EVERCHANGING

2023

This yearbook is dedicated to **Mr. Kroeper**

In the eyes of the students, Mr. Kroeper is an absolute legend. From his entertaining antics, to his creative teaching style, Mr. Kroeper's Christ-like personality and dedication to kindness shines through his every action. An understanding love and care for students, both in and out of the classroom, is apparent to all who meet him. His passion for agriculture and science has helped develop the new academic programs here at Fletcher Academy, enabling students to be inspired, get outside, and grow closer to God. Fletcher Academy would not be the same without Mr. Kroeper's joyful smile and helping hands. Thank you for all the compassion, love, and knowledge you share with the staff and students on campus.

WORTH ALL THE MEMORIES

It all started with a...

HANDSHAKE

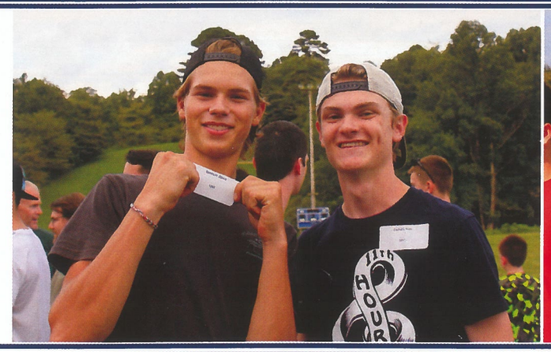

After four long years of practice, Peyton and Aiden have **finally** mastered the professional technique of handshaking!

" Our sweaty hands brought us closer as friends. "
-Bailey Root

" I **FINALLY** got to cuddle with my friends after a long summer apart! "
-Ivan Wilkie

BRYCEN YOUNG Gr. 9
"I think handshake was a unique event. I have never heard of it before. It is something special for our school."

DAVID LARRABEE Gr. 9
" It was basically a Covid square, with the end goal being hand sanitizer. "

TED DELAY Gr. 11
"Handshake was quite good, it was nice to see all the fletcher people again"

ANTHONY ZILL Gr. 11
"Man I need hand sanitizer"

ERIC WETMORE Gr. 11
"There were an extreme amount of new faces whose grease filled hands I had the honor of shaking. It was a fantastic way to kick off SA's collaboration with our great student body."

Sabbath in the Mountains

Sabbath in the mountains for me was filled with a lot of different memories. We had a lot of skits that made me laugh and see others perspectives on the bible. I enjoyed the mix of different personalities that were in each group. Afterwards we went to a waterfall where the water was absolutely freezing but refreshing at the same time. It was nice to get away from the stereotypical way of church and just enjoy God's creation in a new way!
-Hadassah Julien (Gr. 11)

Unlike the morons who jumped in 15 degree water, I stayed dry and warm.
- Aiden Wilhelm

Ahhh! Put me down!
- Salamander

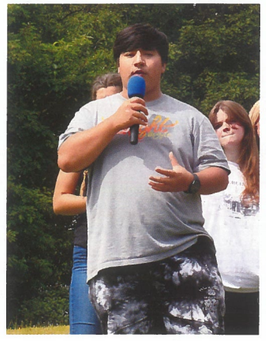

I liked how we worshiped God outdoors. I also liked the speaker and the peace outside
- Eliana Brenner

Sabbath Skits

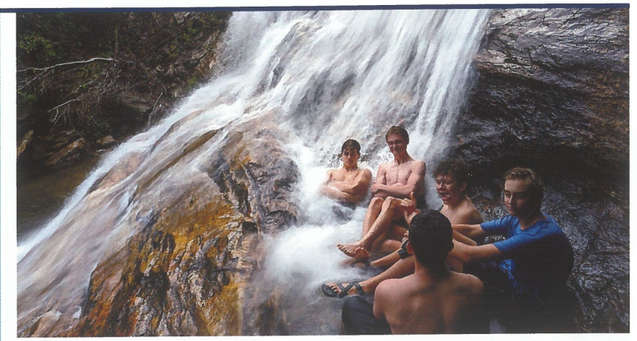

Me and Benji were the golden statue from the story of the fiery furnace for our skit. It definitely was an interesting experience but it was fun to come up with ideas and tell the story while trying not to fall. -Sarah Nunez

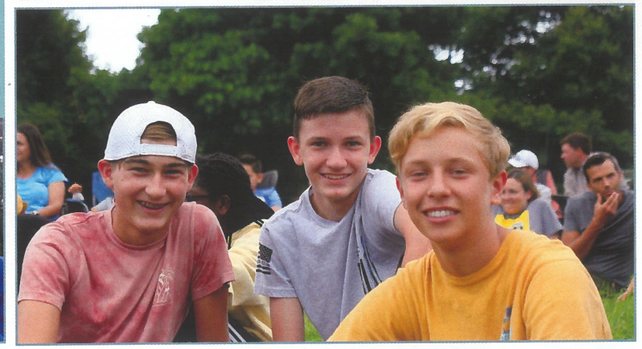

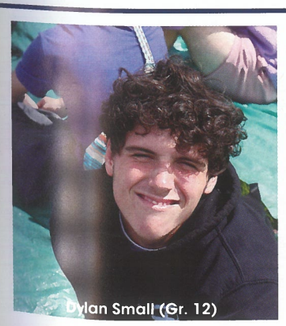

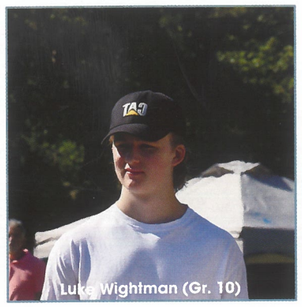

"When I started to lose feeling and thought I couldn't handle any colder I looked over at James and saw his twitching muscles and while I wondered how much brain damage he was experiencing I suddenly realized I didn't feel too bad. Testosterone has made me do many things I've regretted in life. Killing my brain cells in a cold waterfall wasn't the worst."

What's the Ramble About CLASS SCRAMBLE?

It's the long awaited night of Class Scramble. You just got dropped off at the LPC, and you look like your parents just kicked you out of the basement! Decked out in your full chapel uniform and holding a suitcase full of random junk in one hand, and a laundry basket full of even more miscellaneous junk in the other. You might have even practiced your game face in the mirror before you left the house. You enter the gym, your classmates are already at work haphazardly organizing their stuff, and gasp, oh no you forgot to get crest and colgate toothpaste...This is a view into Class Scramble at Fletcher.

CAUGHT UP IN THE ACTION

I really like Mr. Bass's fit at Class scramble. It was really drippy.

Eve Stoica (Gr 11)

Class Scramble was fun! I never thought that my motivation to sprint across the gym would be a pair of rubber gloves!

Cesia Campos (Gr 10)

At first it looked like the Juniors might win, but our dedicated class came out on top. Class scramble was a fun!

Andy Cote (Gr 12)

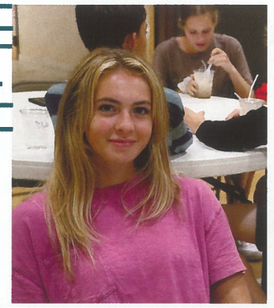

Class Parties

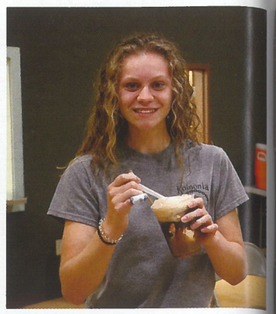

Reconnecting and Bonding

Most students agree that class parties are a great start to the school year. There is no better way to get back into the swing of things that fun games, good food and old and new friends. Class parties often give people a chance to bond with their class before the start of another super busy year.

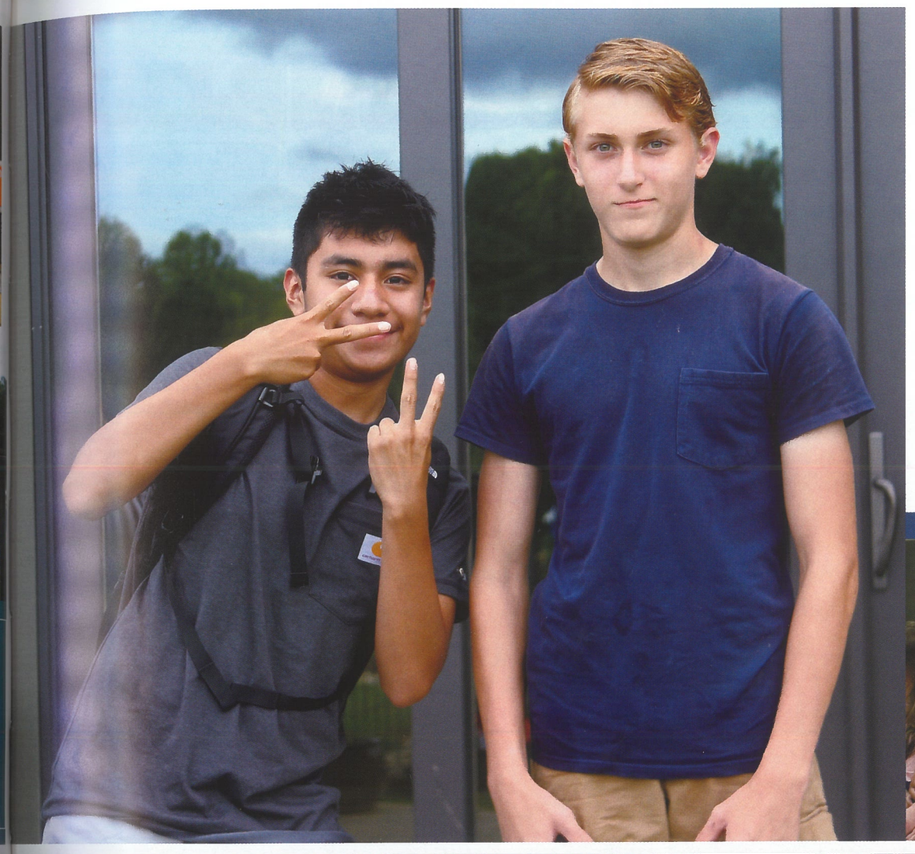

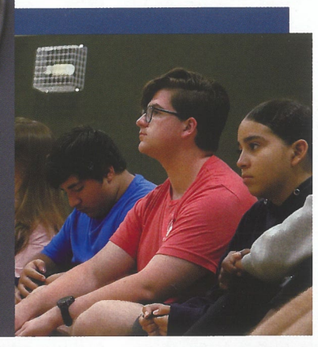

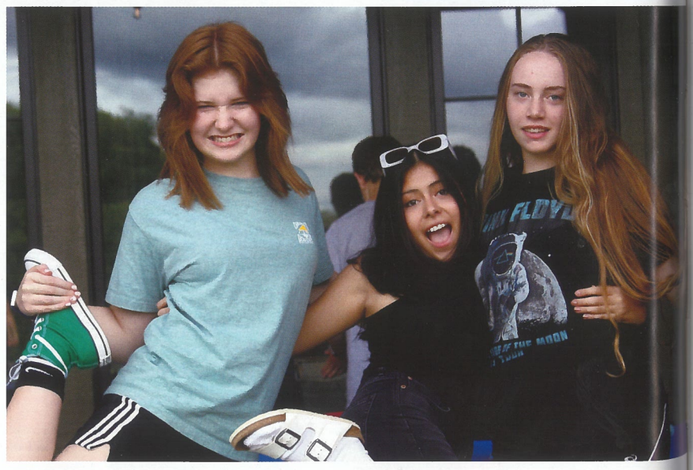

Personally, I prefer Luke shirtless. Also Lantz has a horizontally gifted cat. - Lucca Garza

" All I'm saying is Lantz looks good shirtless. " -Alex Castro

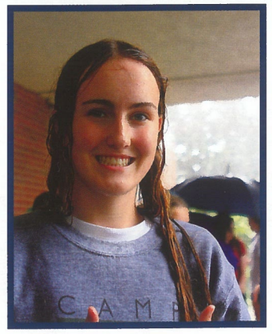

"We got drenched not once, but twice. Birkenstocks were not the best choice for that day. "

Morgan Miller

"It's fun getting to learn new people, but my favorite part was sitting in a circle drinking sparkley water and gossiping with Seth Gibbs and a bunch of girls."
- Tiffany Trace

Swimming was fun and I enjoyed getting to know my class. Aquatic dunking was a hit!"
-Sam Myers

HIGHLIGHTS OF CLASS PARTY

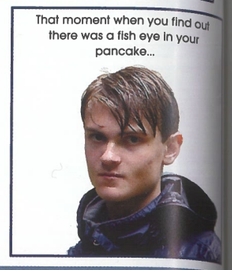

"At this point, Kroeper's kids are a part of our class."
- Jaymie States

BOYS CLUB CAMP-OUT

Wet, cold, but not alone, the boys of Fletcher joined together to face the harsh elements of the great outdoors. Each one had something to prove. Their physical limits, survival skills and will to live were all pushed nearly to the breaking point. Each boy came back changed, stronger, and a couple steps closer to being a man.

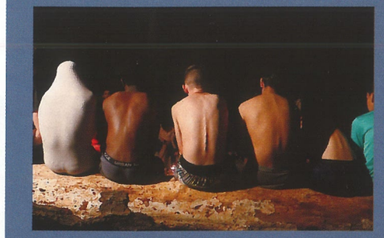

James and Micheal found their calling by setting up their own hot dog shop!

That moment when you find out there was a fish eye in your pancake...

Fishing became one of Zion Fuentes's new favorite pastimes. .

Although the rain left us drenched, it didn't dampen our spirits!

There is not much to say here... Sam Morales being Sam Morales.

Eric brought an umbrella so he wouldn't become wet more.

GIRLS CLUB LOCK-IN

Usually the girls would have been outside, but because of rain, they all had to bunker down inside the dorm. Even though plans were changed, lots of bonding was still able to happen! Additionally, the girls were definitely happy about sleeping indoors!

Saturday night rain resulted in the most **ULTIMATE DODGEBALL TOURNAMENT**. Tensions rose as a grueling competition of dodgeball broke out. Boys V.S. Girls. Nothing screams bonding more than hurling kickballs at freshman boys. Needless to say, Saturday night ended the camp-outs with excitement and fun.

GIRLS CAMP-OUT WOULDN'T BE GIRLS CAMP-OUT WITHOUT...

Friends and new faces, Girls Club Camp-out is always a good time to become familiar with new people and old friends!

Humanities Trip

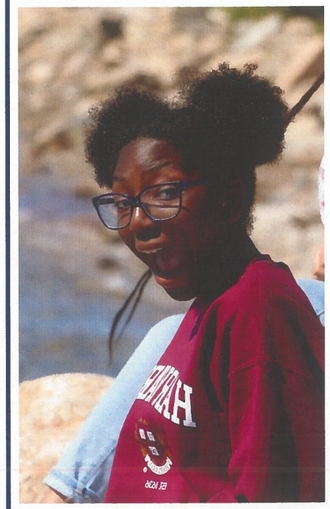

Graves, Graves, and... Graves

"It was fun," they said with tears coming down their eyes. With less than the optimal amount of sleep on a bus, not everyone had a smile on their face, the first morning of the trip. Nevertheless as the trip went on more and more smiles became visible. From city to city, our class built many fun experiences. Whether it was the hours in the bus or walking for what seemed like days just to see gravestones, the Class of 2024 had an awesome time, and many memories were made when they released us into the cities to find a places to eat and to become tourists. We learned a lot about history, God, and each other.
- Matthew D.

