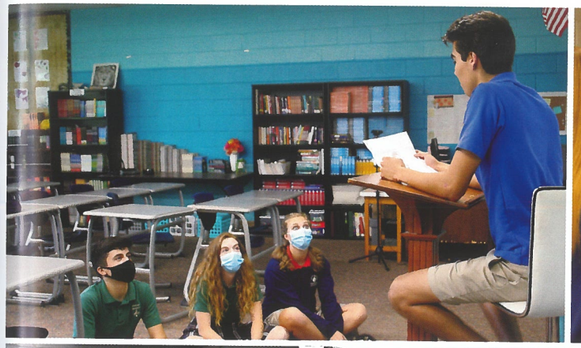

James Smith

Without my phone, I've found myself with a lot of free time. I've learned I enjoy spending most of it with my theragun and my stuffed monkey, Big Joe.

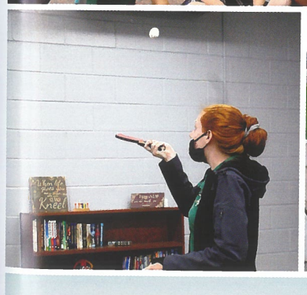

David Green

WHAT DOES YOUR FREE TIME LOOK LIKE?

Walking into the student center used to present a quiet studying environment. However, this year swarms of freshmen chose to nest there and occupy every game available.

Intramurals

Whether it is football, soccer, volleyball, basketball, or softball; intramurals is a time when students are able to get their heart rate up and have some fun. Some enjoy cheering others on from the sidelines while others will use any chance they get to get some play time in.

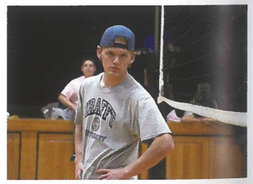

Volleyball... every time volleyball season is upon Fletcher Academy, every volleyball lover starts to get themselves warmed up for the long awaited sport. Teams are formed and everyone tries their best to improve as the season goes on.

I love slapping the spheres.

...Micah States

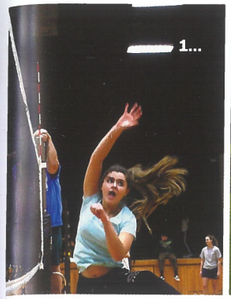

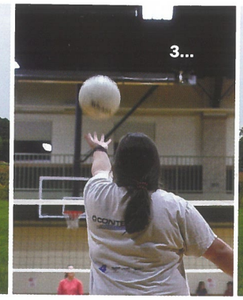

Dominators...
The RAs and the deans form an A league every year. They have great chemistry, "working" all night long together, and they dominate the competition.

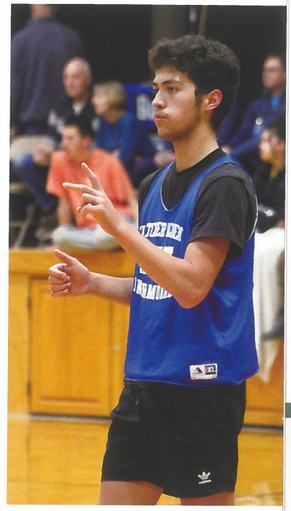

1... this is an expression of complete concentration, focus, and determination.
2... Durby, what a guy. We all love him.
3... the key is consistency, and if anybody is consistent it's Kaitlyn Whalley.
4... teamwork = dream work

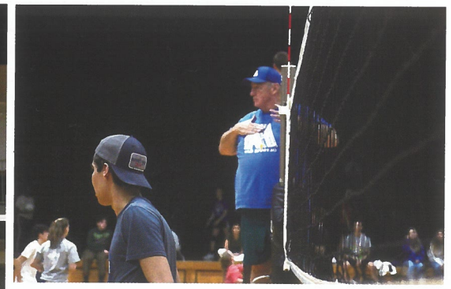

Spectators...
No matter the sport one can always count on a crowd showing up to support.

Jimm Bunch... one of the most respected refs out there, Mr. Bunch is sure not one to pick favorites, and is more than happy to give pointers to anyone willing to give a listen.

Referees... we all know that the world, as we know it, would not be the same without them.

"The Pros"... We've got B league we've got A league. It doesn't matter which one your on, but your bound to have a blast.

BOYS CLUB OPEN HOUSE

In the spirit of gift giving the guys decided to gift the girls with a performance of their iconic dorm song "Lean on Me".

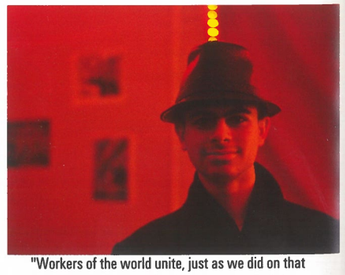

James Holt won first place in the dorm decorating competition for open house with his fine crafted fireplace and neatly hung stockings.