**Sleep is obtained only through peace, of which there is none on a bus with 50 kids. That was probably why I was staring at graves -
Cole Jarret**

"Humanities trip was definitely an experience... Oh how I loved learning about all the dead people and seeing their personal rocks. The American history was cool I guess, but I'm Canadian :)"

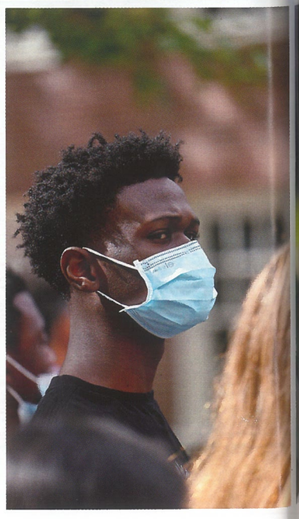

- Cadence Mohns

"We all thought the skyscrapers were the biggest thing in town until we saw that cops arms."

-Matthew Taylor

After all the statutes, gravestones, and monuments, seeing Plymouth Rock (Pebble) put a smile on our faces.

FALL

P

Fall Picnic weekend: When you smear war paint on the faces of your fellow comrades. When the unmistakable scent of sharpie catches you by surprise as you pass people proudly wearing their t-shirts. When the graduating class charges to meet the hill ablaze with fire. The games have begun.

N

"My favorite event that I participated in was the mile because of the hype and the support I felt from my class and friends each time I passed the bleachers"
- Abbi Sutton

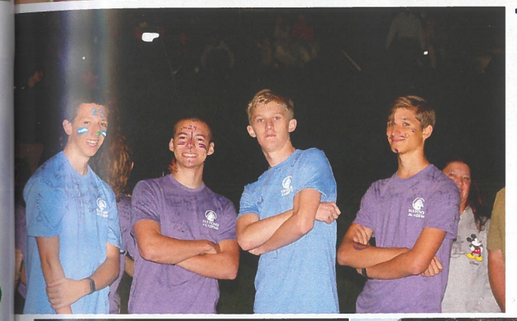

Then there came the event that the crowd had been longing for: the long jump.. Contestant Landon Burgin does a little hop, skip, and a jump to the bar and successfully makes it over the bar with some type of majestic floppy pancake move.

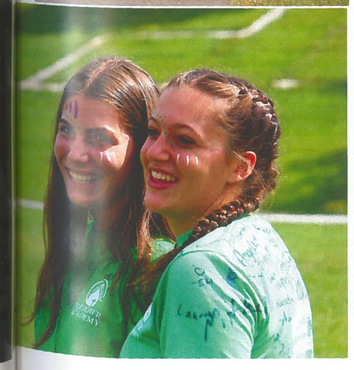

My favorite event from fall picnic was tug-of-war, because it is a battle between classes. Where both sides are fighting for the upper hand.
-Andrew De Fluiter

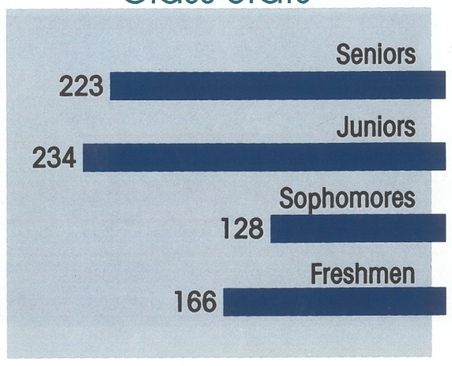

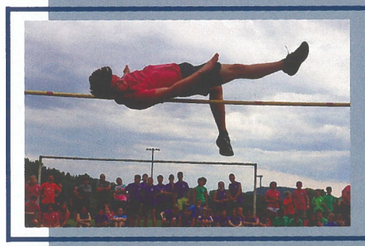

Class Stats

Alumni Weekend

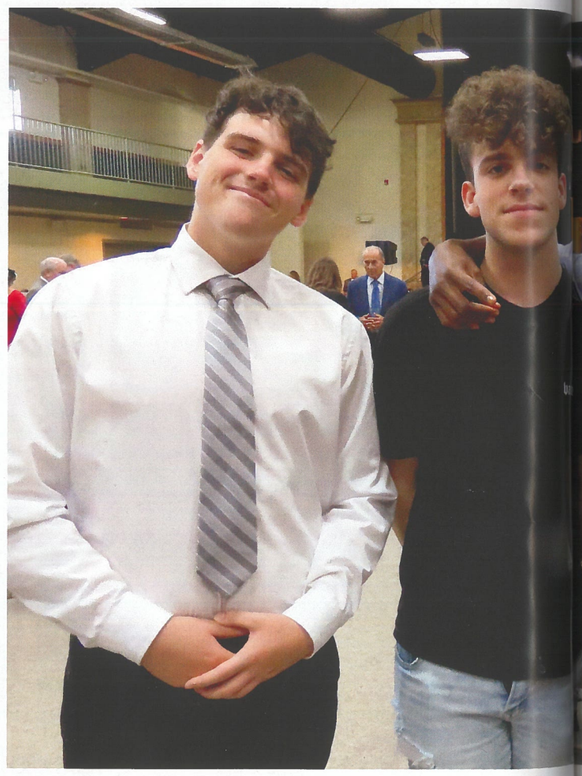

Alumni weekend is an excellent time to catch up with old friends–and make new ones too–bonding over our shared experiences at Fletcher. It's also a great opportunity for the current upperclassmen to become closer as a class as they do their part to help the weekend go seamlessly, while looking forward to their upcoming time as alumni.

I loved getting to see old friends who have already graduated! Life at fletcher hasn't been the same since they left. - Eric Wetmore '11

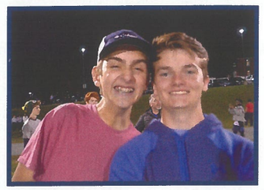

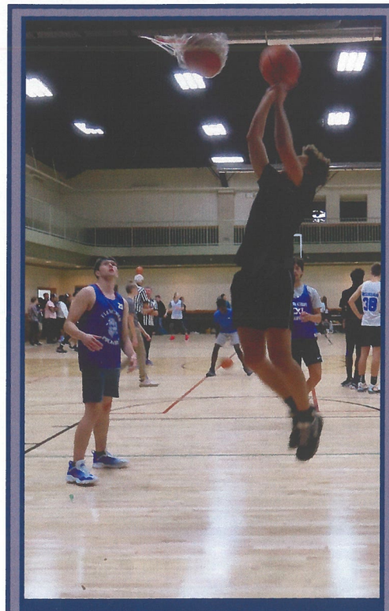

Let The Games Begin!

The greatly anticipated alumni games are upon us! It's the last half of the basketball game, and the scores are tied. The student football team already lost their game, so the pressure is on. Suddenly a student grabs the ball, drives down the court and scores just as the clock runs out!! It's a win for the students!

Playing in the alumni basketball games was a really awesome experience , and I can't wait to do it again next year!
-Lucca Garza, '10

My favorite part of Alumni Weekend was getting to use the Alumnus's phones and other illegal electronic devices!!!
- Anonymous Dorm Student

Our performance (Exaltation) was about as smooth as volcanic rock, but it was still a lot of fun!
- Kristen Bates, '10

The strings performance went great until Mr. Browning lost his sheet music.
- Lauren Wright, '9

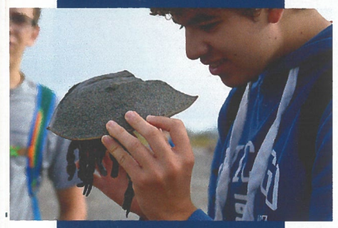

BIOLOGY TRIP

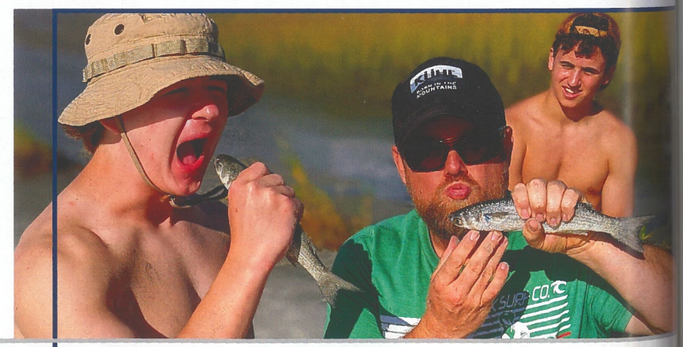

"Swim Away!" - Mr. Carvill

If you has not witnessed Mr. Carvill in all his glory then you truly haven't lived life. On biology trip students were gifted to witness when Mr. Carvill (King Carvill) make a valiant effort, representing those he left behind in the great down under by challenging a alligator for safe passage on the trail. With stick in one hand and manhood in the other King Carvill won us safe passage on Bull's Island.

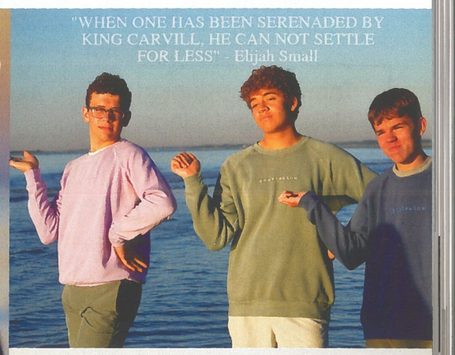

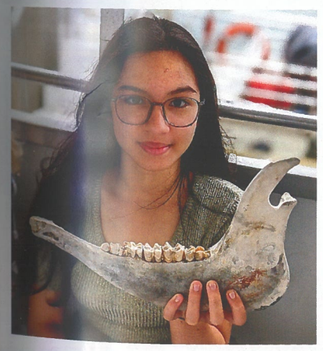

SUNRISE SHENANIGANS

"WHEN ONE HAS BEEN SERENADED BY KING CARVILL, HE CAN NOT SETTLE FOR LESS" - Elijah Small

"I loved so many parts of biology trip! From swimming in the ocean, paddle boarding, playing uno with my friends, exploring Bulls island, and just laughing around with people!"
-Jolie Gallinger

Fall Festival...

"Tis the season for corduroy and dying leaves. I love fall and nothing says fall like brisk weather and baby goats. Fall festival this year was great because it had both. I'm thankful for friends, family, and coma inducing food. Good thing it's bulking season. "
- Rachel Gibbs

This year the Junior class **changed** things up and took fundraising to another level, literally! As candy rained from the sky, children covered their heads and aggressively searched for the Golden candy worth $20!

It's not everyday you get to through a pie in your principal's face!
-Ilona Johnson

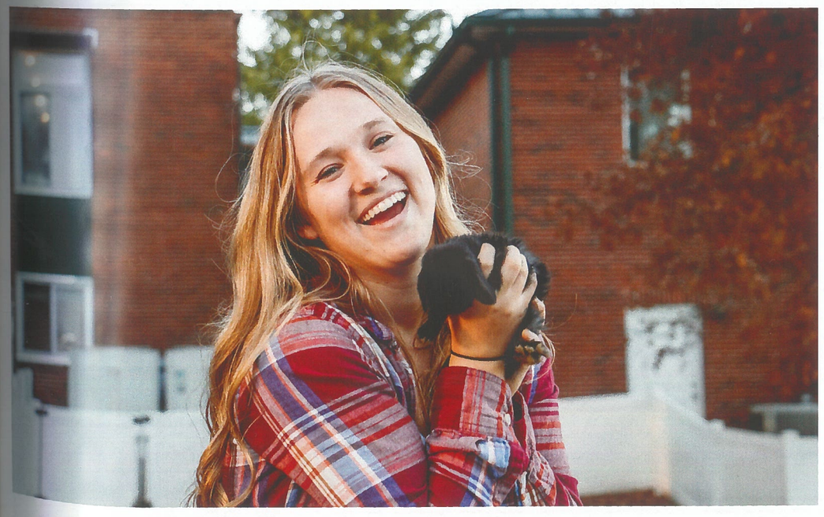

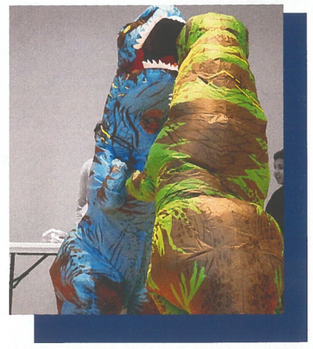

Face-painting business was booming this year. They did it all, from pigs to butterflies.

"I never knew that getting a snake face painting would be so fun! I don't bite, but my snake does"
-Benji Edemidiong

A classic fall festival event is the dinosaur wrestle, raaaaah!!!!!

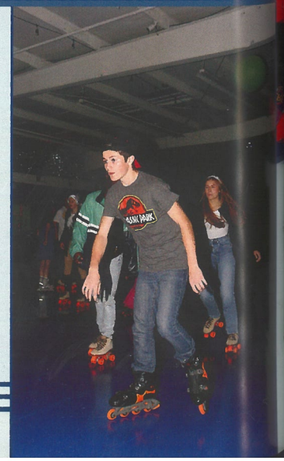

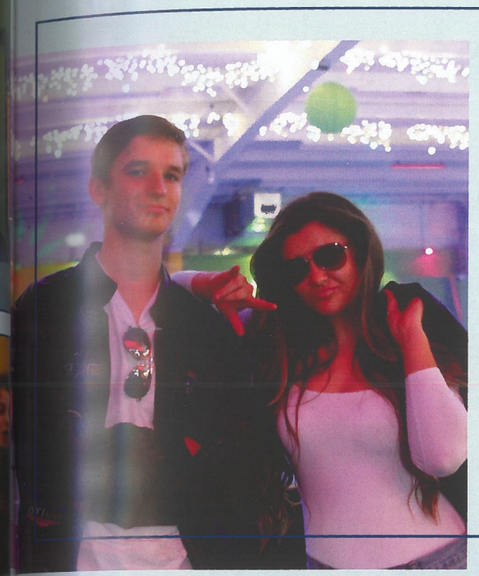

Blast From The Past!

At boys club banquet I enjoyed beating up minors (Peyton) in the bouncy castle.
-Aiden Wilhelm

BOYS CLUB BANQUET

Banquet was great. I found a new love roller skating. Man, if your not vegan the food was great.
-Claire Beckworth

I really didn't know I could go that low for the limbo.
-Dailen Haney

Abbi and Andrew won best couple because Andrew looks like a human light bulb!
-Michale Sparks

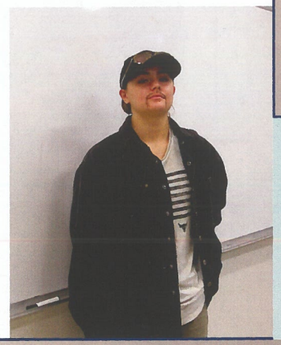

Christian Dey (Gr. 10) Tesia Dobson (Gr. 9) Bryan Wickham (Gr. 9) Lauren Wright (Gr. 9) Narden Jean-Jacques Paul and Alex Aiden Quintin (Gr. 10)

Boys club banquet was rad, however the food wasn't very accommodating for the lactose intolerant.

Spirit Week

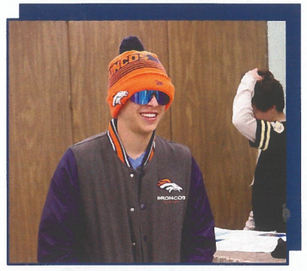

At Fletcher, we take our Spirit Week pretty seriously. Our motto is "Go big or go home!" Whether its being criticized for wearing a Cowboy's jersey, or suffering from heat exhaustion from all the layers of clothing you have on. Fletcher may be known for wearing uniforms, but we know how to dress for the occasion.

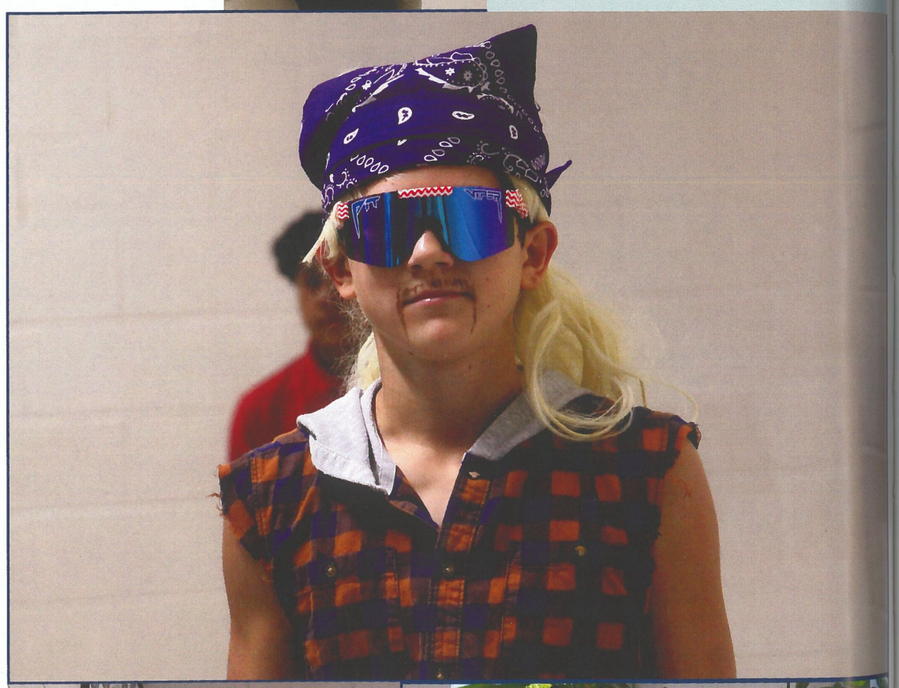

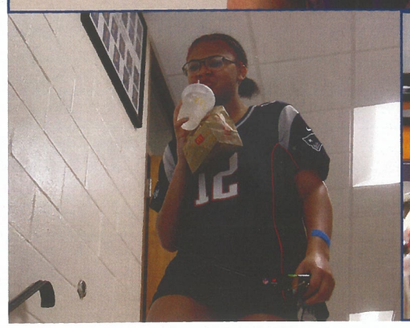

Asheville Hippie Day was the perfect time to represent our favorite city! There's nothing like letting out your inner hippie.

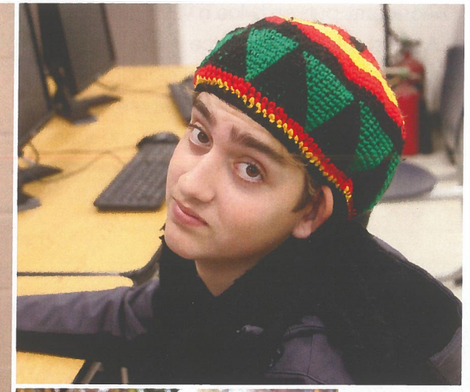

"I loved how I didn't have to wear my wonderful school uniform!" (Elaina Geneve gr. 10)

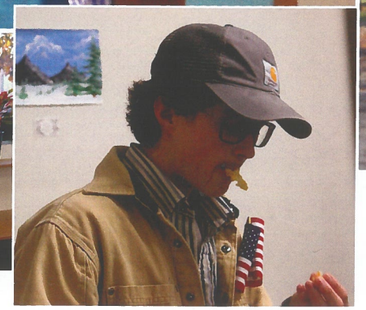

"Do I look hillbillyish?" (Cesia Campos gr. 10)

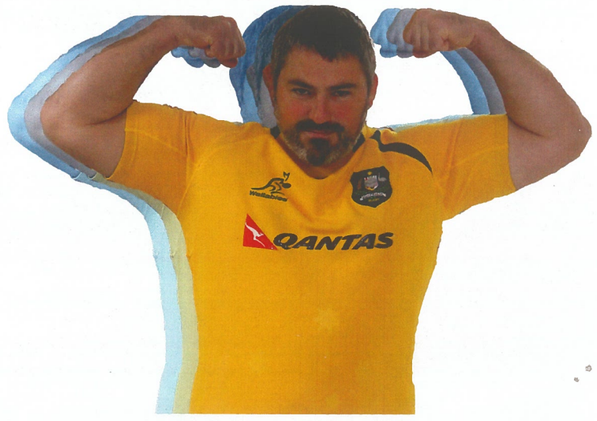

"Mr. Carvill turned Sports Day to open carry day" (Peyton Meadows gr. 12)

Monday : Hillbilly Day
Tuesday : Sports Day
Wednesday : Asheville Hippie Day
Thursday : Business Casual Day
Friday : Bed Head/ Mix-matched Sock Day

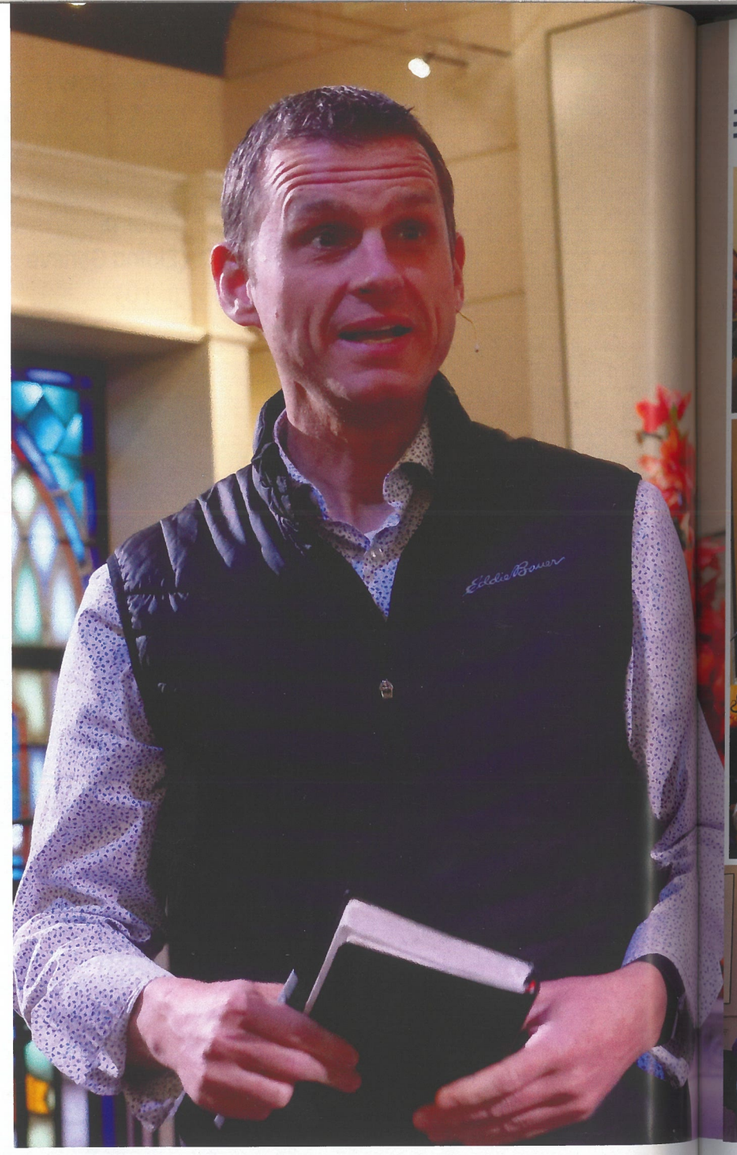

WEEK OF PRAYER

Week of prayer is an event that Fletcher Academy puts on twice a year for the students. A guest speaker talks twice a day at the chapel during school hours, and at night in the church after supper. This is a time where everyone comes together to worship God and share their testimonies of faith, while being inspired to go out into the world to be a witness.

"I can't say I remember everything... But I do remember that God is great!"
- Andrew Coleman

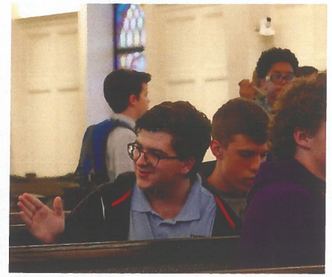

STUDENT TAKEAWAY

"Week of Prayer is always a highlight for me, partly because classes are shorter. However, the messages the speaker this year gave were very profound and applicable. Micheal Goetz dropped one liners left and right which I appreciate a lot more because I remember it better. His personal stories which comprised his testimony were an impact to both me and those who listened."

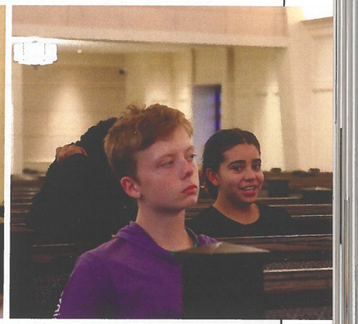

- Jaymie States

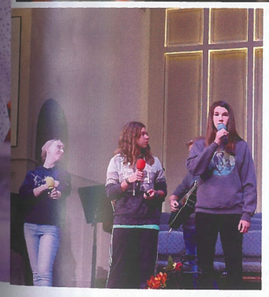

The guy from the airport story took a major L when the girl said "sure" to his proposal. I feel bad for that guy.
_ James Holt

"The stories were very entertaining and I loved singing with the praise team"
- Nyla Darnell

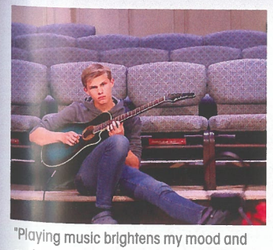

Altered Opinion

ERIC WETMORE Gr. 11

"Although my face doesn't look too joyful, I actually enjoyed all the stories the pastor shared with us. It's fairly rare that I like the week of prayer speakers. I would say this guy was pretty good.
-Eric Wetmore

THE MESSAGE IN MUSIC

"Playing music brightens my mood and makes me feel better music is life man!"
-Daniel Haney

"I think music is a very powerful force in the world and it feels great to be able to make music with friends. Give me Cajons or give me death!"
-Elijah Small

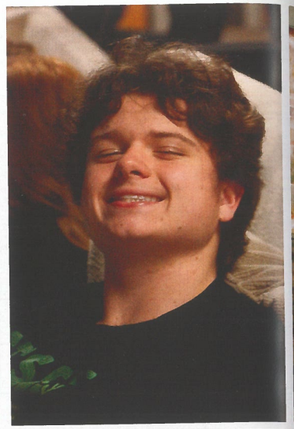

"Hearing myself playing the right notes makes my worries and troubles go away all at once."
-Matthew Hong

"Praise team was very well good cool."
-Stephen Learned

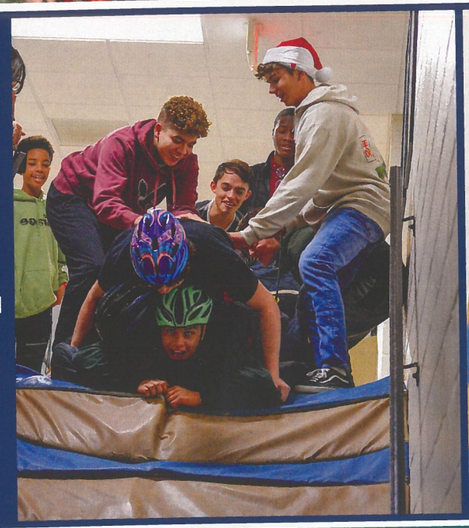

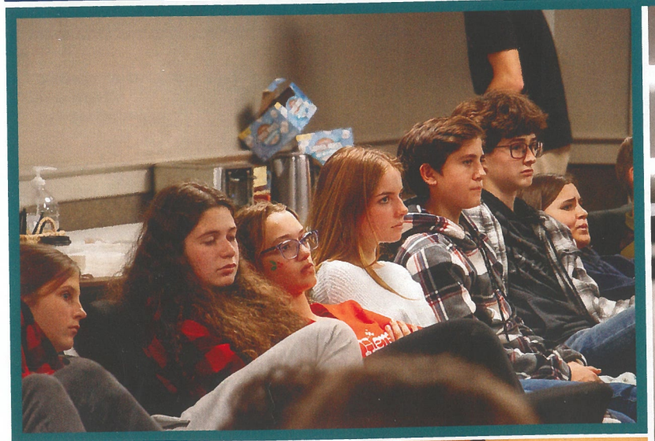

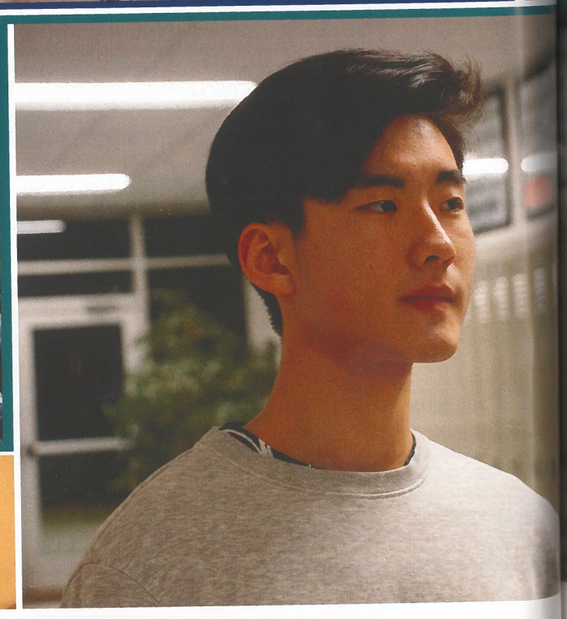

Mattress Surfing

Mattress Surfing was a highlight at Christmas Party this year. After missing out on it last year everyone was glad to see it back. Nothing can beat the thrill of sliding down the AD building stairs with your best pals.

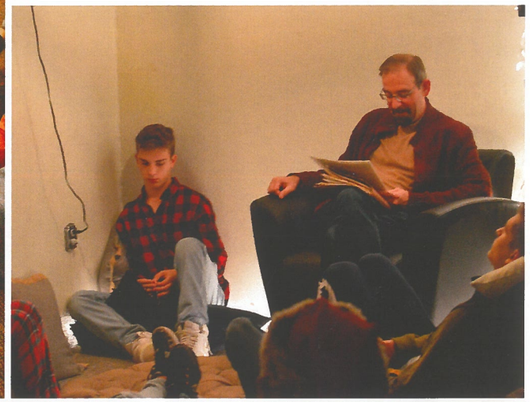

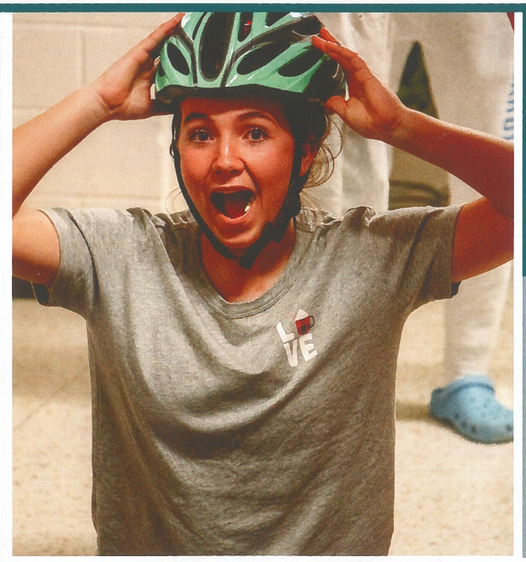

SA

CHRISTMAS PARTY

The Student Association's Christmas Party remained a classic favorite for the student body this year. With a flare of new activities from dizzy decorating, to the return of mattress surfing, to home style Christmas stories with Mr. Small, the ad building was full of fun laughter and Christmas cheer for everyone.