"It was all fun and games until the train went around the tree!"
-James Holt

"The style of decorating on the majority of the rooms was better than I would have thought guys capable of."
-Sarah Nunez

"Workers of the world unite, just as we did on that festive day. From a tranquil Christmas room all the way to a soviet Christmas, the variety was immeasurable."
-Mathew Cheloni

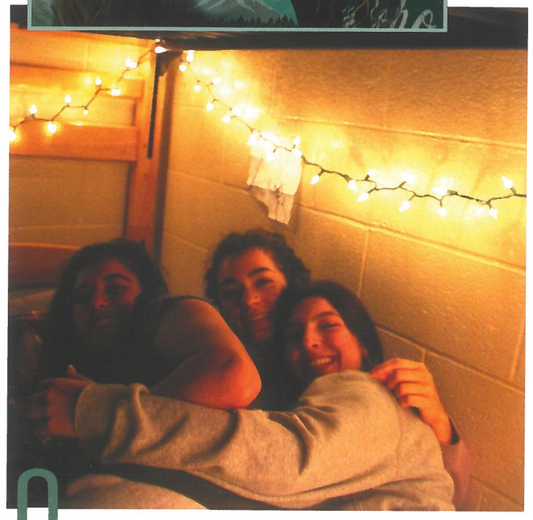

Once every two years the guys dorm opens their doors, presenting to the awaiting girls a lobby filled with Christmas lights strung throughout. Girls were greeted with the sweet sound of Christmas music ringing through the halls as they visited the uniquely decorated dorm rooms. Laughter was soon added to the mixture and the fun had begun. Once all the girls had the chance to see all the rooms we met in the dorm lobby for some announcements and singing. It was certainly an open house for the books.

As girls migrated from room to room trying to find which one they wanted to vote as best decorated; Chris and Bobo, who happens to be village, decided to welcome their guests with an unusual guest book. Girls piled into the room eagerly signing their names on a toilet seat. This particular toilet seat was found among an array of goods thrown into the ad buildings lost and found. When Bobo saw the toilet seat he knew he needed to take it. So the only logical thing to do with a toilet seat is to use it as a dorm decoration. The two now have a memory they will cherish forever, or as long as this toilet seat exists, signed by all their friends.

The Things You Find IN THE DORM

Q What was the most memorable moment?

The funniest and most memorable moment would definitely have to be the "nothing sus at all photo booth" found in Everest and David's room. We got 8 girls in the picture and that is one of my favorite pictures from this year.

SNOW Day

Students awoke to the campus covered in a blanket of snow. It was officially a snow day! Although this surprise means no classes, it doesn't mean we get a completely free day. After shoveling all the driveways at FPI, we were finally able to enjoy the snow! Students sledded down Strawberry Hill, had snowball fights, and enjoyed hot drinks. It was the most beautiful day filled with plenty of picture perfect moments that will be remembered for years to come.

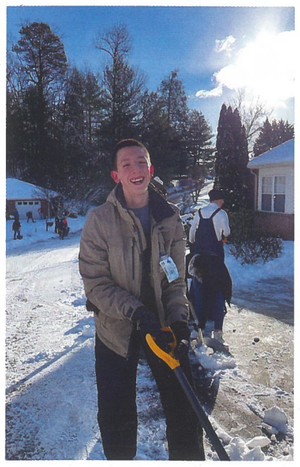

CHiLL OUT

As always, students get creative on how to spend their snow days. This year, these two decided to try new methods of "sledding".

"I loved getting to ski with all of my friends."
- Nickolas Cook

"Skiing, the art of catching a cold while rapidly heading no where at great personal risk."

HiTTiNG THE SLopes

It sure was a sweet day on Sugar Mountain! Most of the student body hit the slopes for our yearly ski trip, eager to experience the adrenalin rush as they flew down the mountainside. It was a day filled with learning, fun, and only a couple of injuries. As one student said, "The pain from skiing won't last forever, but the memories from this day will."

ANNIE & CAMI

SARA & KERI

ELAINA & EMILY

It's nothing short of coincidental that these two are not only dressed the same, even down to the socks, but they are both Aubrey!

UNIQUE sight

"Kilt, it's what happened to the last person who called it a skirt", but on a serious note, it was a weird twin day. And at least it wasn't windy."
- Justin Bobo &
Mathew Cheloni

TWO'S DAY

2-22-22

Rather than just settle for twin day, SA decided to up the challenge a little bit. Because this day will never again happen in history, a couple members from SA decided to hide two pairs of pears around the school. Regardless of how well they were hidden, each pear was found before the first classes even begun! These four schemed and planned in order to be the first to find the pears. To reward their efforts SA gifted them each a new Fitbit!