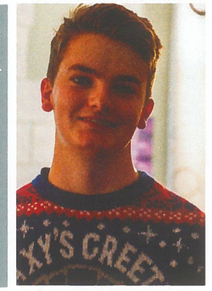

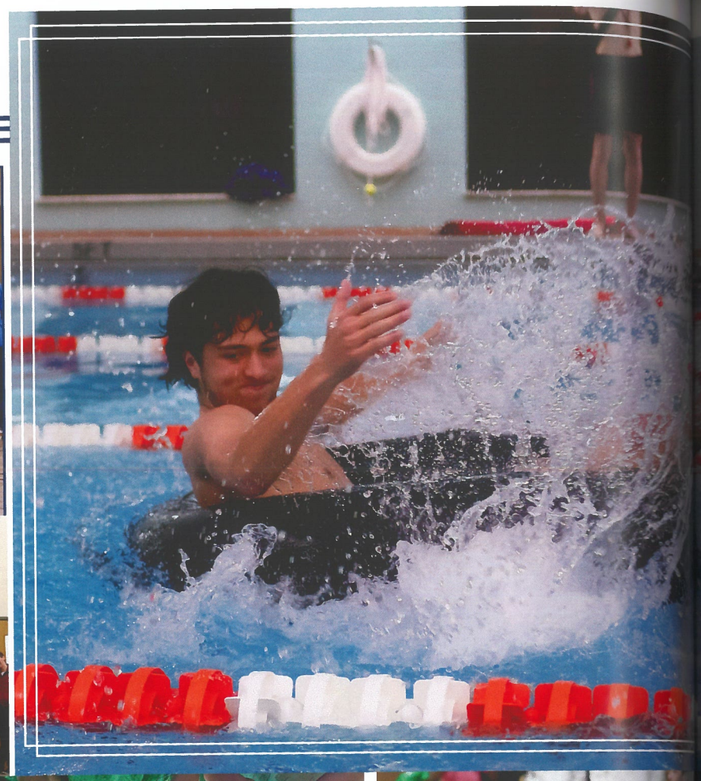

We had a really small group, but we still had a good time going around the rotations.
- Colin M.

"The sophomores were tough but we were tougher!"
-Danny Amann

People say we're dumb, stupid, imature, and annoying but we got third place in Olympics, I think that deserves a gold metal.
-Stephen Learned

WINTER OLYMPICS

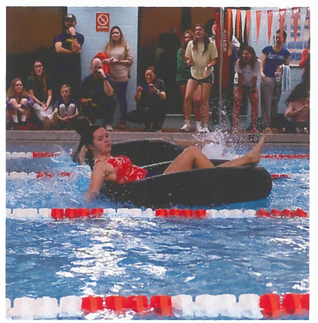

And So the Competition Begins

Stakes were high and adrenaline higher, every student was on edge as the Winter Olympics events began to unfold. From the inner tube relay to basketball championships, classes knew that even the smallest win could lead them to victory. Everyone was determined to win and sacrifice whatever strength they had left in their body to claim the title of Winter Olympics Champs of 2023. Screams and cheers of excitement filled the gym Saturday night as competitors gave their final push for victory. All outcomes aside, each class bonded over competitive spirits and good memories.

For The RECORD

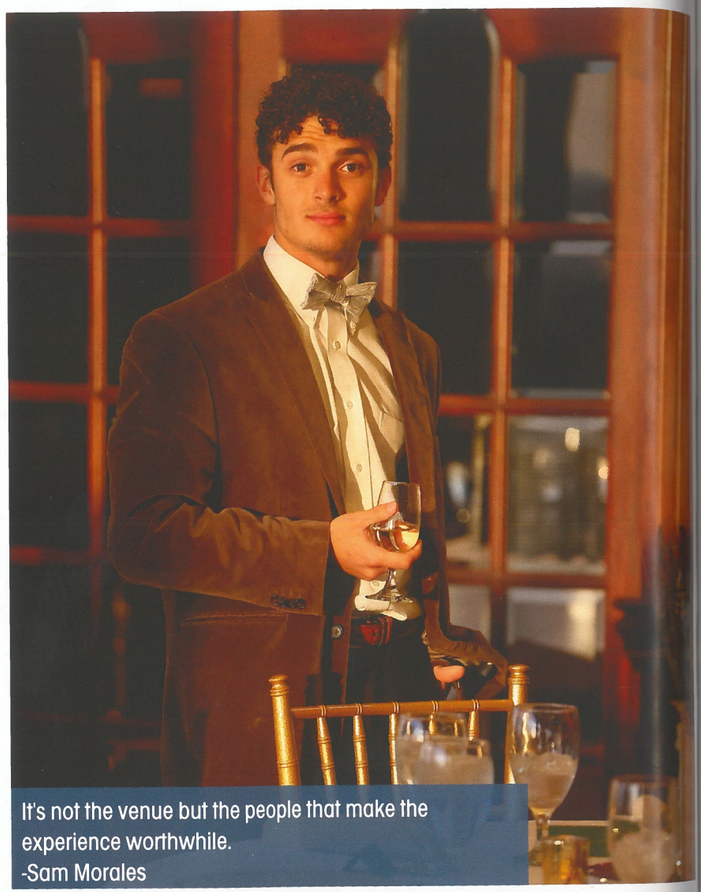

Records at Fletcher tend to be **ever changing**. As our athleticism continues to reach new peaks, Winter Olympics records continue to be broken. With 6 new records broken this year, the students have proved themselves worthy of a gold medal!

Savannah K. - 50m Swim (30.21s)
- Push Ups (62)
Caleb K. - Jump Rope (184)
Cheyenne N. - Sit Ups (64)
Garret R. - Pull Ups (30)
Conner W. - Free Throw (27)

A Night in Tuscany

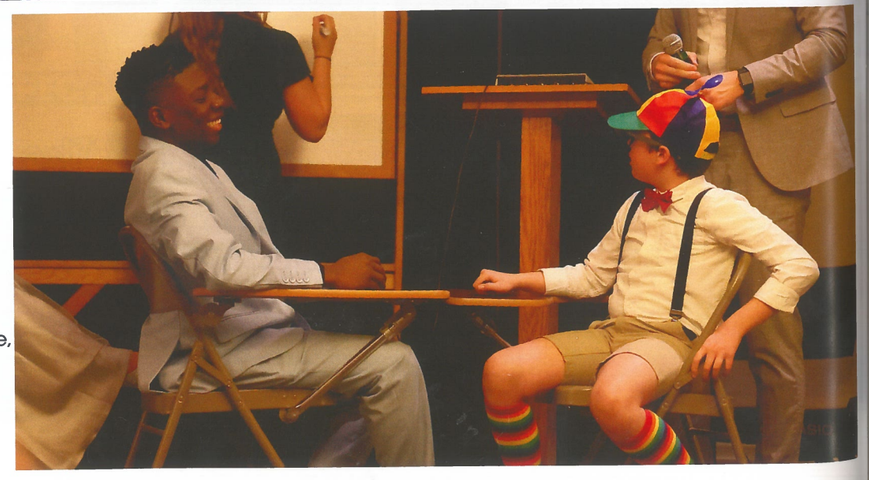

After a long ride, the buses dropped the students off in downtown Greenville, SC several blocks from the venue. Everyone lined up to take pictures before following SA members to the Commerce Club. Upon their arrival, they found an elevator waiting to take them to the 17th floor. The floor to ceiling windows in the venue provided a striking view of the *continually changing* sun setting over the city, and made for a beautiful backdrop to the evening.

It's not the venue but the people that make the experience worthwhile.
-Sam Morales

▶ Have you ever heard of the game show "Are You Smarter than a 5th grader"? This year Fletcher's Student Association decided to put a "fletcherized" twist on this popular show with "Are You Smarter than Asher Wilhelm?" The game consisted of a Fletcher student going up against Asher to answer a simple trivia question, and whoever answered correctly got a point. To no one's surprise, the game ended in a massive win for Asher.

Everyone at banquet was slaying honestly.
Morgan Simpson

Mamma Mia!

SA kicked off the night's entertainment with a captivating duet, James Smith on the cello, and Caleb Kim on the piano. In between additional musical performances, Seth and Elijah performed several skits including one poking fun at two of the seniors. There were also a few game shows, including the hits "Are you smarter than Asher Wilhelm" and "Who's Your Date" where students went up on stage with their date and their best friend. The challenge came when they had to guess who was who based on the answers they gave to random questions. All in all, the night was a huge success. The venue was stunning, as were the students. Many students who attended described it as the best banquet yet!.

"PRAYER CONFERENCE"

An Original Poem by Mark Mapes

Got to Kulaqua on a Wednesday night
The food was quite right
The heat was not
The soccer was quite fun
The food was like a bun
We came back at night
With no light

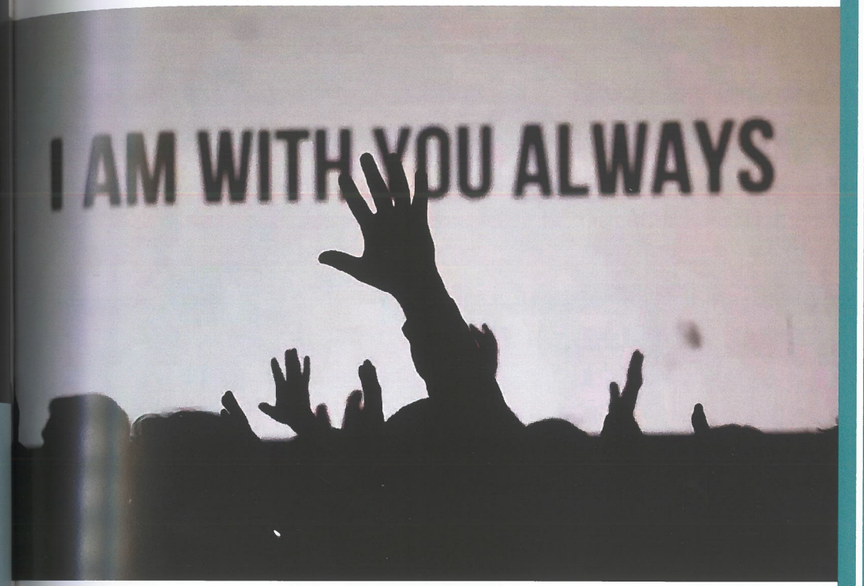

ALL ABOUT **JESUS**

Prayer Conference was an uplifting experience for me. The family that I got to be a part of was filled with people that I loved and needed in my life and what will stick with me forever. These are the five words I needed to hear: I (God) Am With You Always.
- Adrianna Esteves, Gr 12

PRAYER CONFERENCE

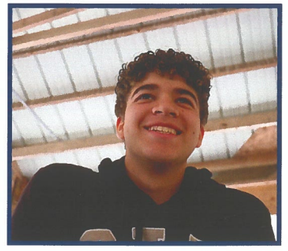

"Prayer conference let me expand my friend group and have an experience with God that was quite unforgettable. This quite possibly changed my life."
- Elijah Small Gr 10

"The alligators were cool, but Jesus was cooler"
- Micah Burgin Gr 10

"I didn't find a shawty, but I found Jesus!"
- Anna Schneider Gr 12

"Mountain top experiences don't last forever but good friends do. It gave me both."
- Seth Gibbs Gr 10

"Dude... My family group was actually legendary. I loved all the awesome Jesus moments and the turtles"
- Kylie Root Gr 12

GROUPS

TOGETHER WE INSPIRE A CHANGE

Coaches Message

We're Back Baby! What an amazing group of athletes. Without much notice or knowledge of who their coach would be or what he would be like more than 40 students showed up for tryouts. Hours of practice later, blood, sweat, and maybe a few tears...we were headed to our first AcroFest in years. Not enough can be said about our young first and second year members, they are going to be the foundation for years to come. As for our junior and senior members, the leadership and work ethic has been the catalyst all year for our success! I'm proud to be the coach for each of you, remember that when Jesus is at the center of your perspective, the heights you can achieve and obstacles you can overcome are uncountable!!
- Coach Mohns

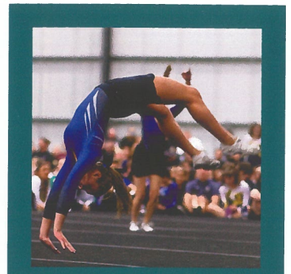

ACROKNIGHTS
In action

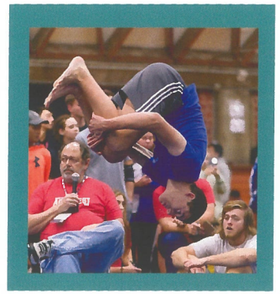

"Acro is a really great place to learn how to work as a team and to learn how to trust one another."
- Braden Scoggins

"I'm glad I joined Acro this year! I have made many new connections with people I wouldn't regularly talk to!" - Casimir Wolski

TOGETHER WE ARE STRONGER

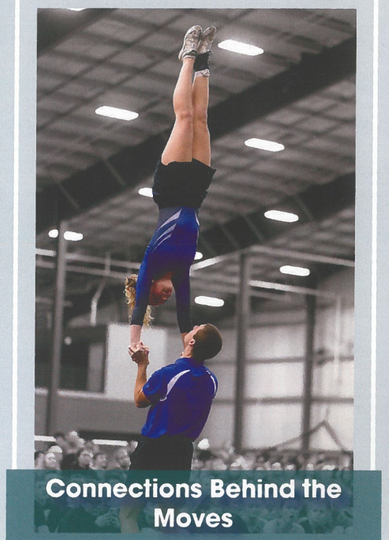

NEW HEIGHTS

"Gymnastics has always been a huge part of my life since I can remember... Looking back at the beginning of the year our team has grown and improved so much and the memories will always remain-especially from acrofest"
- Cadence Mohns

Captain's Corner

Connections Behind the Moves

Acro is an important part of my life. I've done gymnastics in general for years and it brings on a special amount of peace when I do it. When you are flipping through the air or tossing girls you can only focus on one thing and all the worries of the world melt away. But more than that it is a time to get together with friends as a team and do what we love to do.
- Andrew deFluiter Gr 11

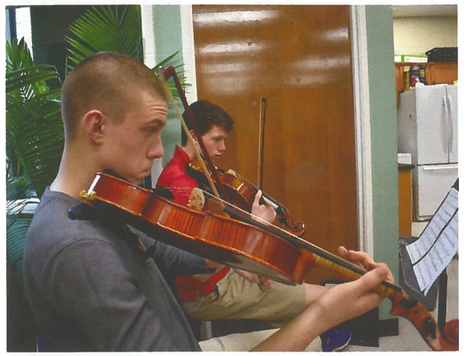

Being an AcroKnight means you put yourself in a high risk high reward environment. The potential for danger is what brings us so close as a team and creates a family environment. I could easily say that each of us feels responsible for each other's safety and well being. There is something special about working towards and accomplishing goals you set for yourself. A mixture of healthy competition, physical fitness and trust in your team mates creates a unique environment you can't find anywhere else.
- Kylie Root Gr 12

Just Fiddlin' Around

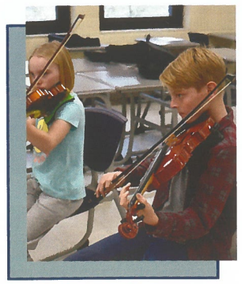

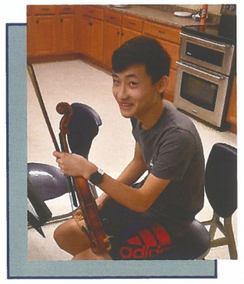

Strings remains a mainstay in the Fletcher Academy music program. This high level music group puts in the hours and never fails to amaze at their performances. Where do they rehearse these sublime melodies and wondrous arrangements? In a kitchen of course! The life skills room serves as a home base for these troubadours as they hone and sharpen their musical talents.

The members of Fletcher Academy's strings range from 4 year seniors to middle school kids! The strings program creates an environment full of opportunity to grow talent and skills for all those with a desire to learn.

Director's Corner: Tim Browning

"My mission is to try and help students understand God's character better through learning about nature and sound through inspired music. An interesting fact about myself is that my college quartet once opened for a 4HIM concert."

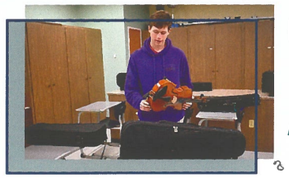

Q: What made you decide to start playing the bass?

A: "I was an expendable cellist, so I was the first to get downgraded."

Q: What's an inside joke only FA strings players would know?

A: "Oh no! The violas have the melody."

Strings Fest 2023

Practicing all day, hours at a time, to ice baths with my man James in the hotel. That's the life.
-Zach Fritz

Strings tour..."was an experience full of constructive criticism. Like, "Let's start at letter O, as in O my goodness that was terrible. But less worse...""
-Amy Cote

Redemption and Exaltation

1 Why did you join bells?

I originally joined because the group really needed people, but i kept doing it because bells is so enjoyable and rewarding.
-Melody Browning '9

2 What's your favorite part?

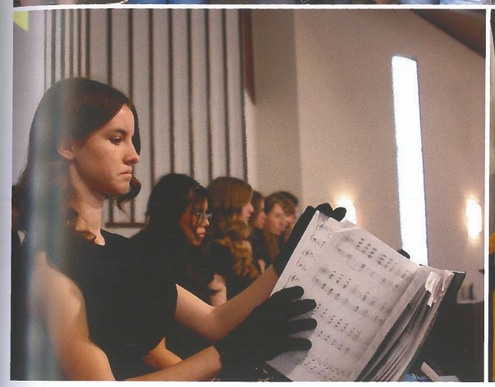

Practice is just really out of pocket. It's hilarious because we're all just joking around and having fun. - Keri Bates '12

3 Least favorite part?

Since i am in Redemption the time that we play is right after dinner (5:45-6:15) which is a very awkward time to have an extra curricular and it is easy to forget about.
-Tesla Dobson '9

4 Favorite song to play?

My favorite song to play is definitely how great tho art when we play it with choir and band.
- Ethan Walters '9

5 Favorite performance?

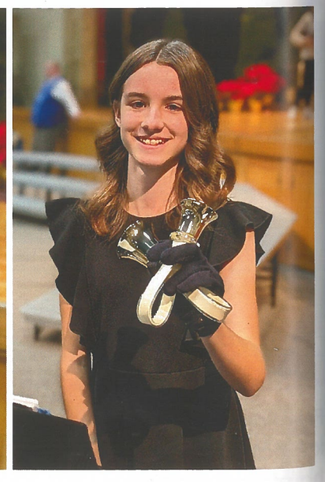

My favorite performance so far was definitely Christmas Concert. I really liked the festive songs!
-Micah Burgin '10

6 Funniest memories?

One time we went out to a mexican restaurant and we all ordered soda like normal human beings and then out of nowhere Seth asks if he can have his in a bar mug. Needless to say, we were all confused and amused.
- Kristen Bates '10

Let it be known that I'm down bad for the base bell boys.

-Seth Gibbs '10

CHOIR

When walking into the choir room during a practice there are a few things you should expect ranging from back massages to loud bases to warm ups that sound like a group of monkeys. The experiences are always unexpected and unique as students learn new music and make more memories..

Q: How do you prepare for performances?
A: I pull out my fire truck siren skills and bring as many lozenges I can fit in my pocket. -Keri Bates

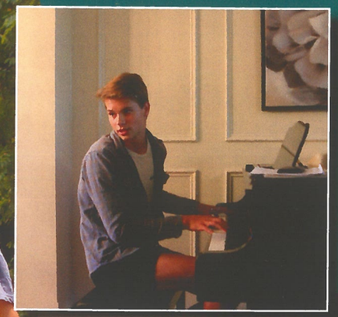

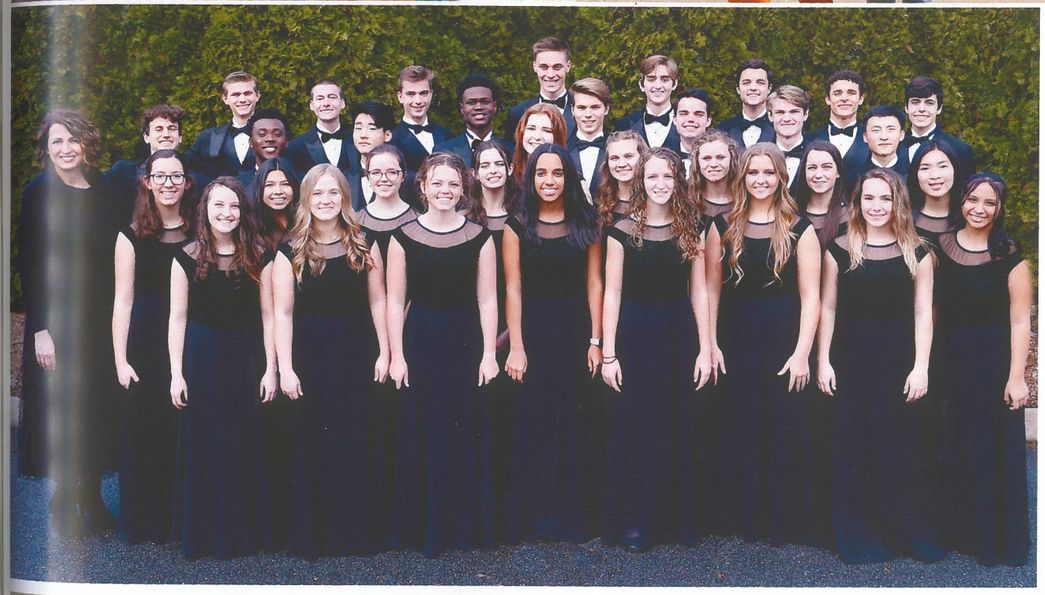

"The amazing thing about choir is that many voices unite as one, to touch peoples hearts"
- Lillah Figueroa

"11th Hour is a great place to express yourself, and is the only class the teacher tells you to be louder"
- Michelle Perez Gr 11

Q: How do you prepare for performances?
A: I channel my inner Shapay Evans... MAA!! MAA!! *Jazz Hands* -Kylie B. Roof

11TH HOUR

"Challenging my 11th Hour students to learn and perform difficult songs is something that they always welcome and embrace fully. They step up to the challenge every single time. I couldn't be more proud of them and the hard work they put into the group and our ministry which glorifies God and brings Him into the hearts of our listeners through their music." - Mrs. Pettit

What part do you play in the BAND?

"I got into clarinet because my mom literally forced me to."
-Janice Hong

I love Band because I'm with my friends playing really fun music. I like having the really deep part that adds some 'oomph' to the songs. The percussionists have a lot of fun in the back of the room as well. While Cruz is helping another section, we'll be in the back poking fun at each other, mostly Elijah. It's great.
-Melody Browning

"Some people in band need to go back to kindergarten."-Emma Barnett

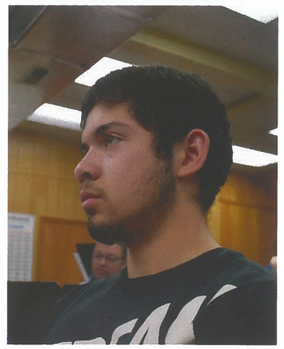

Director's Corner: Carlos Cruz
"My mission is to teach the musicians of tomorrow, and an interesting fact about myself is that I can fire breath."

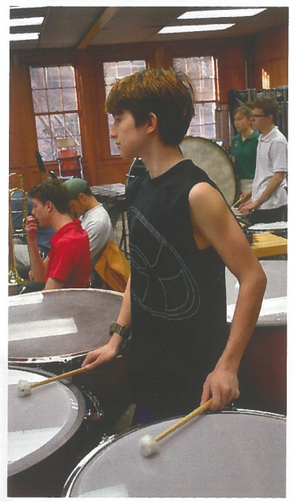

"I chose to learn trumpet and viola because friends put the desire within me. Now I can go to strings music clinics and band tours. I have found that playing in band and strings is very rewarding. It is good to get as many skills as possible"
-Mark Mapes

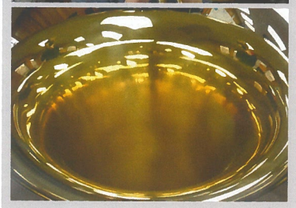

"People are like clouds, once they are gone, it is a beautiful day."
- Jerald Bradford

The Girls Dorm

The ins and outs of the girls dorm here at Fletcher are very interesting to. You will always hear screams of laughter coming from Cesia, Angelee, and Addison's room. Then you will see Keri marching her way down the hall to scare them into silence, or to just make them laugh even more. Upstairs....you will never walk through the hall without hearing Morgan blaring music, it never ends! If you head back downstairs you will always see someone in the office, either it is one of the Deans, or Rachel Whalley trying to sneak into Dean Witt's house to talk to Aubrey. There is never a dull moment in the girls dorm, you will always feel a sense of love that all the girls always try to show.

Q & A

What Is Life Like Without A Gabb?
"Just call Dailen, she'll know where I'm at."
Nicole Murry gr. 11

Instead Of Homework?
We often get phone calls from the Boys Dorm.... "Oh nah, these kids again? I'm not ready to hear about your problems ."
Camila Sandoval gr. 9

How Does Dorm Economy Work?
"We might seem rich, but we're all in debt."
Michelle Perez gr. 9

"Roses are red , dorm life is crazy, this is where I learned how to be lazy."
Kristen Bates gr. 10

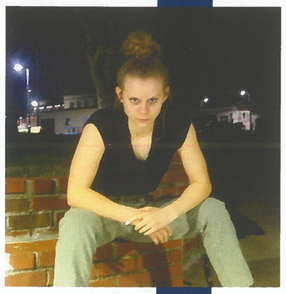

Let me pull out my book, so Mr. McQuistan knows I care about American History

Boys Dorm

The Boys Dorm provides a unique opportunity to the young men of Fletcher Academy to grow in Christ with one another under the same roof. Abiding by the standards of the dorm, boys are expected to do their own laundry, clean their rooms, goof around, and most importantly, take lots of showers. - Sam Morales

"Its not a cult its a Brotherhood - Christian D.

FRESHMEN OF 2026

Our class is just built different.
- Stephen Learned

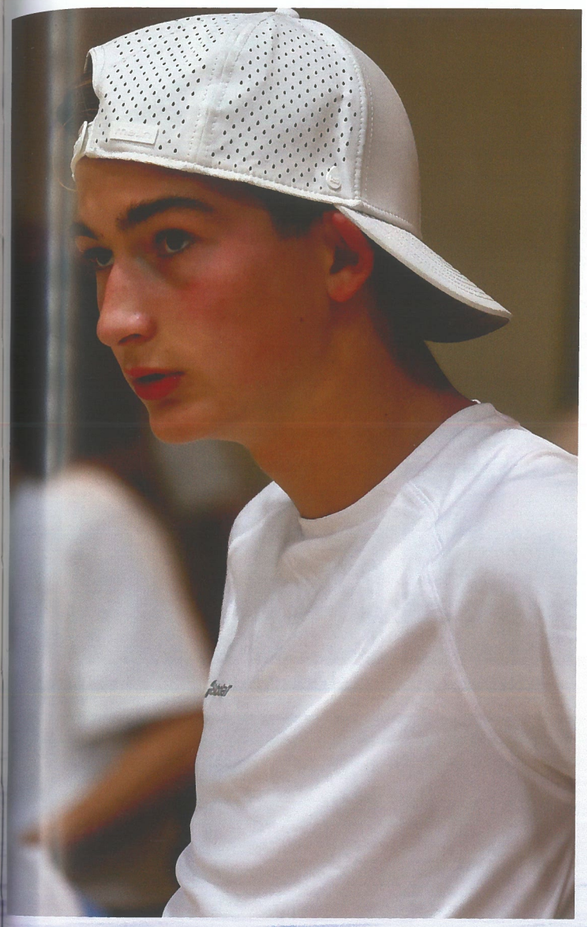

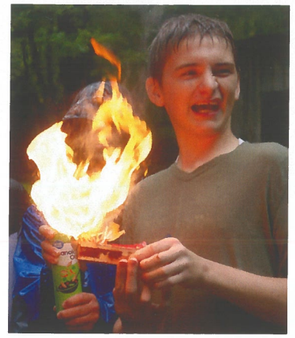

Our school is about honesty and integredity so I'll be honest. My class is dumb, in one section we have paul and his friends and in the other section we have the loudest peoplle on earth.
- Kristoffer Valentine

If you think all freshmen are vexatious, look it up, you're right. At least we have fun being so.

SOPHOMORES OF 2025

"Lava is the earth's pizza sauce, and the dirt and trees are the toppings"
- James Smith

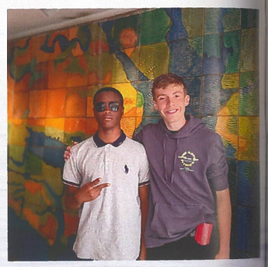

A Word From Our President:
"Some would say that a class is defined by their achievements, but I would argue. Genuine character is what makes a good class, and we have it.Every class has bad days, but what I'm proud to say is that on any of my bad days, I feel I could turn to the desk to my left or right and talk about it. That's the beauty of our class. Every class is in high school but we're in it together."
- Seth Gibbs

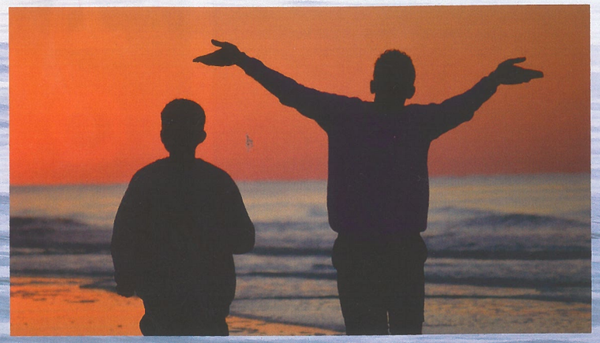

"You ever been to the zoo and seen monkeys or otters? Well, walking into sophomore bible is essentially the same experience, just without paying admission."

JUNIORS OF 2024

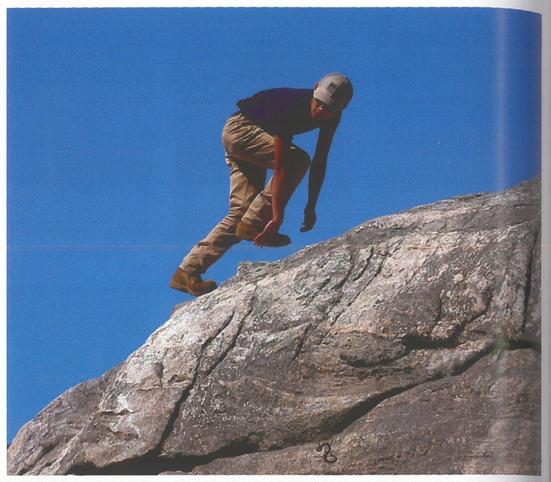

"Our class has grown into a mass of unique personalities and crazy energy." -Abbi Sutton

I love being a part of the Class of 2024! Over the course of three years, we have grown closer, funnier, louder, bigger, and wiser...well...maybe we're working on the wiser part, but we have definitely learned how to work together, which is definitely an improvement from Freshman year. Also, our class's spirit is on point!

-Avary Hodges

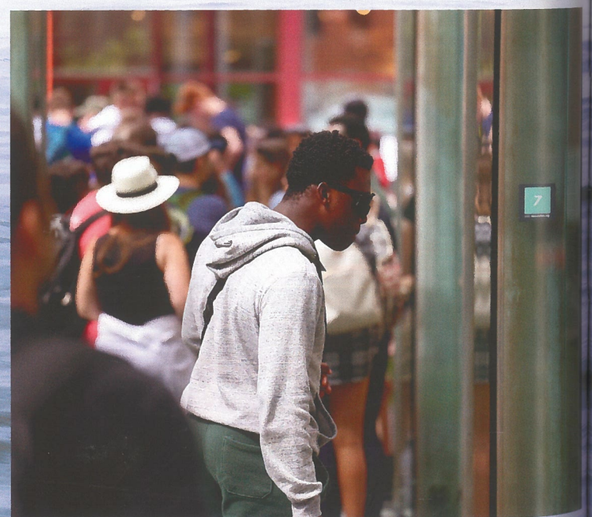

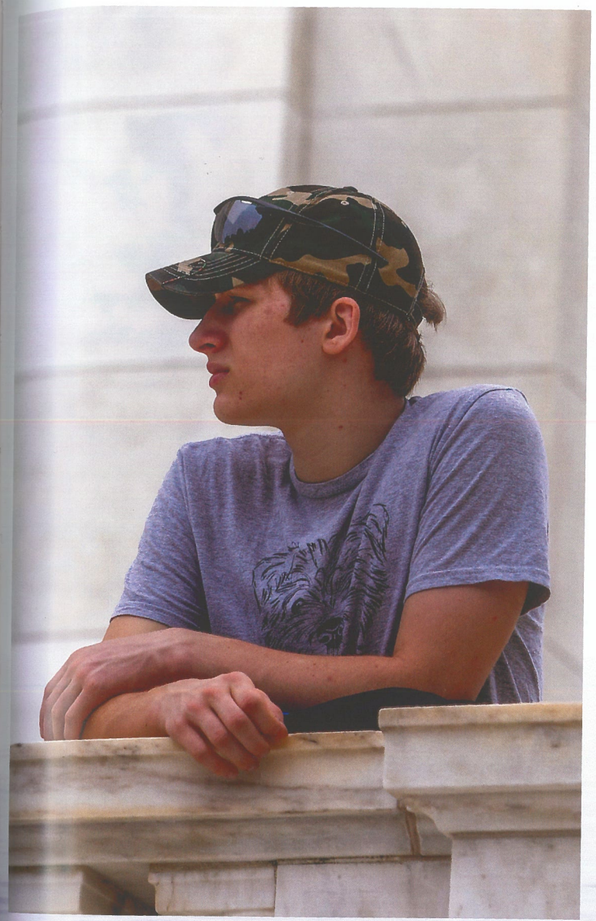

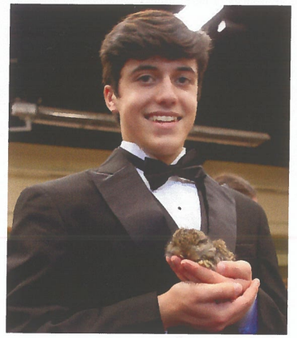

"Our class works for everything we do, and even if we fall short we will always try harder and put all our effort to get what we want."

-Sarah Nunez

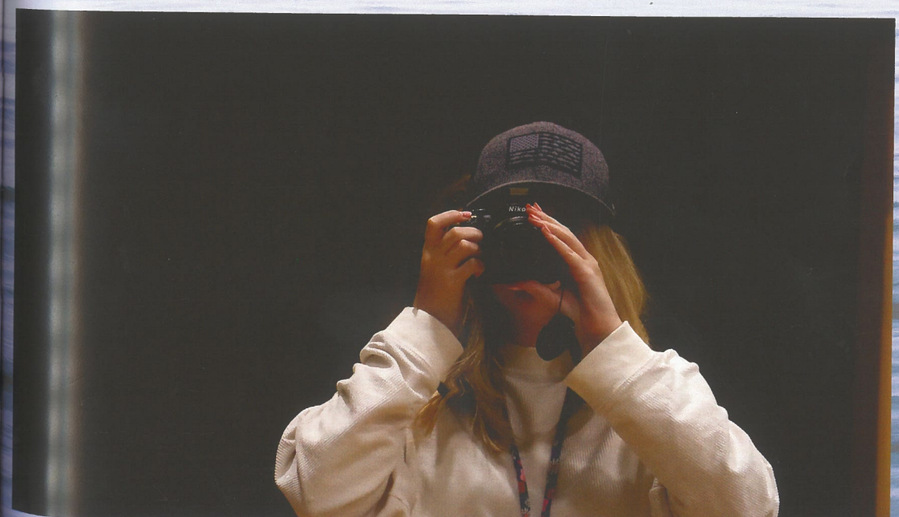

"The bunnies were so soft and cuddly...I felt so loved."

-Matthew DeOliveria

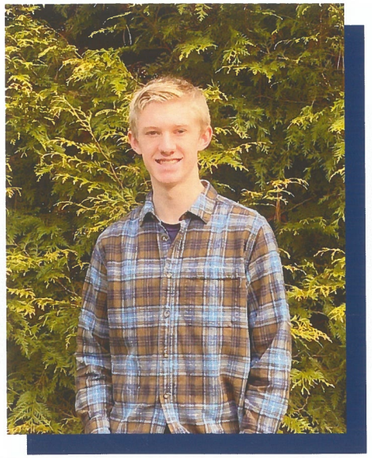

"The special class of 2024 definitely has the widest range of interesting, funny and clueless people."

In the Dungeon of Despair...

"An absolutely deathly aroma wafted into the air, someone, an absolute fiend had opened the fridge of doom! Leaving your fridge open at our house might make your parents mad, but in this situation it was a matter of life or death."

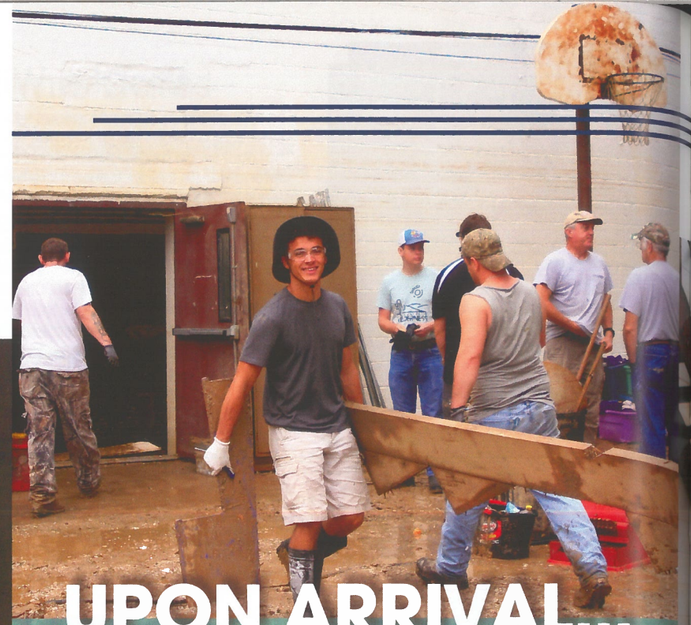

- Anna Schneider

"DESTROY!"
-Andy Cote

UPON ARRIVAL...

There we were, awestruck, staring at piles of items being collected and organized. Nothing could have prepared us emotionally for the devastation we saw among the affected communities. The flood waters managed to damage the third story of some buildings. Those in the community kept a hopeful spirit, sharing and showing kindness despite the discouragement and destruction they faced. The high morale of those who had lost everything was inspirational. With spirits lifted, we stepped out in faith knowing God would give us the strength to push through the day, working hard and making an impact.

GETTIN' AFTER IT, STRONG WORK

KENTUCKY CLEANUP

-Change in Perspective-

"I don't often trust my classmates, but when I do I choose life threatening situations. Trusting upon the not so everlasting arms of my "friends" gives a thrill no drug ever could. In all seriousness though, trust is important in life though the risks are great - much like a 10 foot drop."

-Rachel Gibbs

TEAMWORK

The seniors thought that they would have to do all of the work on their own, all 23 of them. Little did they know that a giant football team was coming to help as well. Teamwork makes the dream work.

POSITIVITY

Despite the hours of long work, everyone kept a positive attitude at every site they worked at despite the heat and physical labor.

PODS

The PODS were an alternate option given for those who didn't want to work outside. It involved helping people shop and organizing supplies.

SURVIVAL

The seniors were still able to have a senior survival experience with some of the games and challenges Mr. Bass usually has them do.

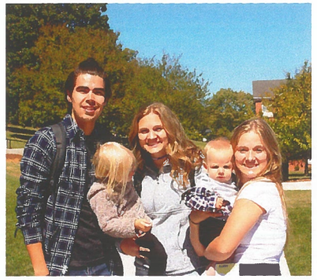

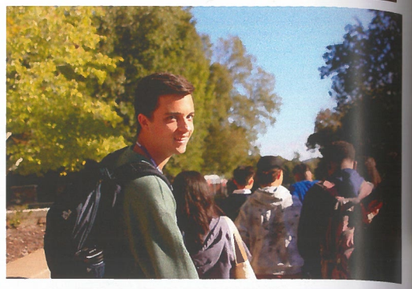

Senior survival allowed for old friendships to be strengthened and new ones to be made. During our time in Kentucky we met Eric the EMT. An immediate bond was made. He won over our senior class by offering free T-shirts to remember our time in Kentucky. His connection with our class has endured throughout the year and he has basically become our class mascot.

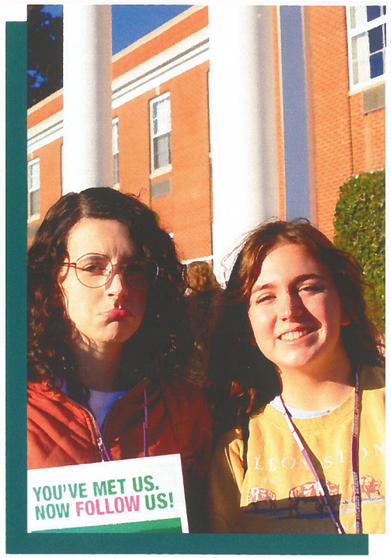

Major Decisions . . .

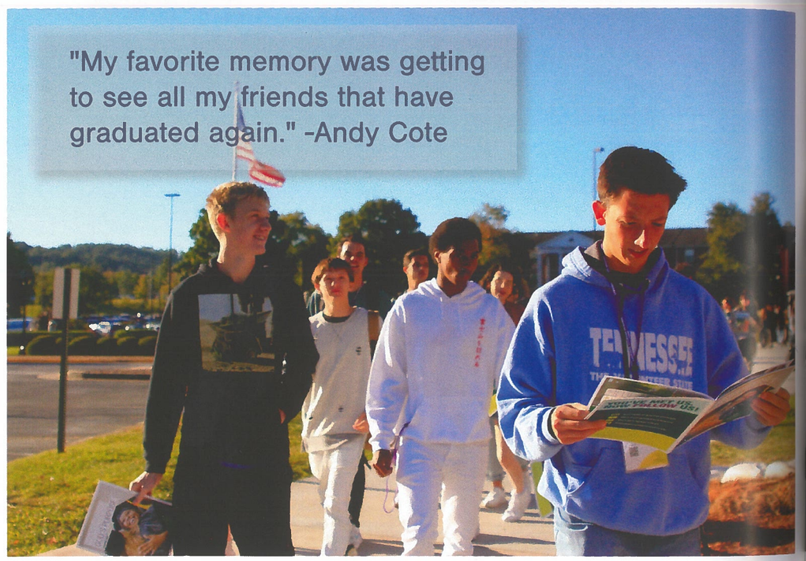

View Southern was a eyeopening experience for college life expectations. Students visited the dorms and toured various departments to learn more about their intended majors and prepare for a **change** in pace.

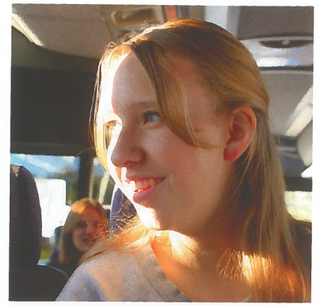

Southern's hospitality was found to be immaculate, especially the golf cart driver, and the gym masters. ;)

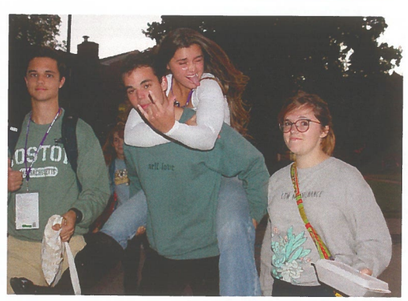

view southern

"I greatly enjoyed the SAU Film Studio Prop/Costume collection!"-Adrianna Esteves.

"View Southern was full of lot's of memories, from the slide in the student center, to the mega-bed." -Anna Schneider

"Taking weight off of her foot and her heart."
-Sled Dogs

MISSIONS IN THE DOMINICAN

Why in the world, 3 AM?! The question was running through everyones mind. What kind of trip is worth leaving for at 3 AM? IN THE MORNING?! After absolutely clopping the competition at Winter Olympics, the senior class began their trip with minimal a amount of sleep, a passport, and no clue of the exciting adventures heading their way.

Roses are red, violets are blue, I want some coconut water, how about you? -Peyton Meadows

I never understood the full value of teamwork and perseverance until I took on this project with Kylie. I'm so thankful Kylie and I were lucky enough to bond over permanently painted hands, paintbrush hardships, and sweat and tears. (Also thanks to Mrs. Acevedo for the paint!)
-Alaina Zill

VBS Adventures

GOING TO THE SCHOOLS WAS SO FUN AND AMAZING...

Even though we couldn't communicate with the kids, they just wanted to go everywhere with us and were so sweet. The little girls were so giving too, a few of them gave me their bracelets because my other ones got taken. Brooke also exemplified the idea of giving with chunks of her hair and her beloved chips. - Morgan Miller

"It was quite the site to see... one minute Kroeper is on the absolute grind shoveling concrete, the next ya know, he is riding away with a stranger and a coconut in hand ."
- Kylie B. Root

I had a great time on class trip to the Dominican Republic! It was a great chance to have fun and bond with my class while helping spread the love of God to people who might have never heard of it otherwise. I had a lot of fun working on the church. I really enjoyed the hard work. It was great to know that I was helping to change lives. I also had a lot of fun at the school playing with the kids and sharing Bible stories with them. I also enjoyed going on a boat into the ocean. Swimming in the ocean was a lot of fun.I got to see starfish as well as hold some of them. I could easily stand, so another fun part of the ocean was getting to throw Acro moves without worrying about people getting hurt. I loved going on class trip and bonding with my class!
-Andy Cote

I was very nervous to be speaking in front of a lot of kids by myself (as the only Spanish speaker), but God was very gracious and loving that he placed me with friends that helped me relax and assured me that I wasn't doing this alone. God led us through the entire thing, and it was such a blessing to have experienced something so wonderful and uplifting that brought us and others closer to Him. -Adriana Esteves

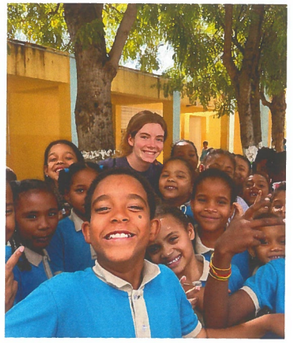

More Than A Mission

I definitely had a great time with old friends and ended up making new ones! - Sam Morales

A VBS Celebrity

Communication and Connections

"The best part of VBS was the kids, even though I didn't speak a ton of spanish they still thought I was the best thing since sliced bread. Somehow all the kids knew my name before I even visited their class rooms. I never thought that asking what's your favorite color would become my biggest conversation piece. Overall I'm super glad I went to the DR."

"Thank you to the faculty and staff of Fletcher Academy for your hard work and dedication in molding the minds of our students. Your commitment to providing high-quality education, both academically and spiritually, is evident in the dedication we see from you inside and outside of the classroom. Students will remember the impact you had on their lives for years to come. Your ability to inspire and guide our students is truly remarkable and greatly appreciated. Keep up the fantastic job!"

STAFF

If they weren't **A TEACHER** they would be...

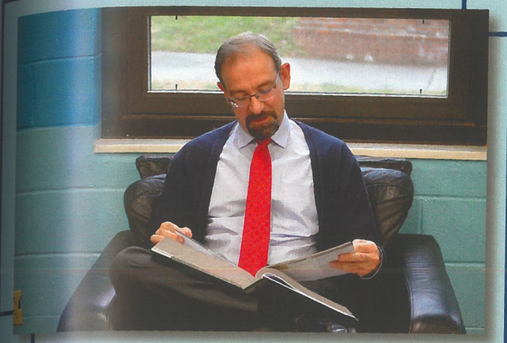

The staff of Fletcher Academy have been perfectly placed here on campus. Each of their personalities have a special role in the students everyday lives... However, We can't help but wonder where they might be if they did not work at Fletcher Academy?

COMMUNITY SERVICE

-Different Perspectives-

Community service day helps students to work as a team. Learning to solve problems and communicate with one another helps classmates to grow and take ideas into a whole different perspective. Helping others in the community gives a sense of appreciation to students, especially after looking back at what progress has been made.

UNITY

Amongst all the chaos at the children's museum, there was never a dull moment. Students worked together to make sure that every child was having fun, even if it meant letting them splash you at the fishing pond.

POSITIVITY

Despite all the hard work that had to be done, positivity filled the room, no matter how tough the job.

DEDICATION

The amount of food needing to be organized into individual boxes at the food bank was overwhelming at first, but with a little time and effort, they made a lot of progress!

DETERMINED

All the items needing to be sorted through made them feel swamped...Boxes stacked upon boxes full of donated goods. Though there was a lot to accomplish, the group was determined to push through.

"During community service day, my group sorted through all sorts of things; from Christmas stuff like ornaments, to rubber ducks and plates that looked like they were from grandma's house. Community service day ended up being like a team building exercise for my classmates and I, but the best part of it all was the feeling of helping others and the fun we had doing it." - Bailey Root , Gr. 9

TEAMWORK

Once a year, Fletcher Academy sends groups of students out into the community to lend some helping hands. Students don't exactly know what they've signed up for, but tackle whatever task is thrown their way From decorating Christmas trees 2 months in advance, to sorting through donated items in a thrift store, students make do their best to make an impact on our community in everchanging ways.

"The best part of Community Service Day was competing with Sam Morales to see how many kids would check out at my pretend grocery store at the Hand's On Children's Museum. I obviously won, the kids loved me more. Also, there was a fishing pond that was pretty cool, until the little kids splashed me."
- Anna Schneider, Gr 12

HELPING OTHERS, Making THE Difference

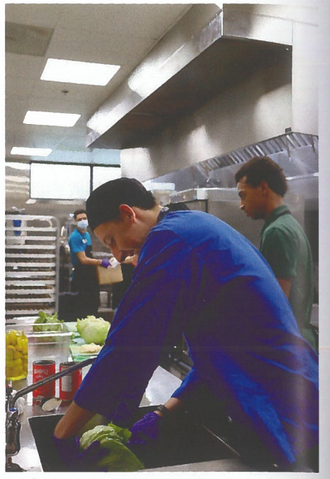

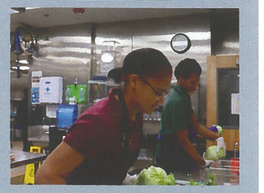

Working Hard
Or Hardly
W O R K I N G ?

While working at Fletcher Academy, students experience all the stress and excitement campus life throws at them. You can always find students grading papers, working in the café, and toiling away at odd jobs given by Mr. Bass. The students days may have ups and downs, but the work ethic on campus is always high. Whatever task is thrown their way, the students always seem to find a creative and efficient way to get the job done!

New Perspectives at the Farm

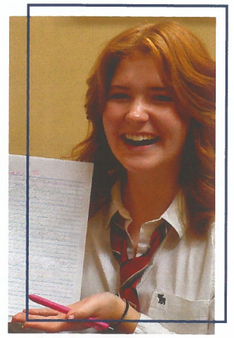

"Working at the farm offers various different types of opportunities to grow in your character and spiritual journey. Every Friday we write down ways that we see God in what we do and in the garden. I find this just one of the unique qualities about working at the farm compared to other jobs. It is nice being able to get fresh air working outside and learning to have responsibilities and applying it to everyday life. It also shows the results and fruits of your labor, which I find important because it helps teach you to do your best."
- Lillah Figueroa

WORKING WITH AN EVER POSITIVE OUTLOOK

"Working at the café has taught me a lot of life lessons. The best thing about my job is my crew."

-Matthew Thomas

Academics
Develop your mind

Trying to find an ideal balance between work, study, and extracurriculars can be quite the challenge. Because of the intense work load, students have to figure out new ways to study and learn. From McQuistan's quizzes to Sigs's math homework, there's always something to study for.

How Do You Study?

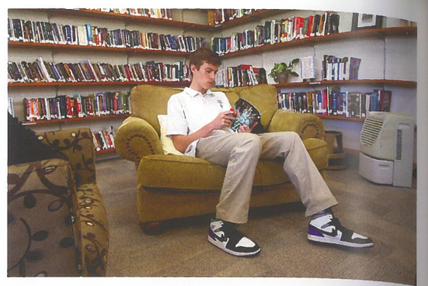

"The library is my favorite place to study because I can focus easily.... And because there's candy."
-Emma Barnett '9

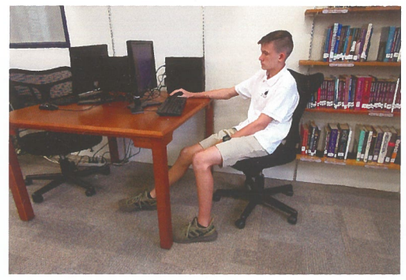

"I don't study, and I have pretty average grades, but that's ok. Don't be like me, kids. Turn in your homework."
-Eve Stoica '11

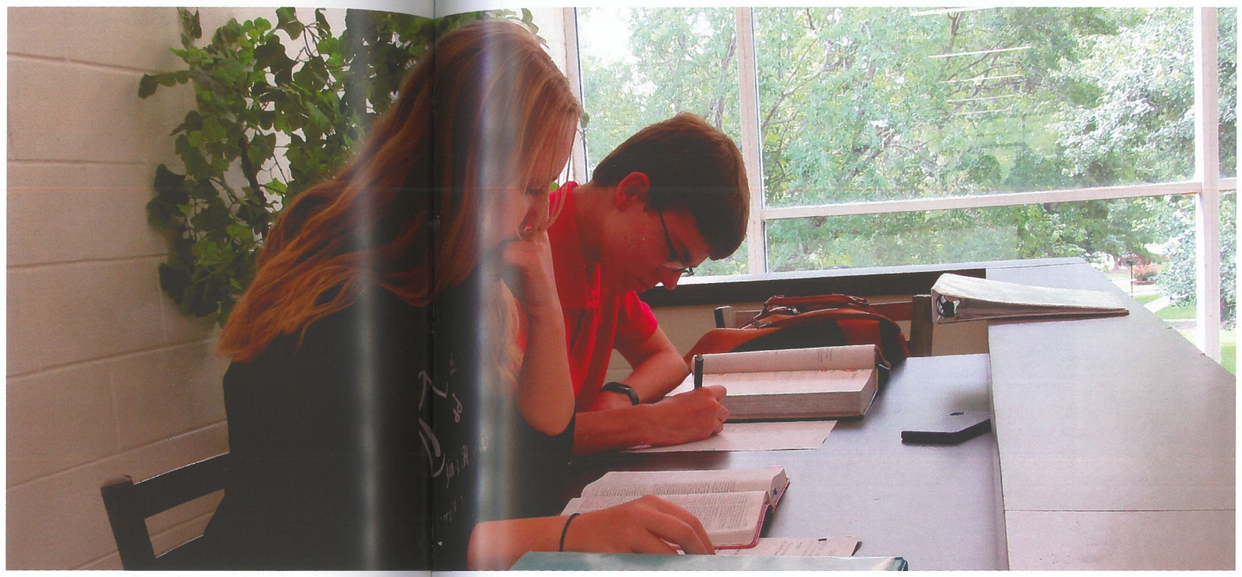

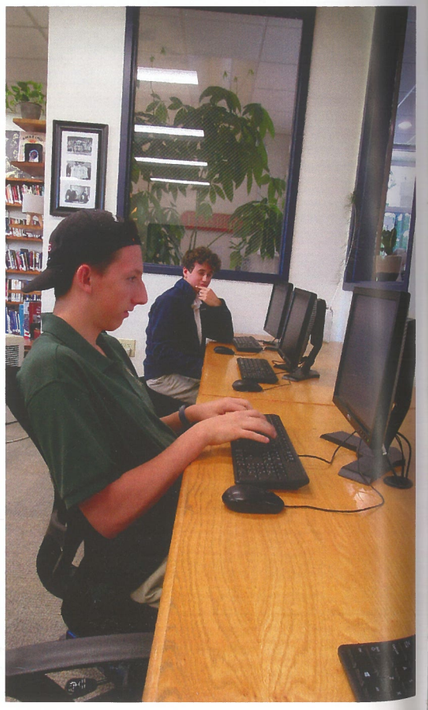

"First I pray, then I put on some quiet music, tell myself I got this, try to relax as much as I can, and then I just go for it. "
-Adriana Esteves '12

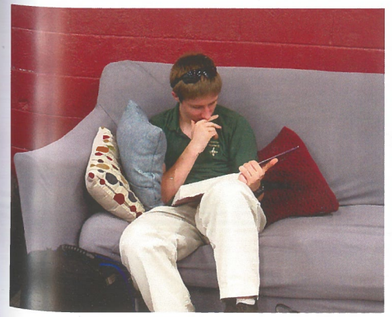

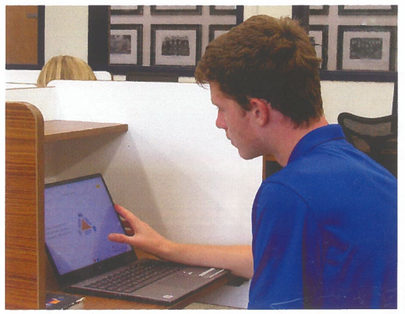

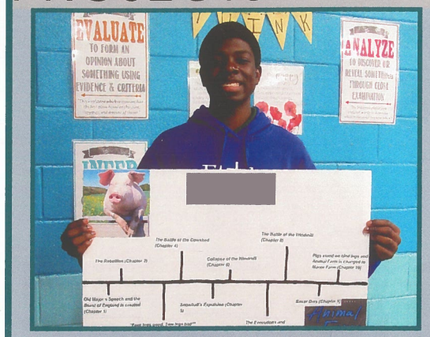

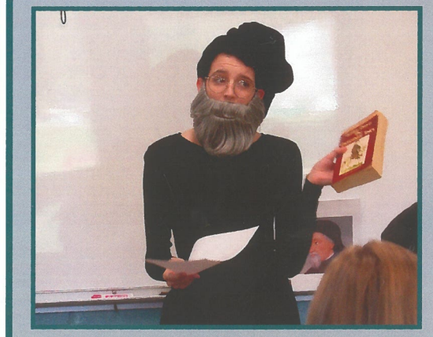

PROJECTS

One of the defining moments of sophomore year is getting to read Animal Farm in Mrs. Turner's English class. Narden decided to create a time line of the events in animal farm.

Mrs. Henski's art class is loved by almost all students who take it. Here, Olexie is working tirelessly on her latest masterpiece.

Have you ever read Chaucer? Well, if you're in Mrs. Stout's senior English class, you don't have a choice. This year, Chaucer himself came back to tell us about his life and times.

Q Whats something you have learned while reffing for intramurals?

A "As a referee, it has always been my motto that those who can't play sports critique those who can."
...Andrew DeFluiter

On The Sidelines

Even those who choose not to participate in sports get to have fun watching the epic matches between teams, witnessing the face plant fails to the crazy slam dunks!

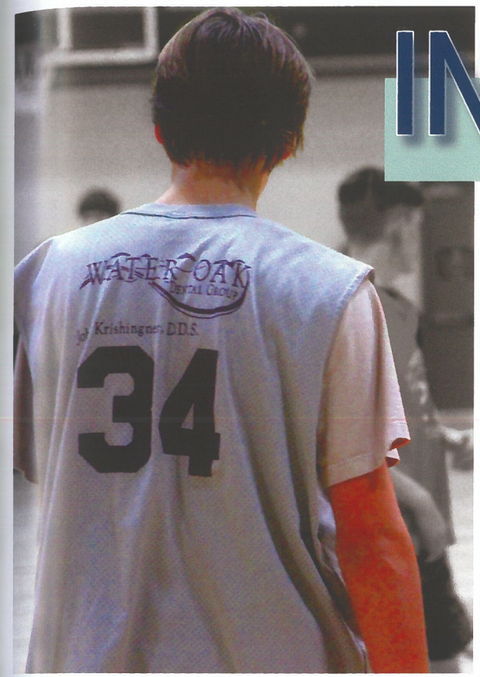

I've always liked volleyball season. It was definitely fun getting to play with my brother this year.

INTRAMURALS

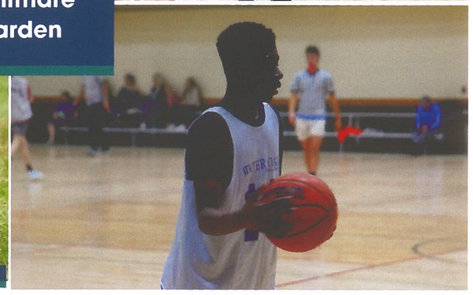

From football to volleyball, Fletcher's intramurals program provides students with an opportunity to put on a competitive face or learn how to play a new sport. This years intramurals was full of competition, exercise and even some laughter from the sidelines. Students participated and practiced sportsmanship throughout the year, creating memories and bonds within their teams.

"My Grinch face is the best thing you'll see tonight -Mateo Chela"

NAUGHTY OR NICE?

Kinsley and Dailen made a Naughty and Nice list of all the dorm boys, some of them might not have agreed with which one they were on, but it was hilarious seeing their reactions.

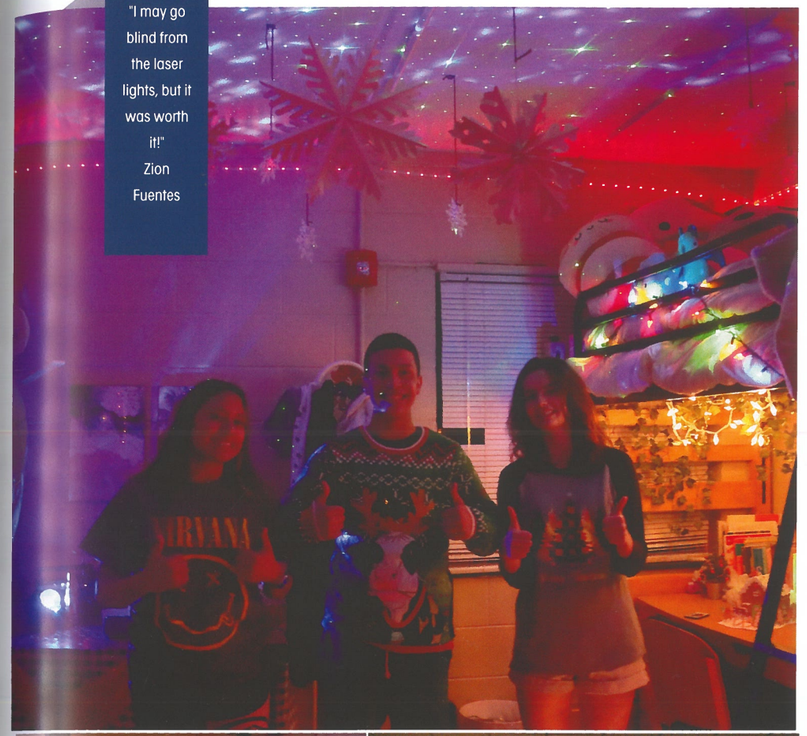

Musical Chairs

Alaina Zill has incredible skill when it comes to musical chairs, she is unstoppable, especially when the prize is a new plunger.

"I may go blind from the laser lights, but it was worth it!" Zion Fuentes

Winter Wonderland (Freshman and Sophomore)

The wonderful Freshman and Sophomore Hall won the Best Hall competition. They made sure to let everyone know with their loud screams of joy!

Deck The Halls

Every other year the girls in the dorm get to show off their Christmas cheer through creative decor and fun hall decorations. The competition between upstairs and downstairs was quite a reality, competition was intense! Lets see what the girls had to say about their rooms!

"Our Mistletoe should have been used more." Janice Hong

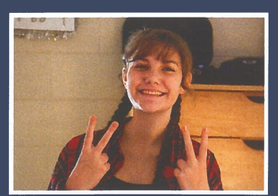

"I hope the guys didn't hit their heads as they were walking in." Victoria Boulanger

"Watching Luke Whitman ski at full speed straight down the slopes in khakis and a green crew-neck with a look of intense abject terror on his eyes, legs spread wide apart, and arms held out like superman made my day."
-Nickolas Cook

SKI TRIP

"Shred the Gnar!"
-Zach Fritz

"As the sun cast it's rays down the slope only Benji could be seen rolling down the hill."
- Mark Mapes

"This was my first time skiing and it was the coolest thing I've ever done! Thank God I didn't fall but it was very funny to see my friends fall. I couldn't stop laughing."
-Cony Villalobos

"Jaymie boarded so fast, that she had to wait for everyone else to come down the hill. They snowboard, she BOARDS THE SNOW."
- Rachel Gibbs

It almost seemed as if ski trip was not going to happen this year until mama earth pulled through. Ski trip was a mini vacation time as students honed their skills or learned new ones.

BLUE BIRD SIESTAS

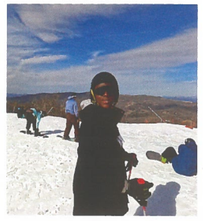

The bus ride to and from the slopes in the bluebirds were legendary, all the vintage ski lodge vibes abounded. There is nothing more iconic than the vibrating faces of those trying to nap against the bluebird windows.

Q **Do you grind the board or skis? Why?**

A I Snowboard because boarders are far superior to skiers. Snowboarding is way kooler. ...Aubrey Witt

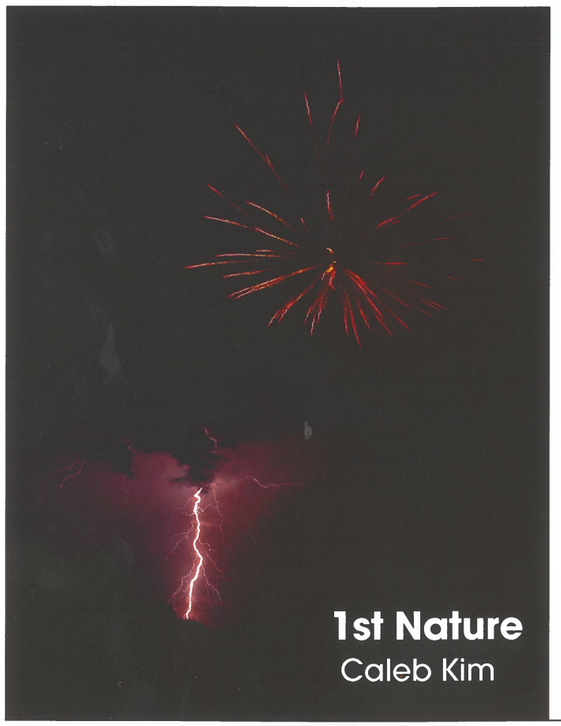

"When I'm on ski's nothing is stopping me, including little kids. - **Benjamin Edemidiong**

Photography Contest

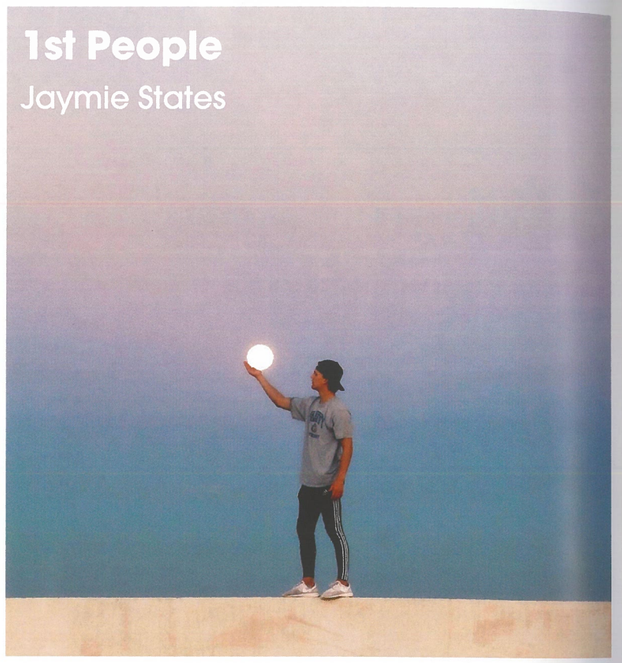

The main goal of photography is to capture not just a moment in time, but the essence and emotion behind the photograph. These students images, without a doubt, have accomplished just that.

Mini Mullets

Even though it's 2023, eighties trends have been making a major comeback.... In particular, the mullet seems to have made an especially strong resurgence. This "business in the front, party in the back" hairstyle allows the guys at Fletcher to push the boundaries of self-expression while still being short enough to not incur the wrath of Dean Rahm.

You got "**Rizz**" ?

"Rizz" is a term derived from the word "charisma" that is used to describe someone's ability to attract someone of the opposite gender. One variation of this term is "unspoken rizz", where the person in question is able to attract people, seemingly without putting in any additional effort.

Griddy

The griddy is a celebratory dance created by a collegiate football player. After being popularized by NFL player Justing Jefferson, it has spread across the nation. Now, it's not uncommon to see someone hit the griddy as they walk down the hall or after they score in whatever game they're playing.

Staff Call Them

Trends

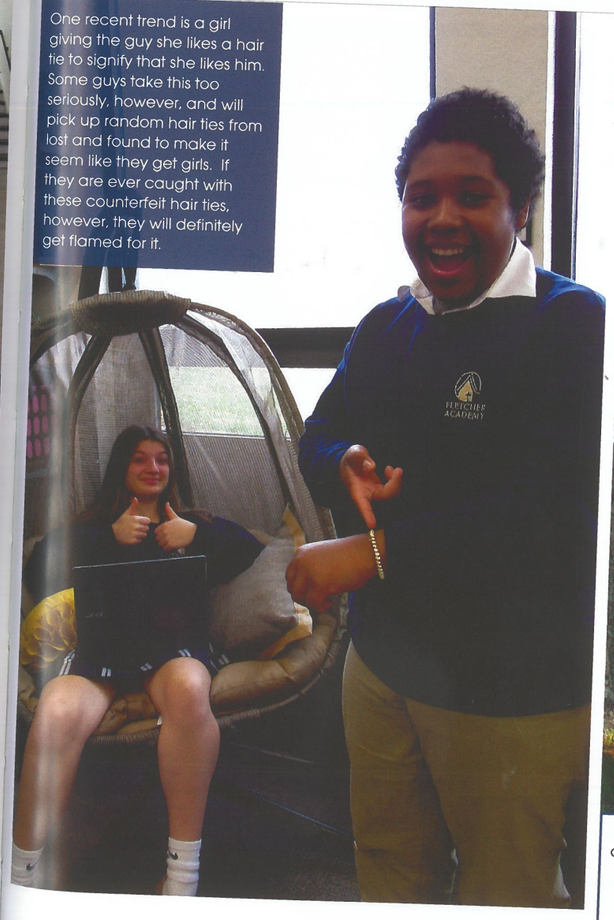

We Call It A Lifestyle

Cambridge dictionary defines a trend as "a general development or change in a situation or in the way that people are behaving". In recent years, trends inspired by pop culture and online influencers have become a cornerstone of modern teenage life. Even here at Fletcher, where the Gabb phone is the new normal, students still find a way to keep up with the latest trends.

"What is the purpose of blue light glasses?" is a question that many a fletcher student has asked themselves as they see Peyton and Aiden walk the halls. These nerdy accessories are typically worn under the guise of protecting the eyes from harmful blue light rays, but the real question is, what blue light are they afraid of being exposed to, the penetrating rays of the Gabb Phone?

One recent trend is a girl giving the guy she likes a hair tie to signify that she likes him. Some guys take this too seriously, however, and will pick up random hair ties from lost and found to make it seem like they get girls. If they are ever caught with these counterfeit hair ties, however, they will definitely get flamed for it.

When you're a dorm student, there are only so many things you can do to pass the time. Going to the gym is the perfect opportunity to kill some time while improving your overall health. This recent trend often includes the use of creatine and protein shakes to keep making gains. This means that you can't even walk anywhere without seeing someone with a blender bottle.

The granola girl aesthetic, is a watered down version of the hippie aesthetic of the 70's. You can recognize a granola girl by the name-brand outdoor clothing they wear and their grandiose health and/or environmental stances (they may or may not actually follow them). Granola girls are relatively harmless, as long as you don't get between them and their nalgene water bottle.

"I didn't decorate my locker myself. My sister and her friend decorated it for me. I really like how it turned out though."
-Daphne Amann

"The story behind my locker is simple, I don't like having a super full or heavy backpack so I usually just store everything in my locker. I have everything from textbooks to paper, to pens and pencils."
- Addison McKenzie

"I enjoy drawing pictures in class and my locker is the museum"- Nicole Dey

Probably the coolest locker decoration is in Savannah Lawill's locker. Known as a super talented artist, her skills carry over into the world of origami. She has a precisely crafted dragon residing in her locker. The bottom line is, It's pretty sick.

Phobias & Fears at Fletcher Academy

The oxford dictionary defines a phobia as "an extreme or irrational fear of or aversion to something." it seems as though everyone has at least one phobia, weather it be snakes, spiders, or sharks, to name a few. Here at Fletcher Academy, we are going to explore some of the student's most notorious phobias.

The very first time I encountered fake (veggie) meat, I didn't know it was fake meat. So I went to a church bonfire and they had marshmallows, and they had hot dogs. I was raised with meat. So I was like sweet, they got some all beef hot dogs, that'd be great! I got an all beef hot dog, or so I thought. I put it in a little bun...took a bite, and I threw up because I thought it was a hot dog that went bad, but actually later on, my friends told me it was fake meat. And ever since that day I ran away from fake meat.

- Sam Morales -

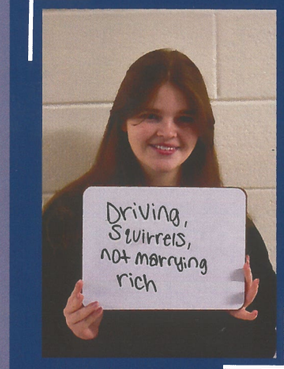

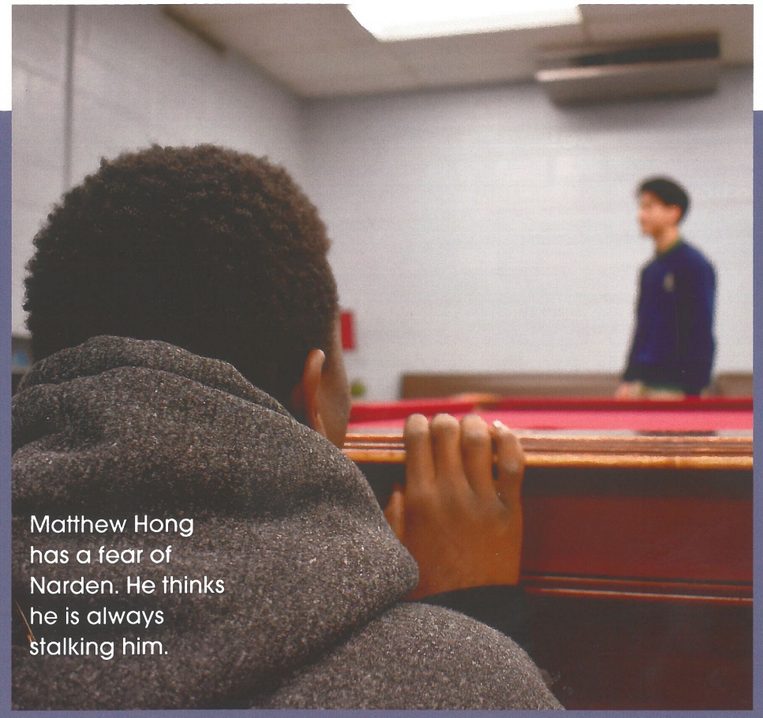

"I've had a fear of Landon Burgin since I was in the seventh grade...Why? To be honest, I'm not completely sure. I haven't done much research about the creature, but all I know is that it sends a shiver down my back anytime I even see him in his natural habitat. I'm Nicole Dey, and I approve this message."

"When I was a child I was attacked by a large number of ladybugs. I was surrounded and outnumbered and I will never forgive them."

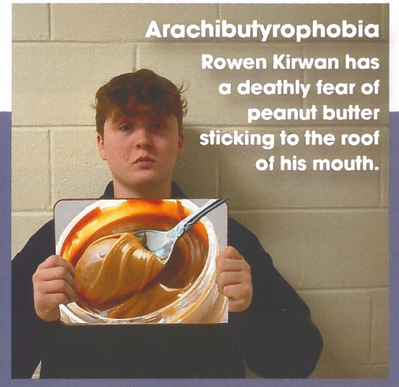

Matthew Hong has a fear of Narden. He thinks he is always stalking him.

Emma fears the dish room

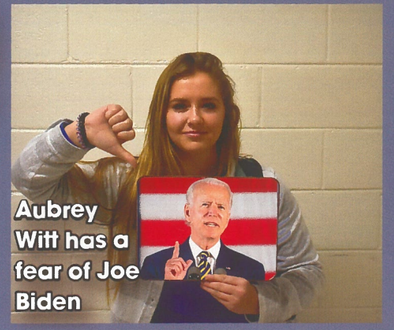

Hadassah has a fear of Toilets.

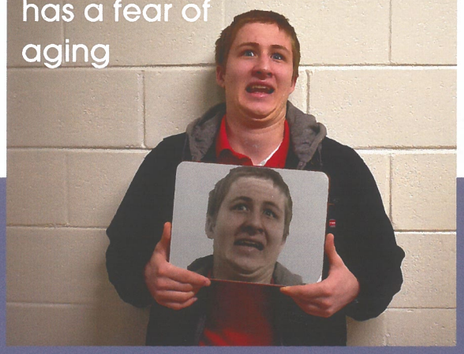

Arachibutyrophobia

Rowen Kirwan has a deathly fear of peanut butter sticking to the roof of his mouth.

Aubrey Witt has a fear of Joe Biden

Ben Kimbro has a fear of aging

Aaron Taylor has a fear of the female species.

YEARBOOK STAFF

I'm really proud of our Yearbook Staff this year. We may have lacked in numbers, but the **ever changing** challenges we faced allowed us to bond closer as a team and learn to work together. The incredibly encouraging and funny atmosphere of this group is truly underrated. The persistent and hardworking motive behind every staff has allowed us all to connect with each other and create a book we will all remember.
